

# SOUL EATER

## 20 Post...

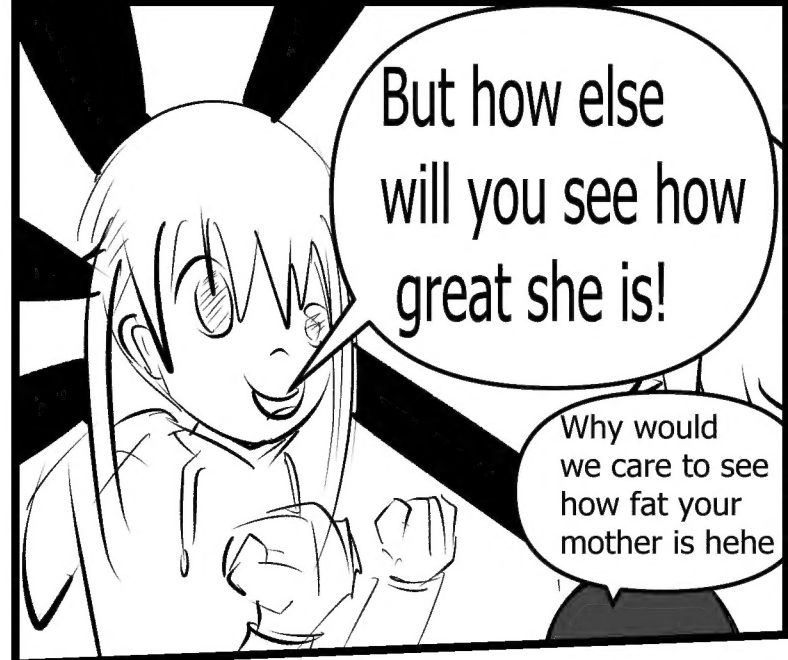

**Mother knows best? Reality will  
do the checks.**

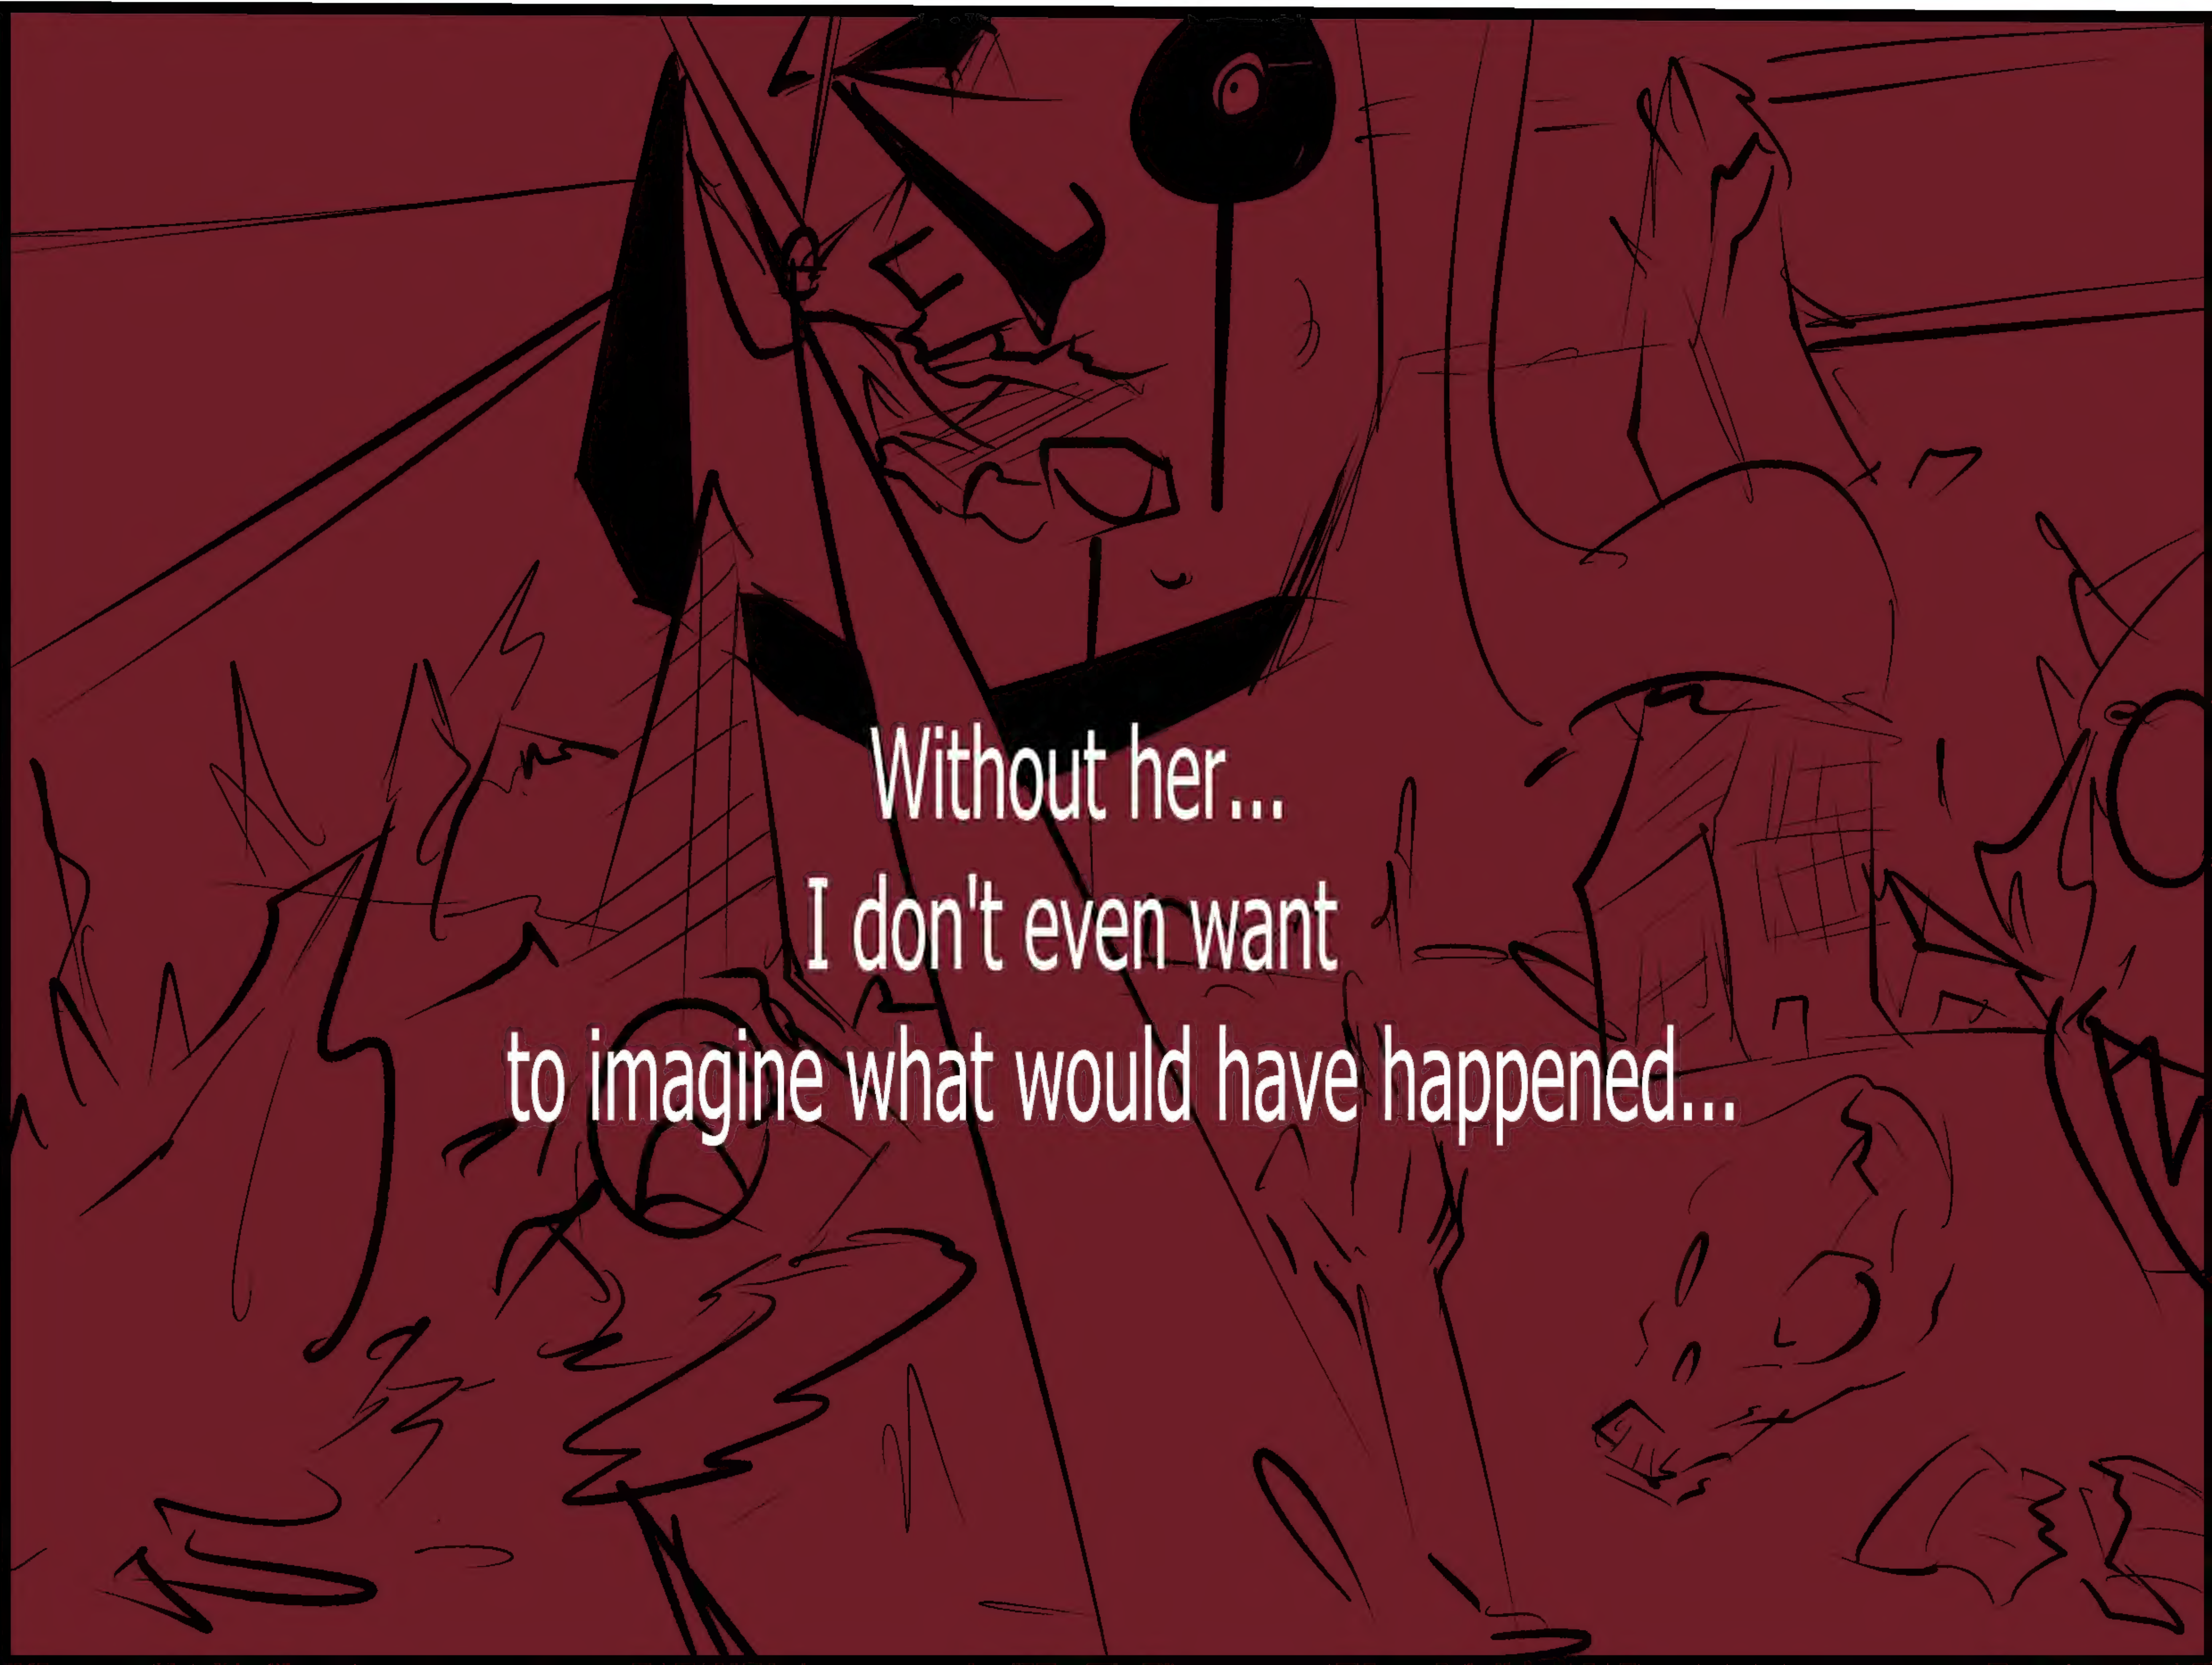

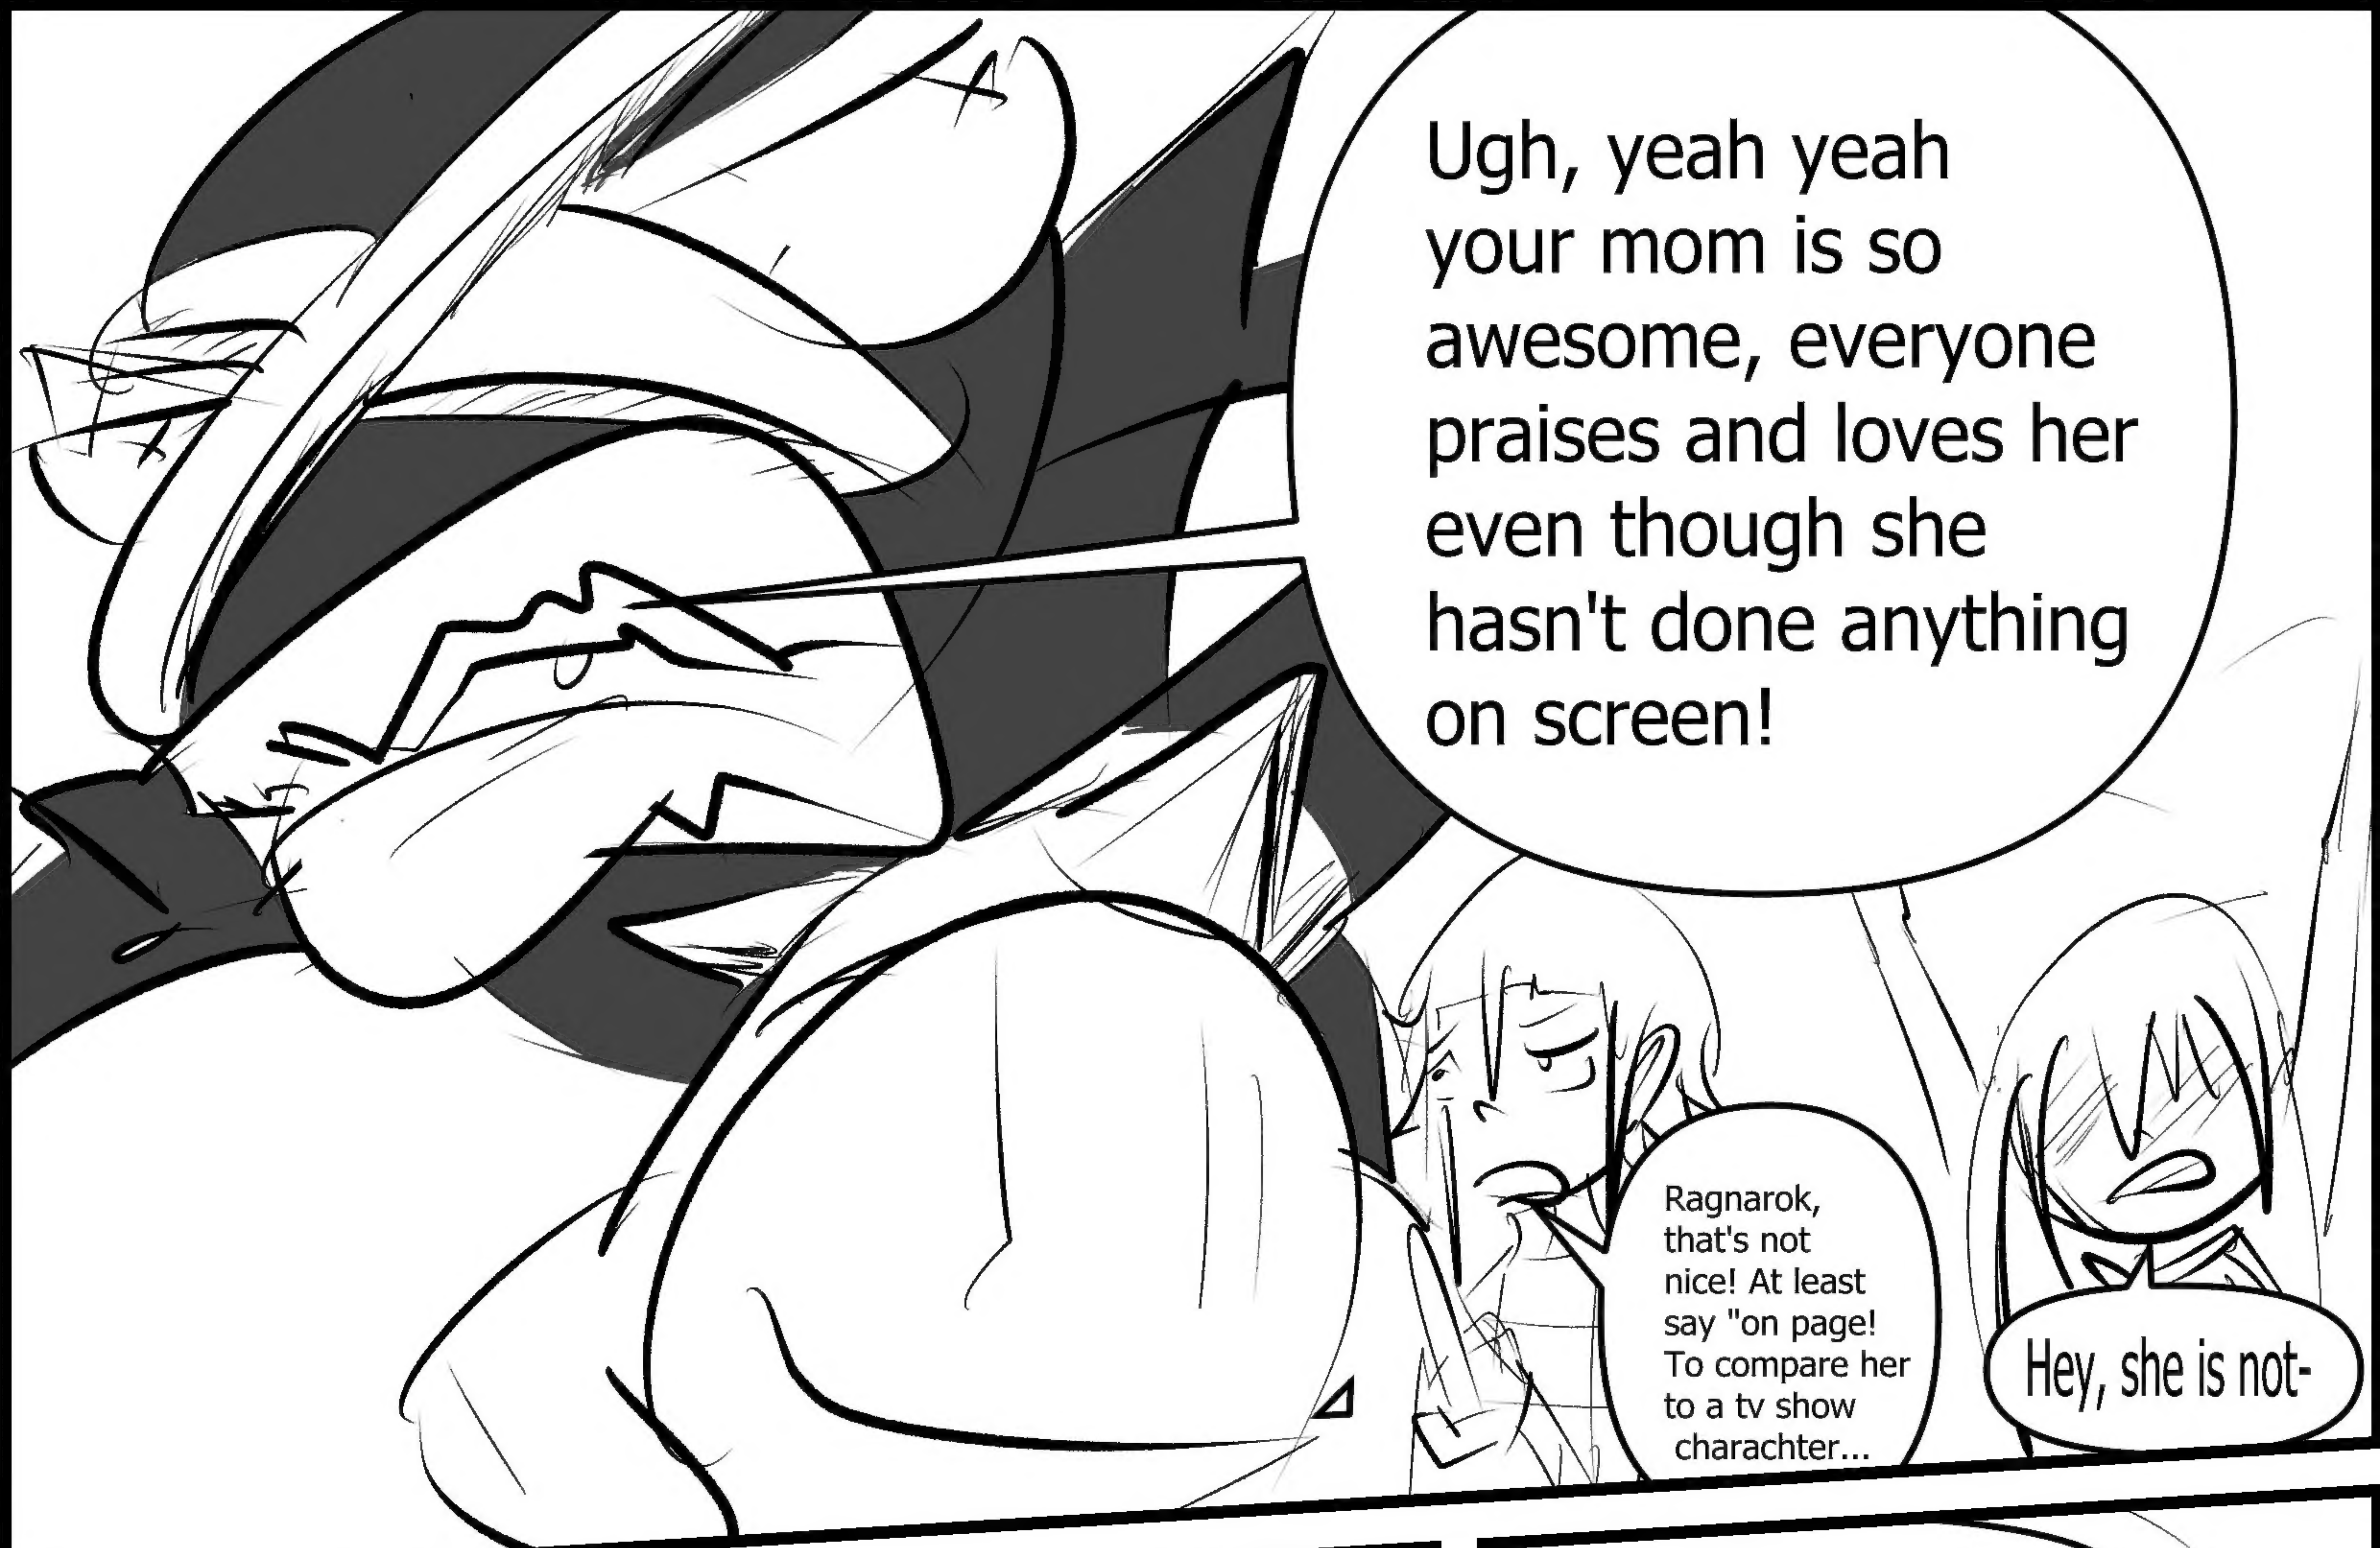

To do the impossible in the face of absolute horror...  
The lesson that literally saved the world....

Without her...  
I don't even want  
to imagine what would have happened...

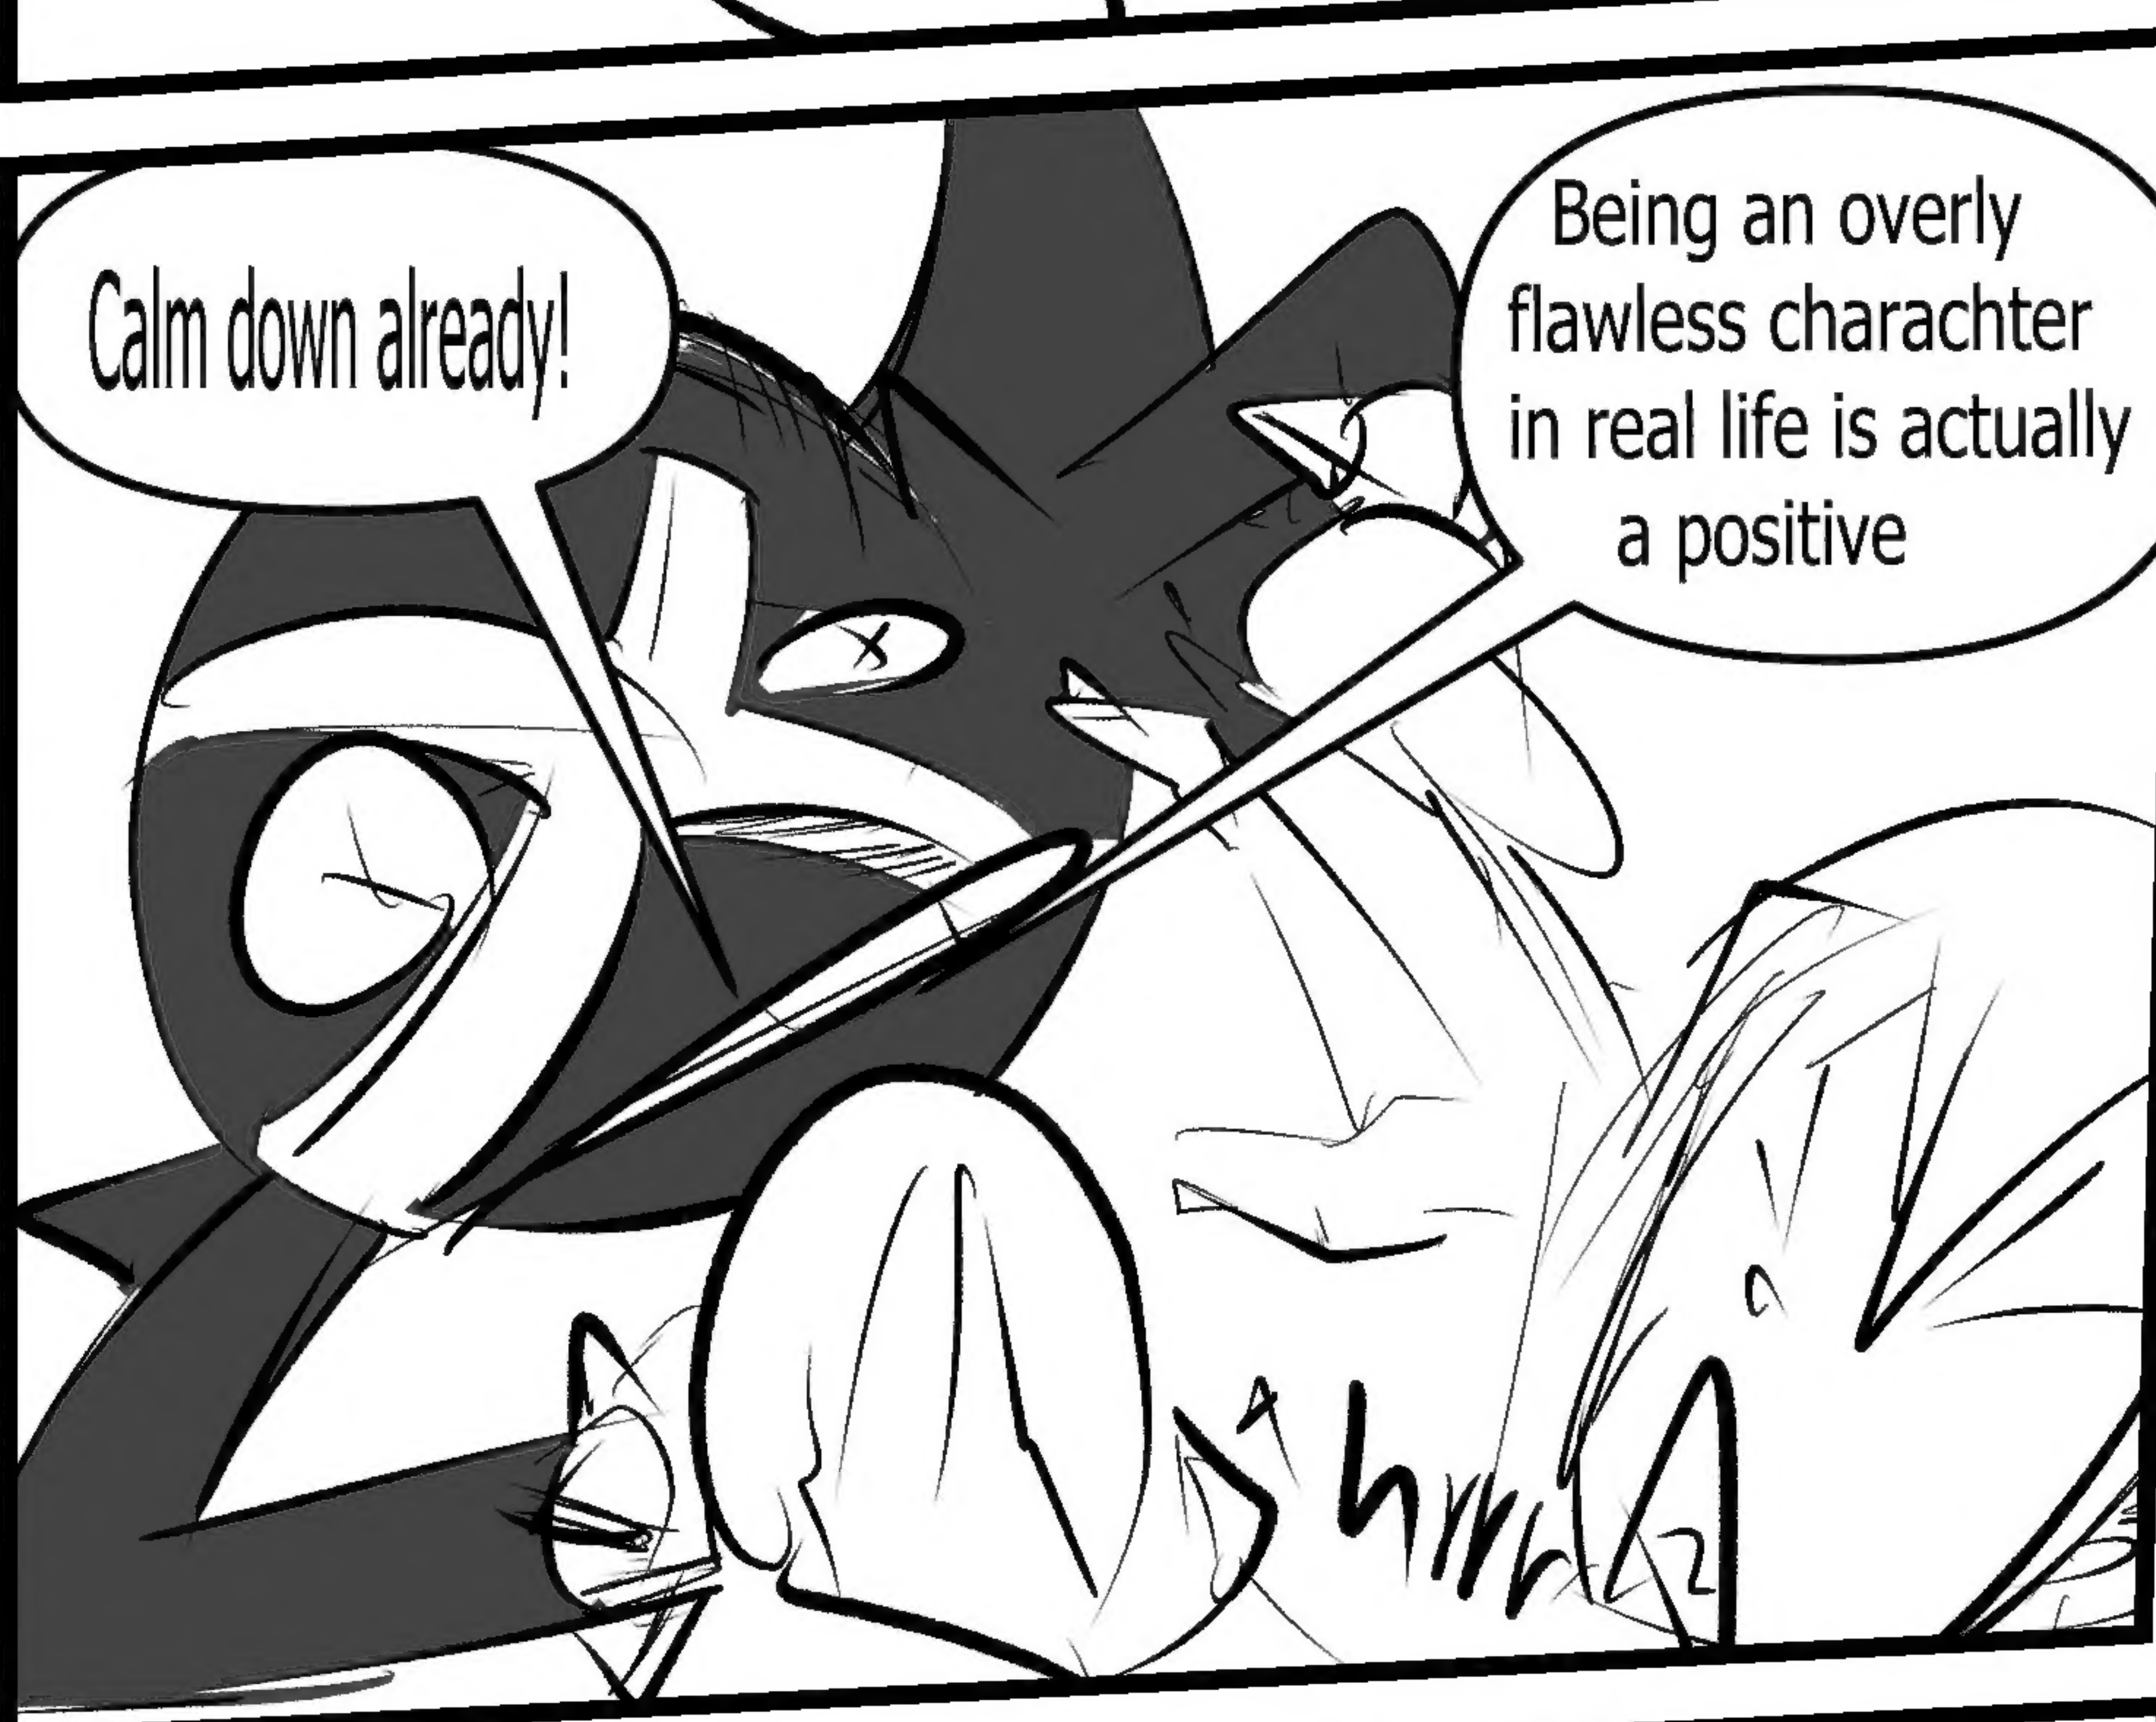

Ugh, yeah yeah  
your mom is so  
awesome, everyone  
praises and loves her  
even though she  
hasn't done anything  
on screen!

Ragnarok,  
that's not  
nice! At least  
say "on page!  
To compare her  
to a tv show  
character...

Hey, she is not-

Calm down already!

Being an overly  
flawless character  
in real life is actually  
a positive

Oh looking at it in that way...

And I don't say that she is totally flawless, just  
the closest thing to it that I know

Oh, I may understand  
what you mean, because  
besides abandoning you,  
she really does sound like  
an amazing person

Wait a minute,  
she didn't a-

I mean she did leave-

IT WAS MY PAPAS FAULT FOR BETRAYING HER IN SUCH A HORRIBLE WAY! THAT JERK, HOW COULD SHE DO THAT TO HER?!!!

O-of course that is terrible but....

If you gonna say what I think...

I don't know if you finally became brave or even more stupid hehe

Wasn't the divorce also hard on you, especially when you were left alone-

What are you implying Crona?

Eh- eh- nothing!

Y-you know how I just say nonsense sometimes, hahah....

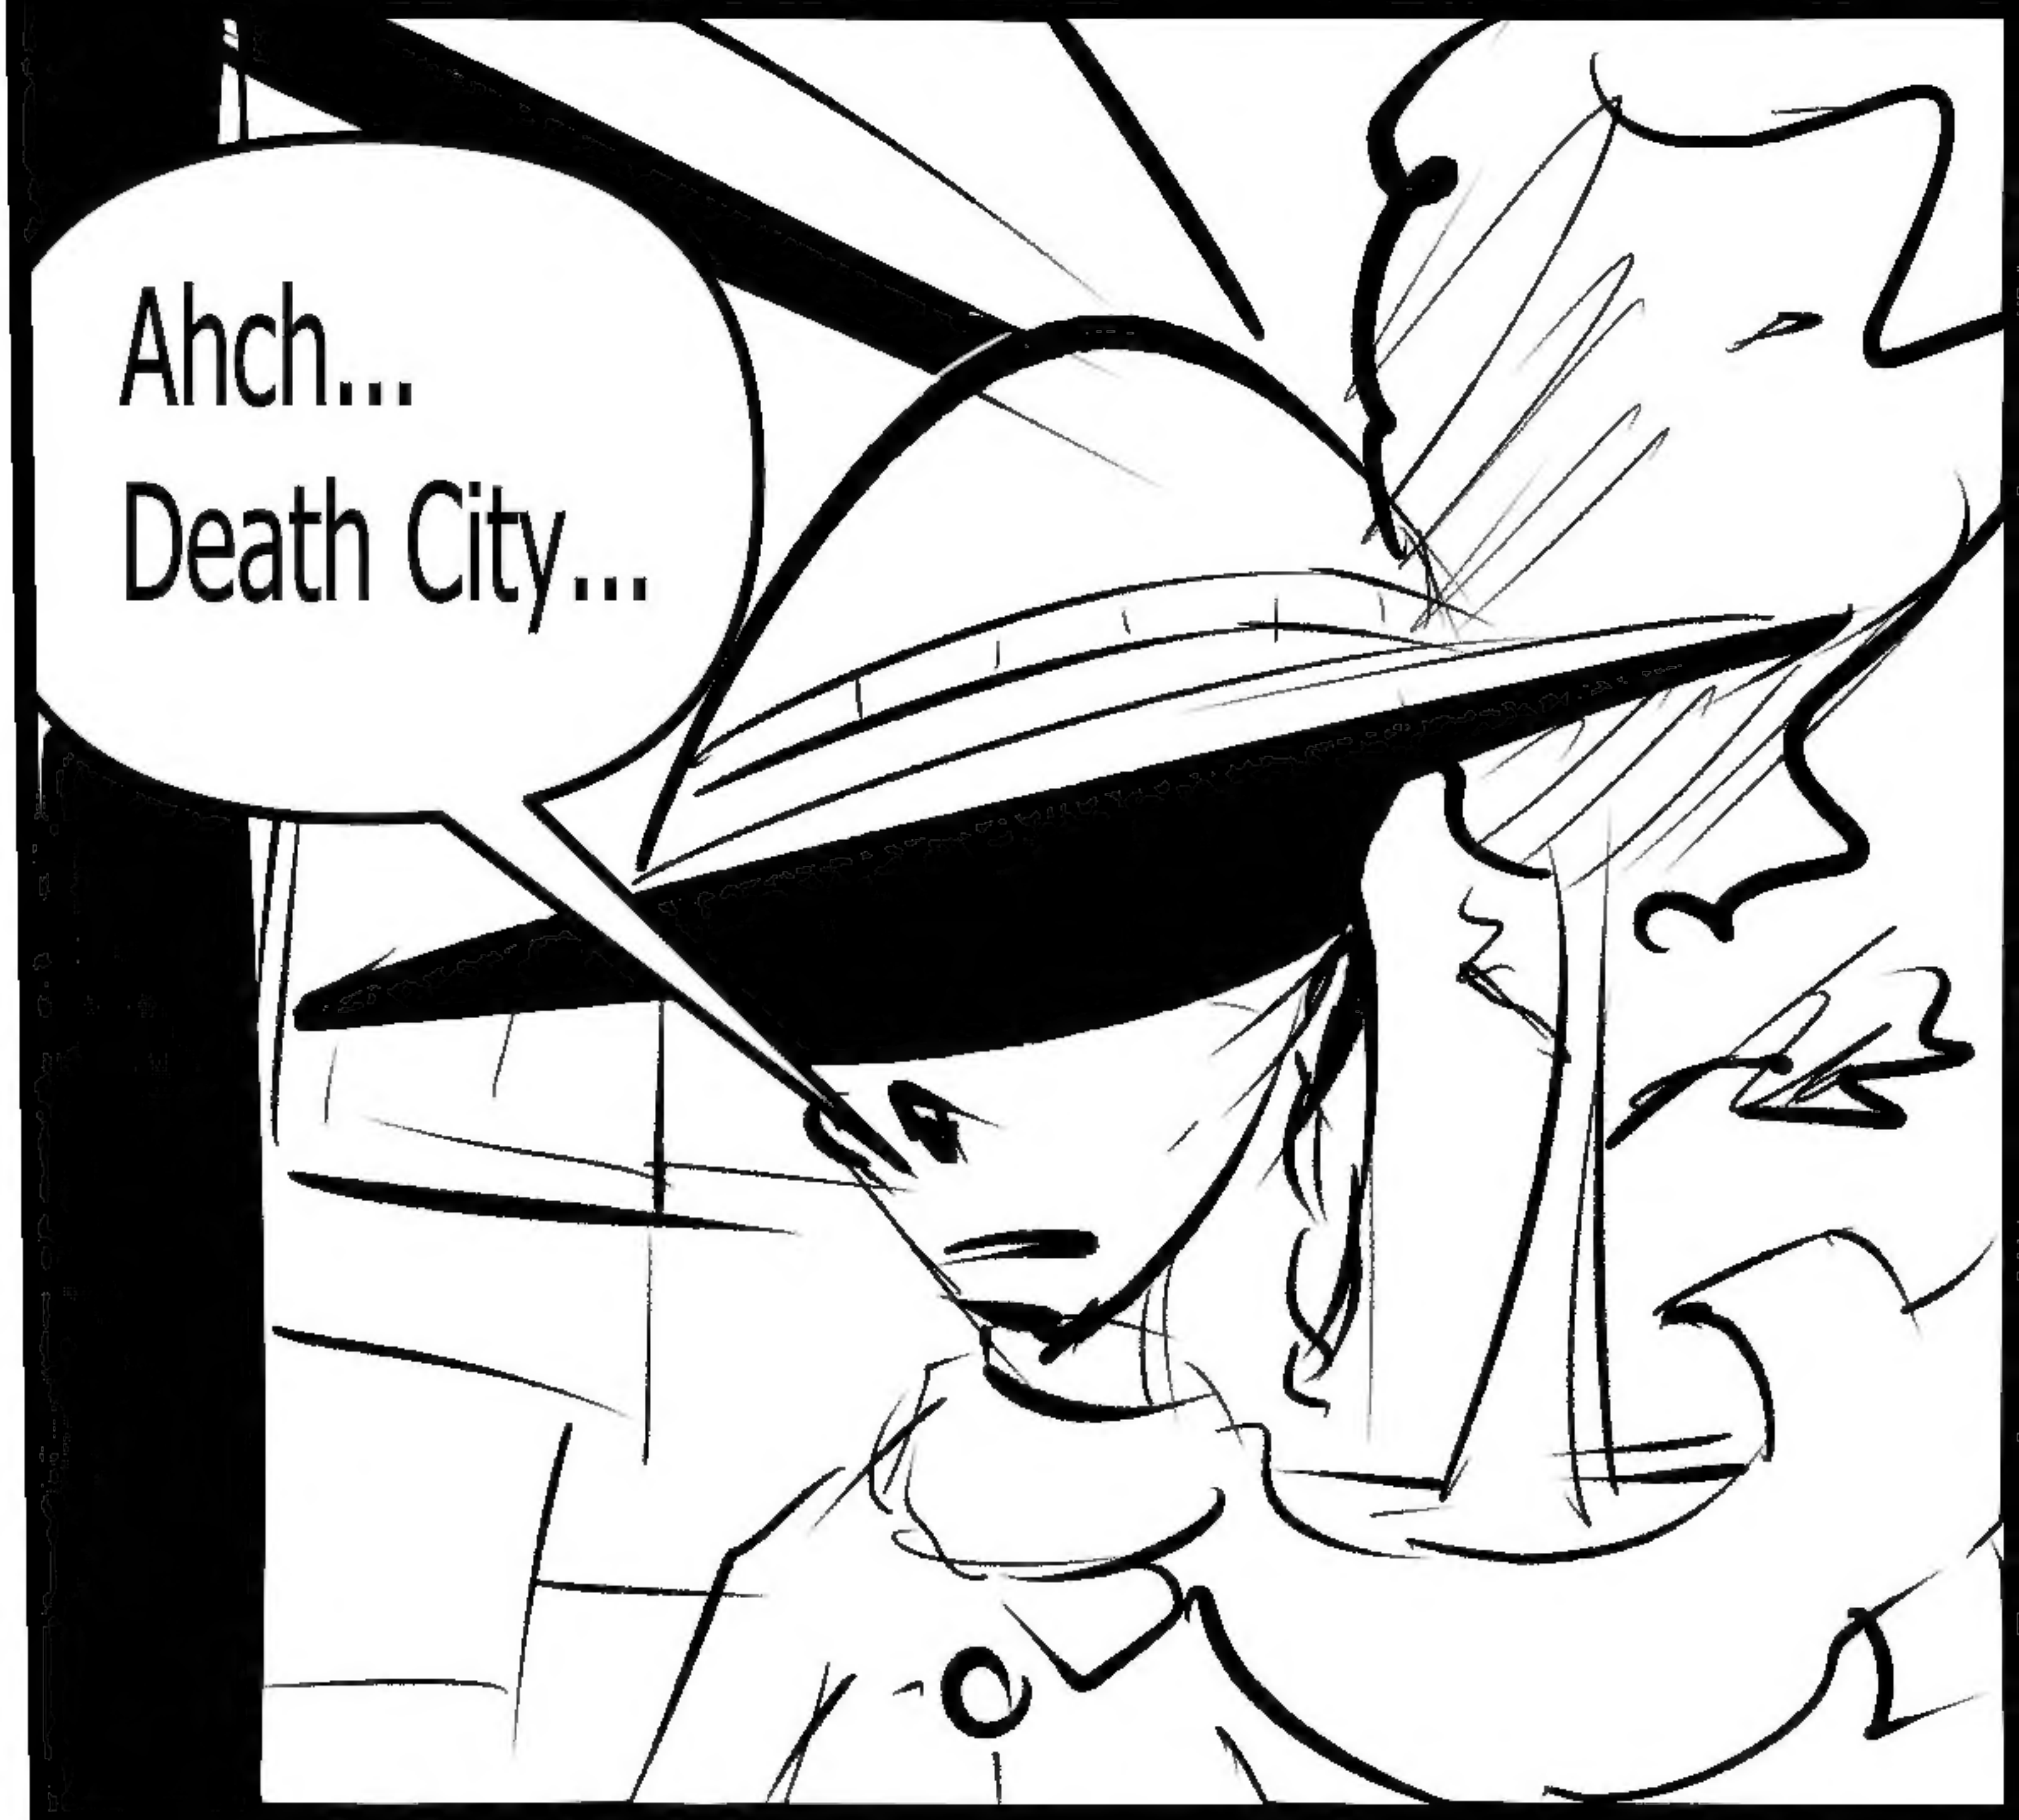

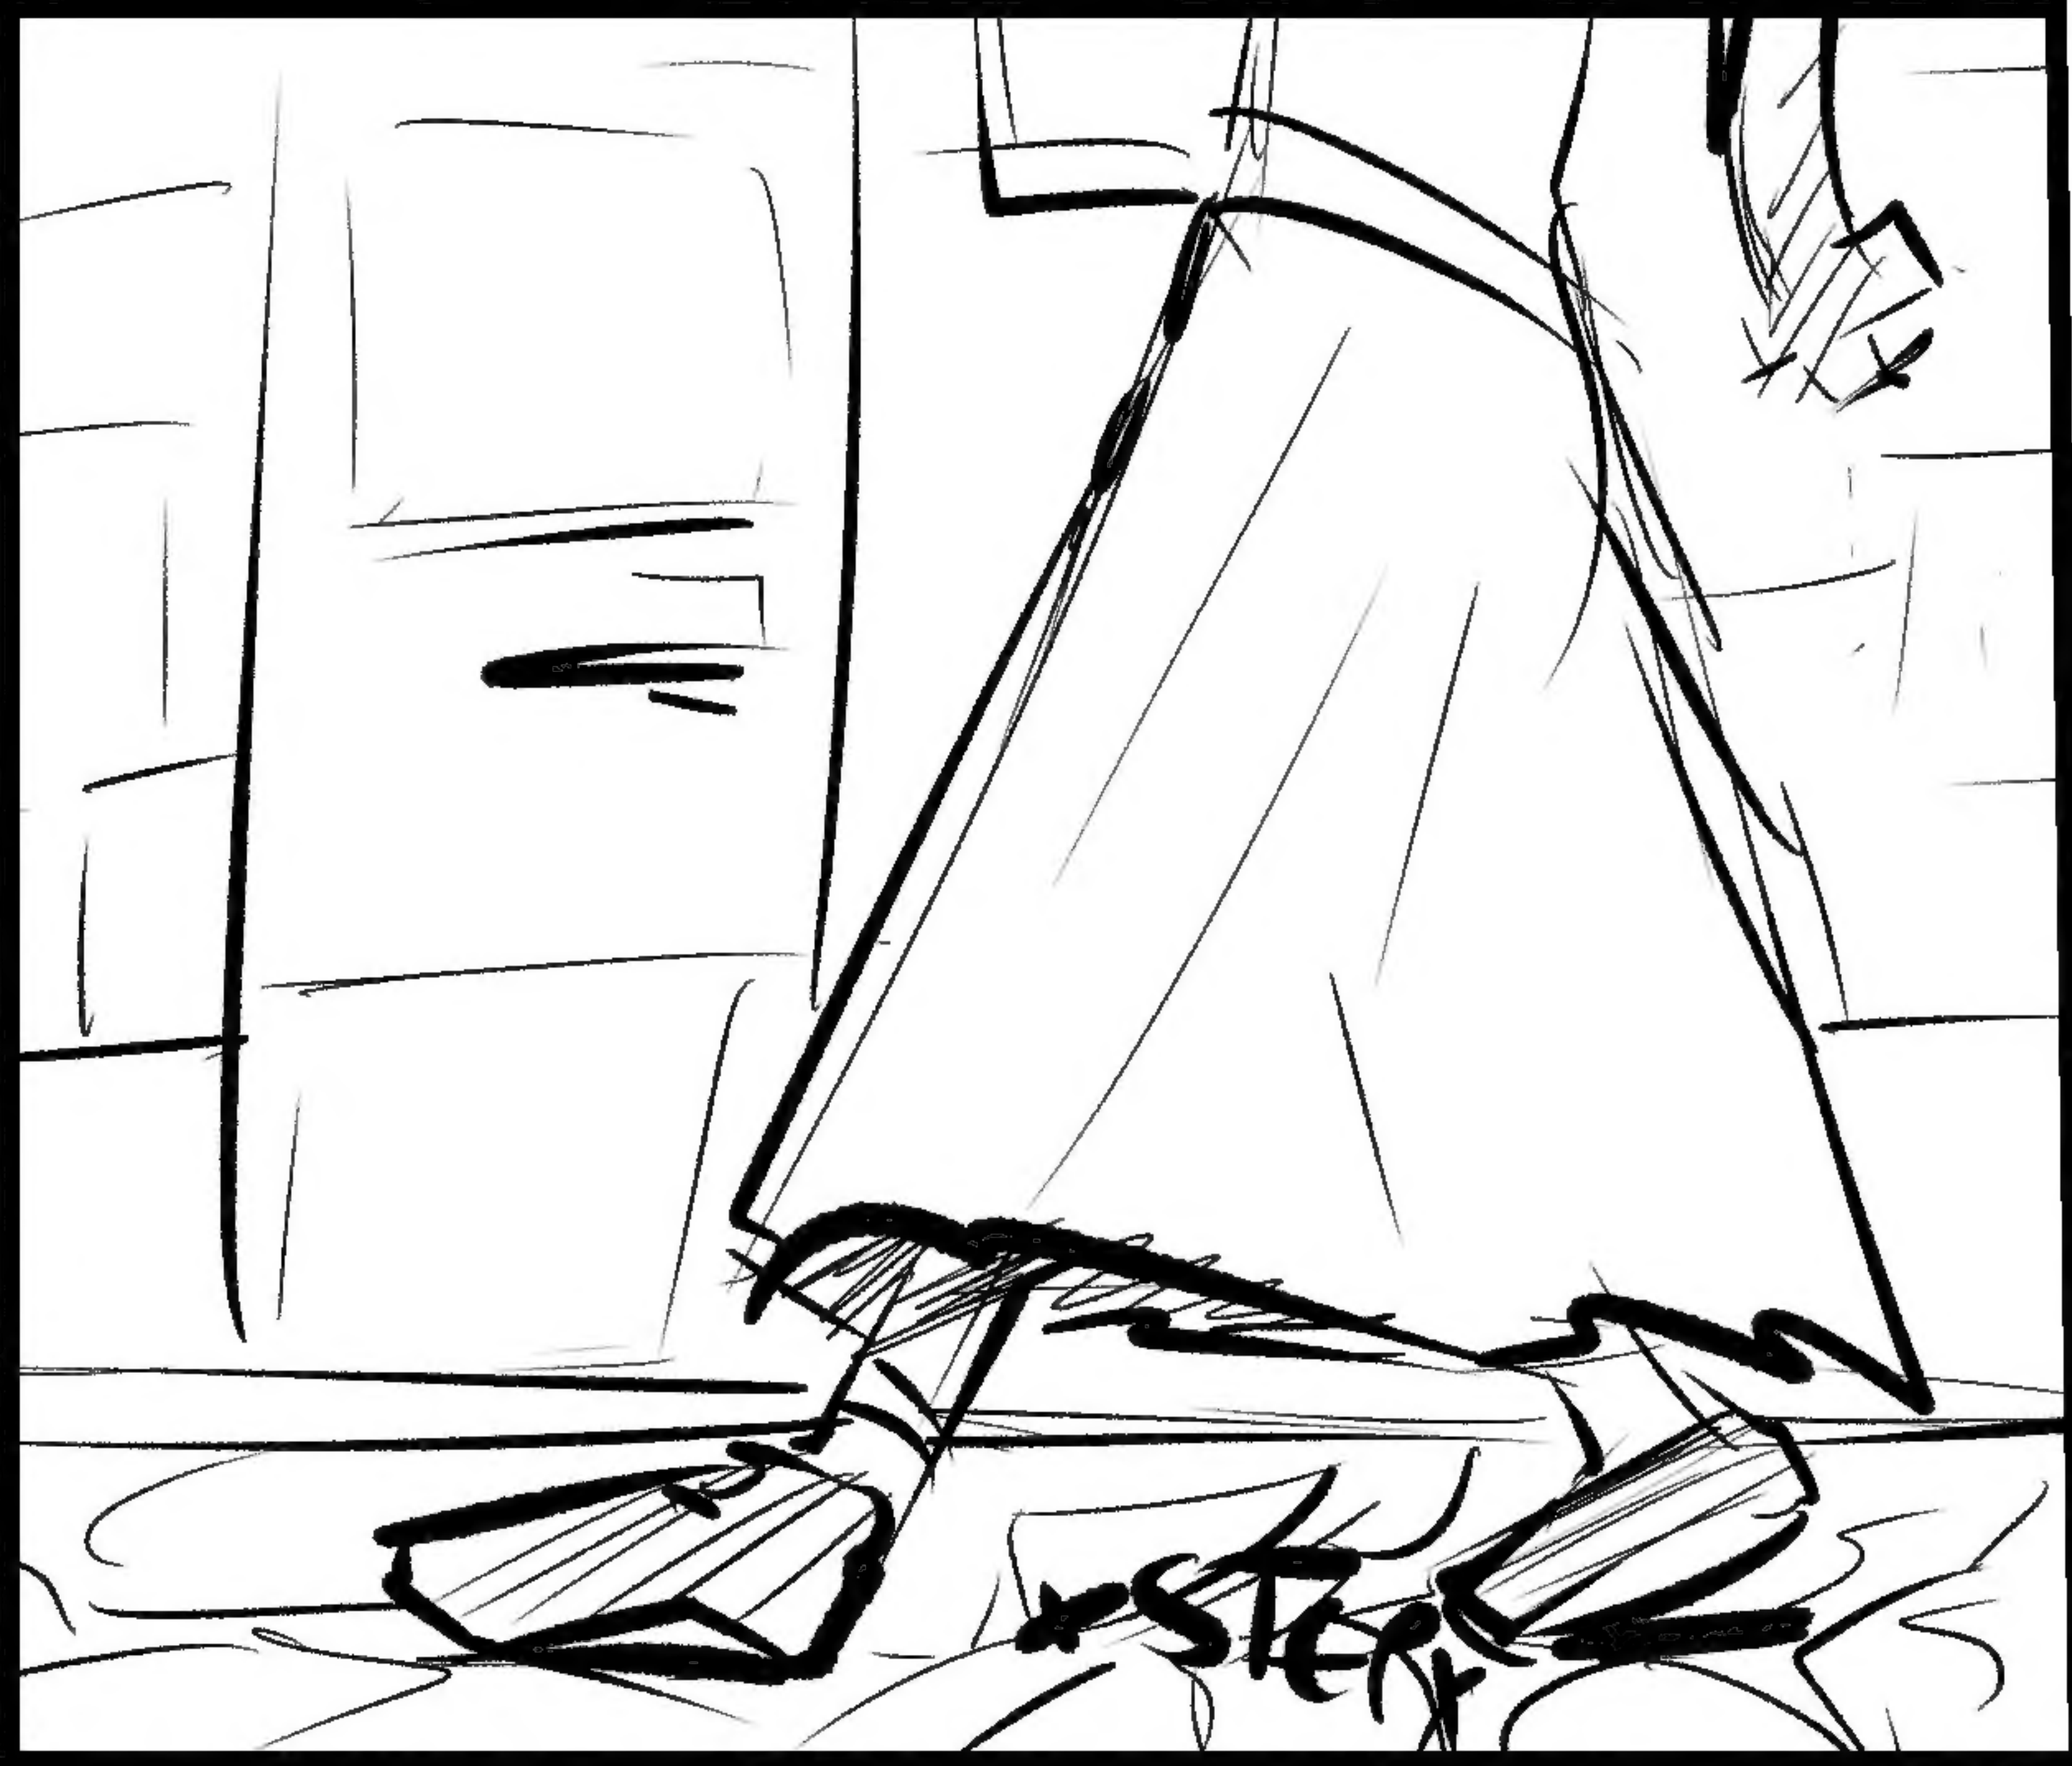

I was wrong afterall, you got less backbone than a sparerib

Good good, it will spare me the effort of "explaining" it...

EXTRA FAT DICTIONARY

thud

Seems this is the address...

Last-meal Avenue  
16-17

They really are mistreating  
my little angel...

After everything she did for them,  
she deserves a mansion at minimum!

Guess nothing  
has changed in  
this  
god-remembered  
place

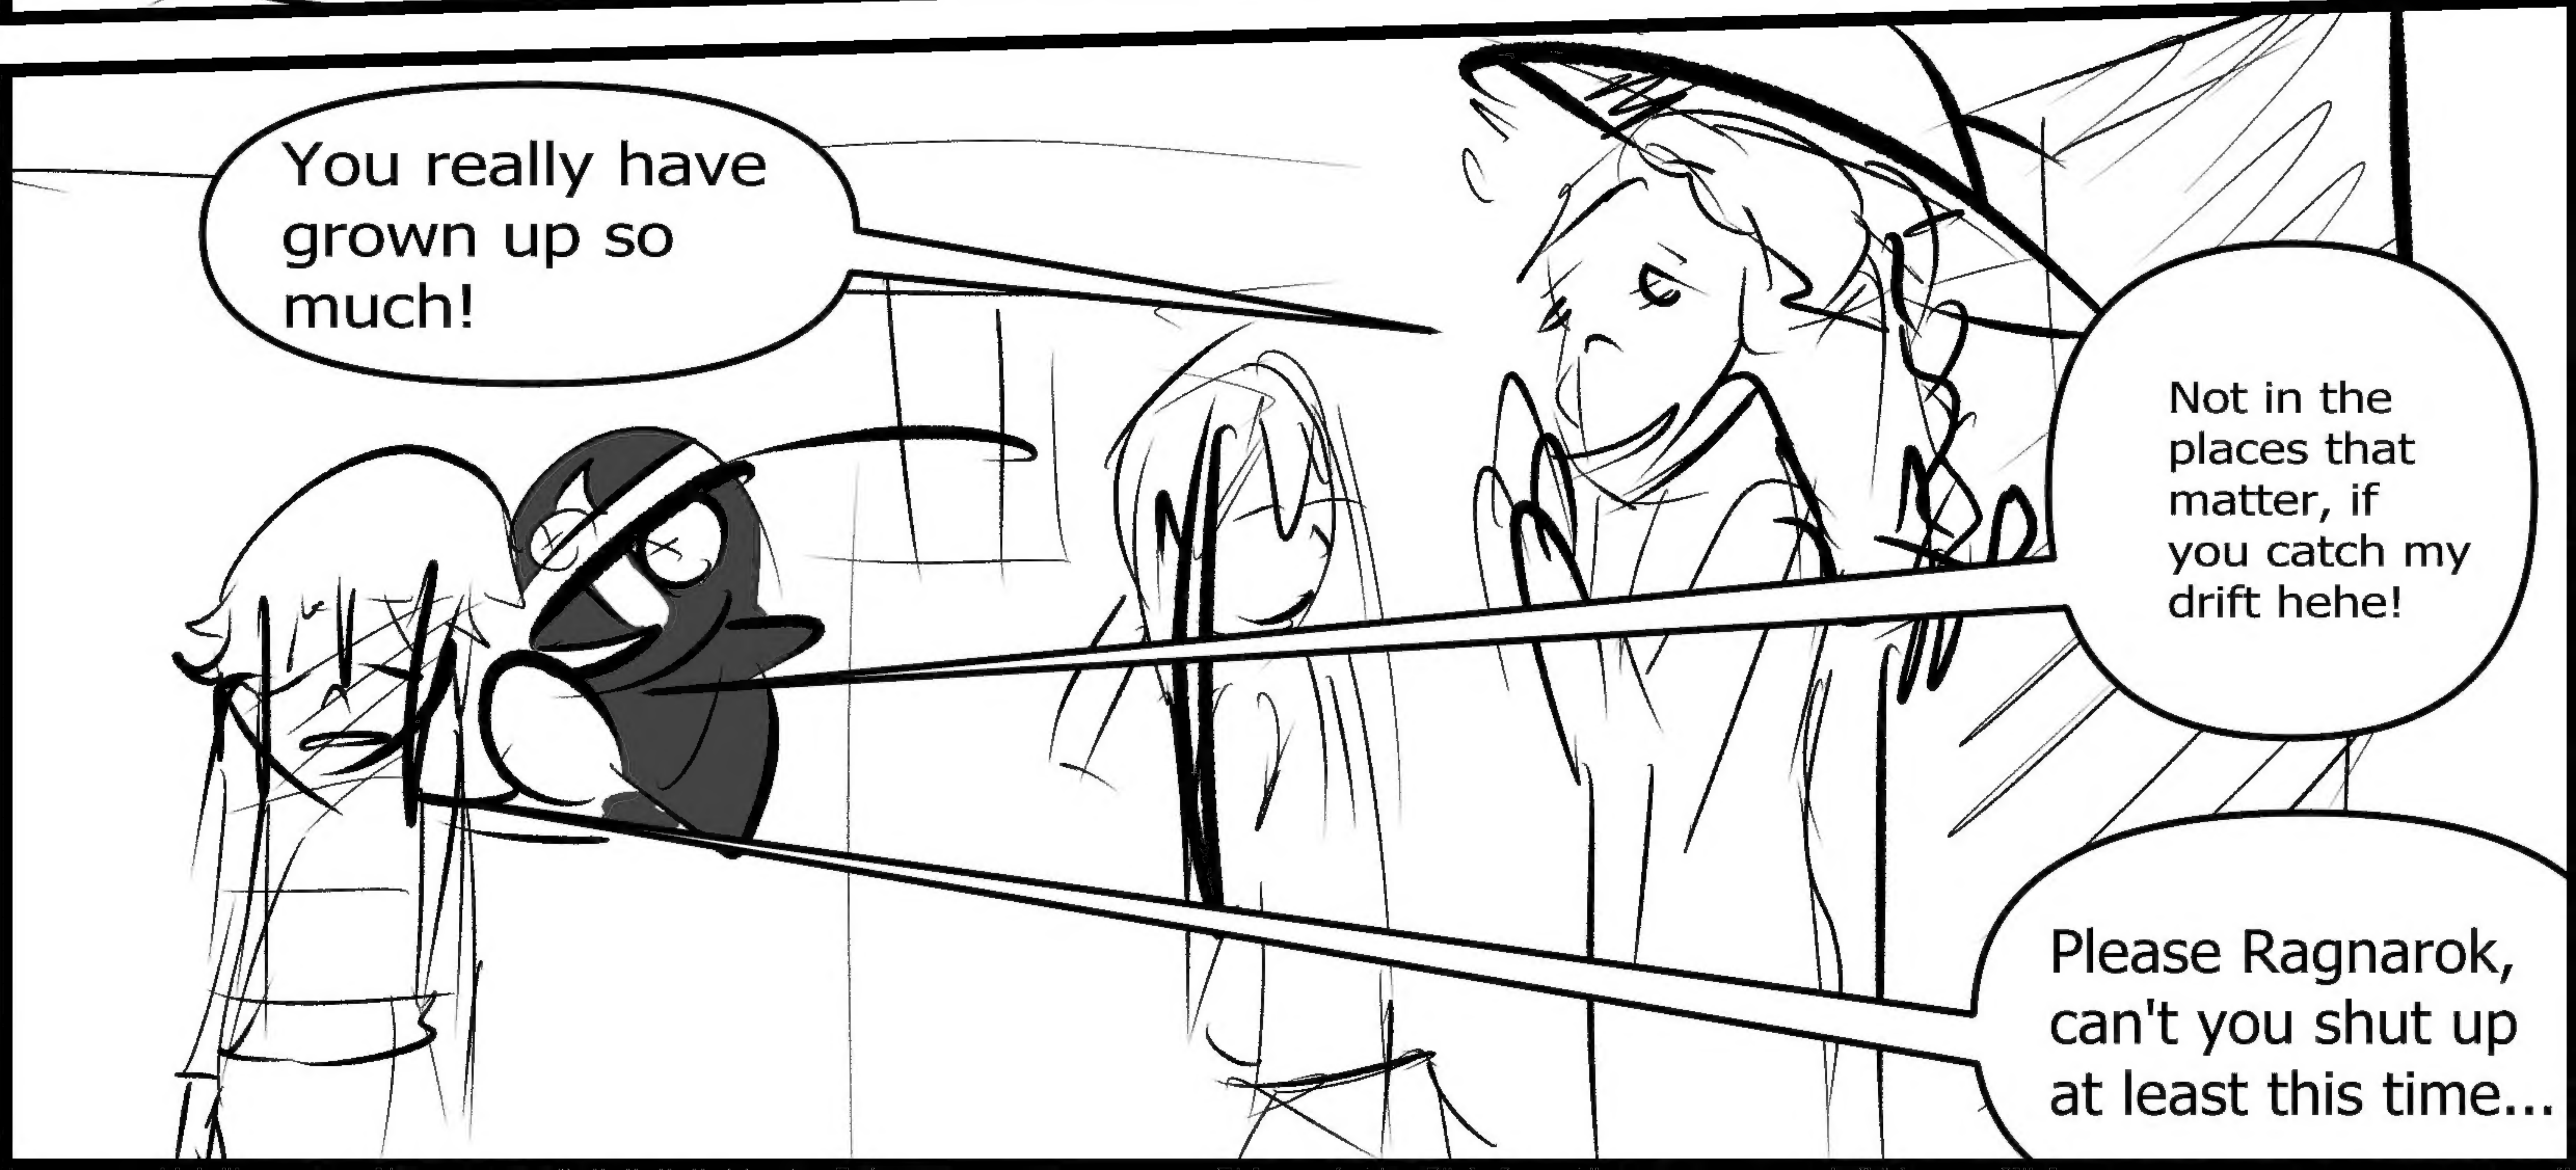

\* DING \*

\* Dong \*

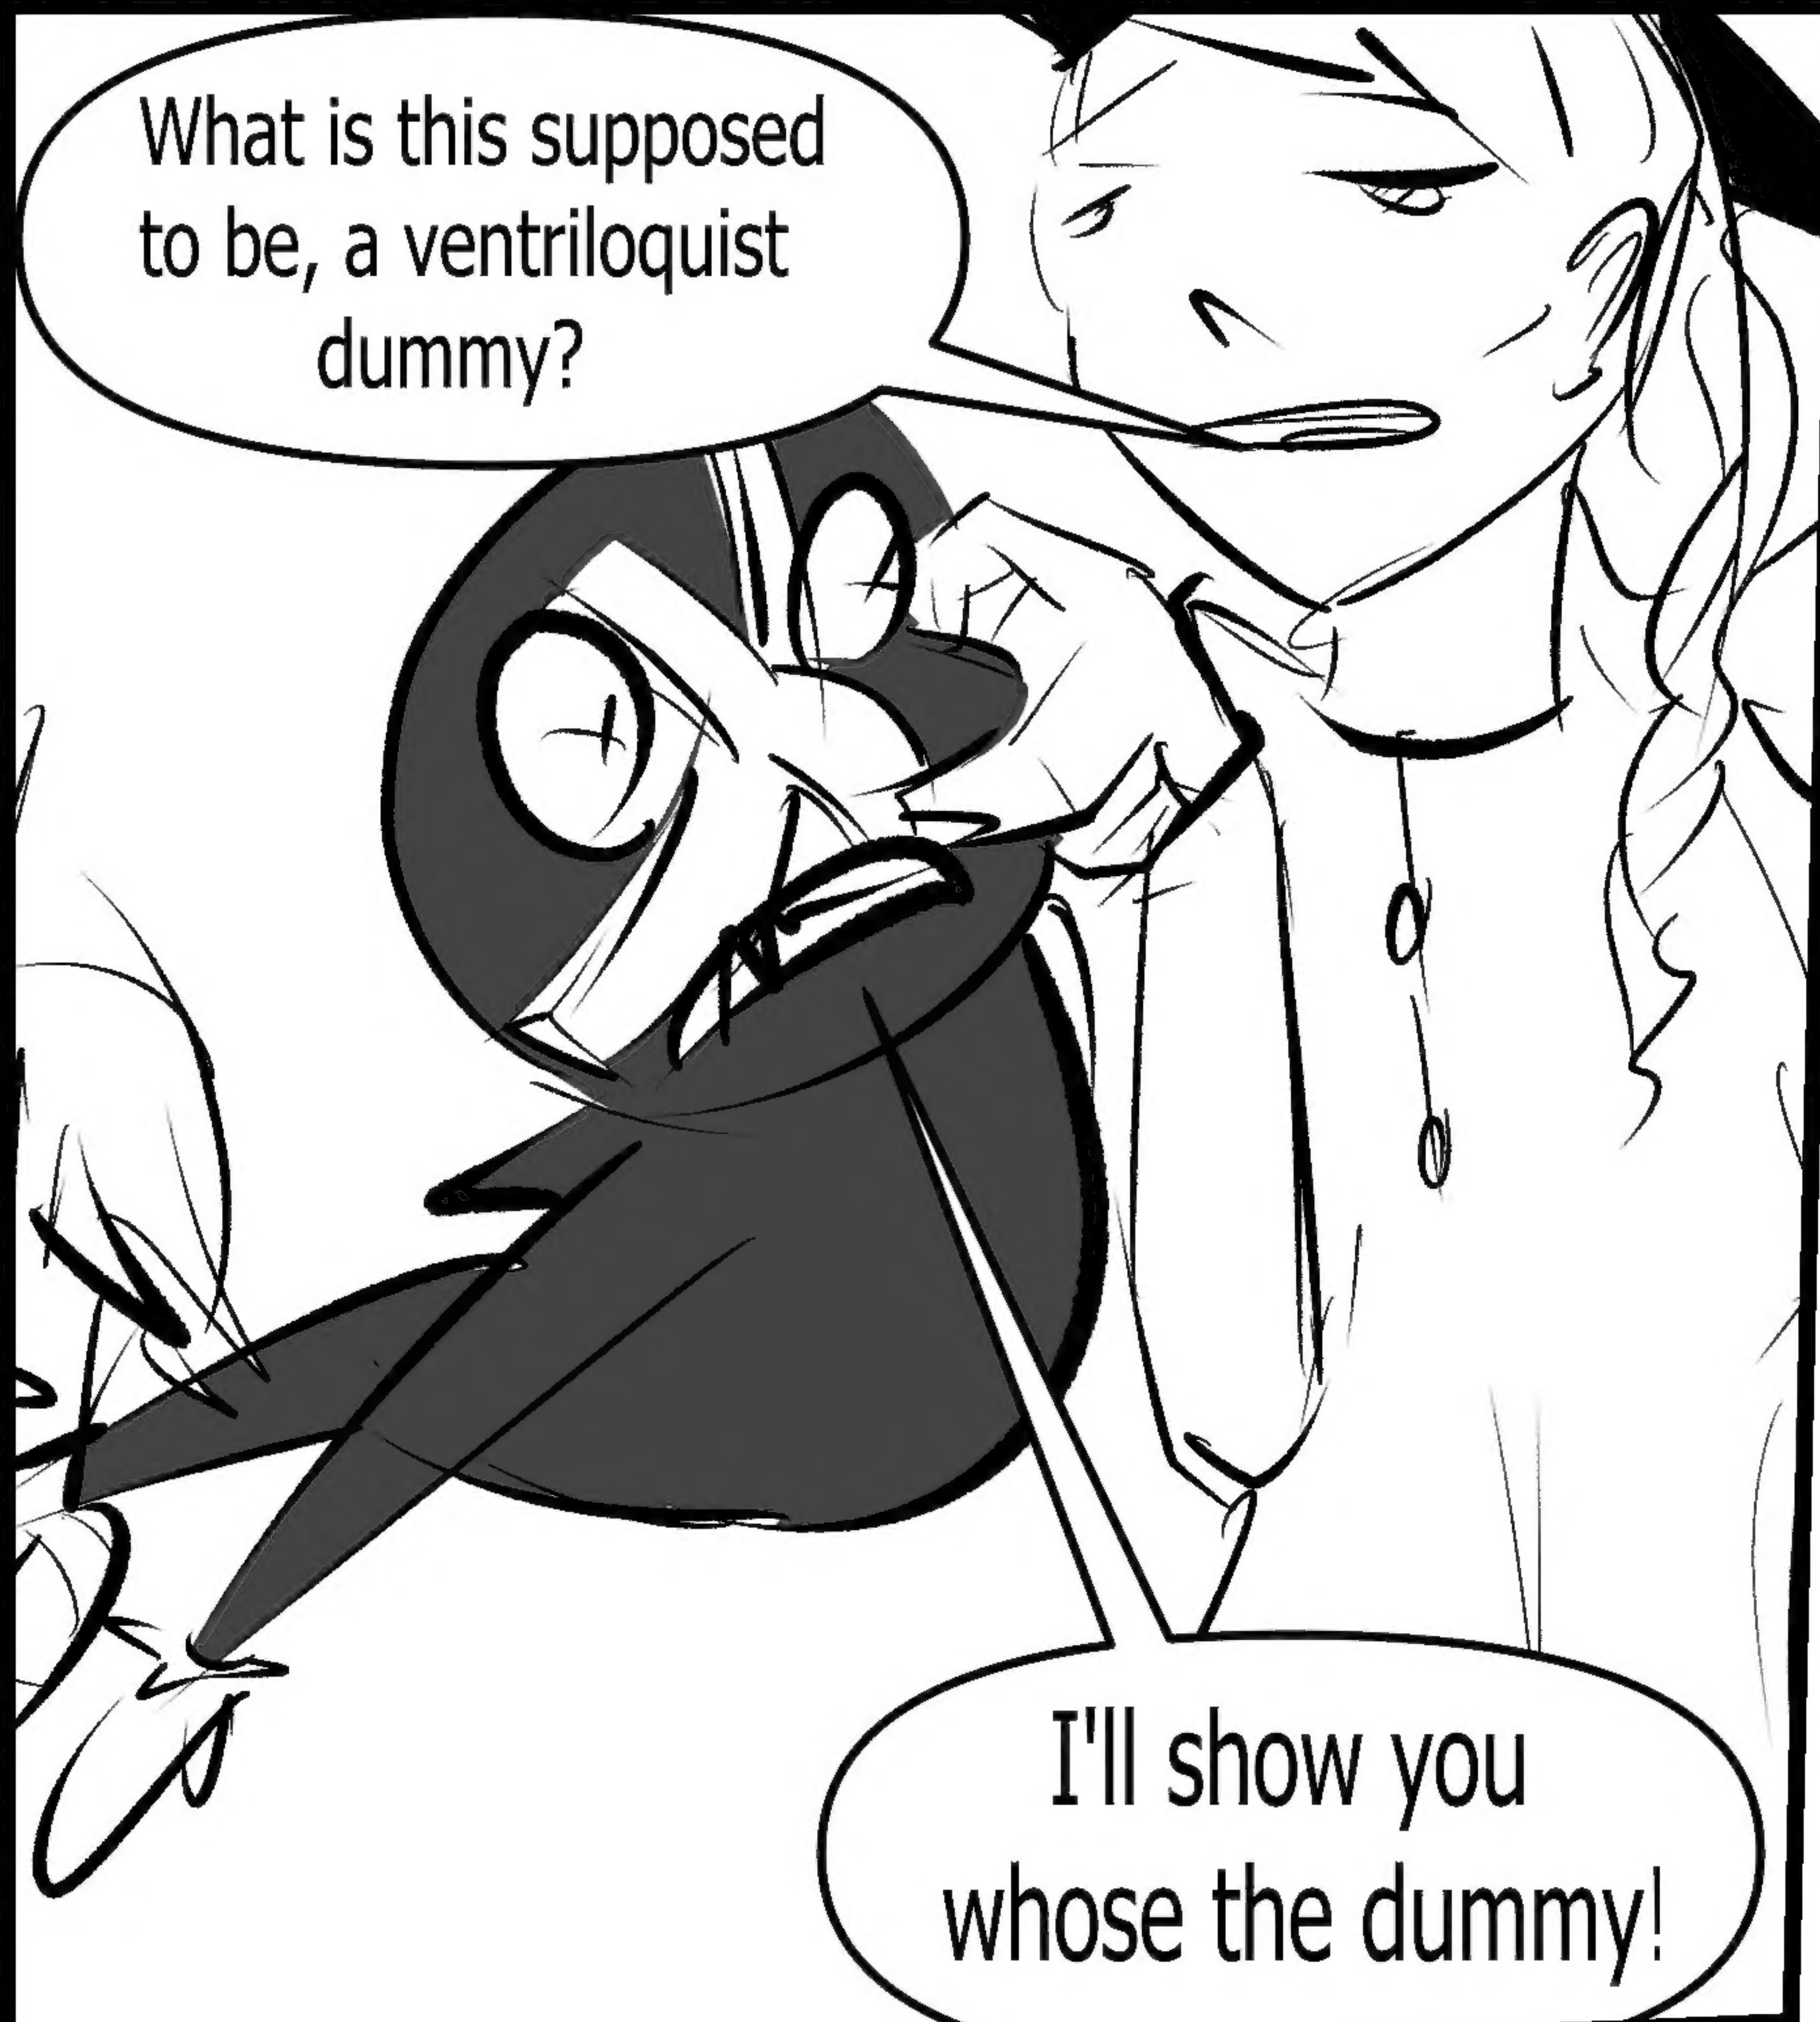

DING  
She's here!

DONG

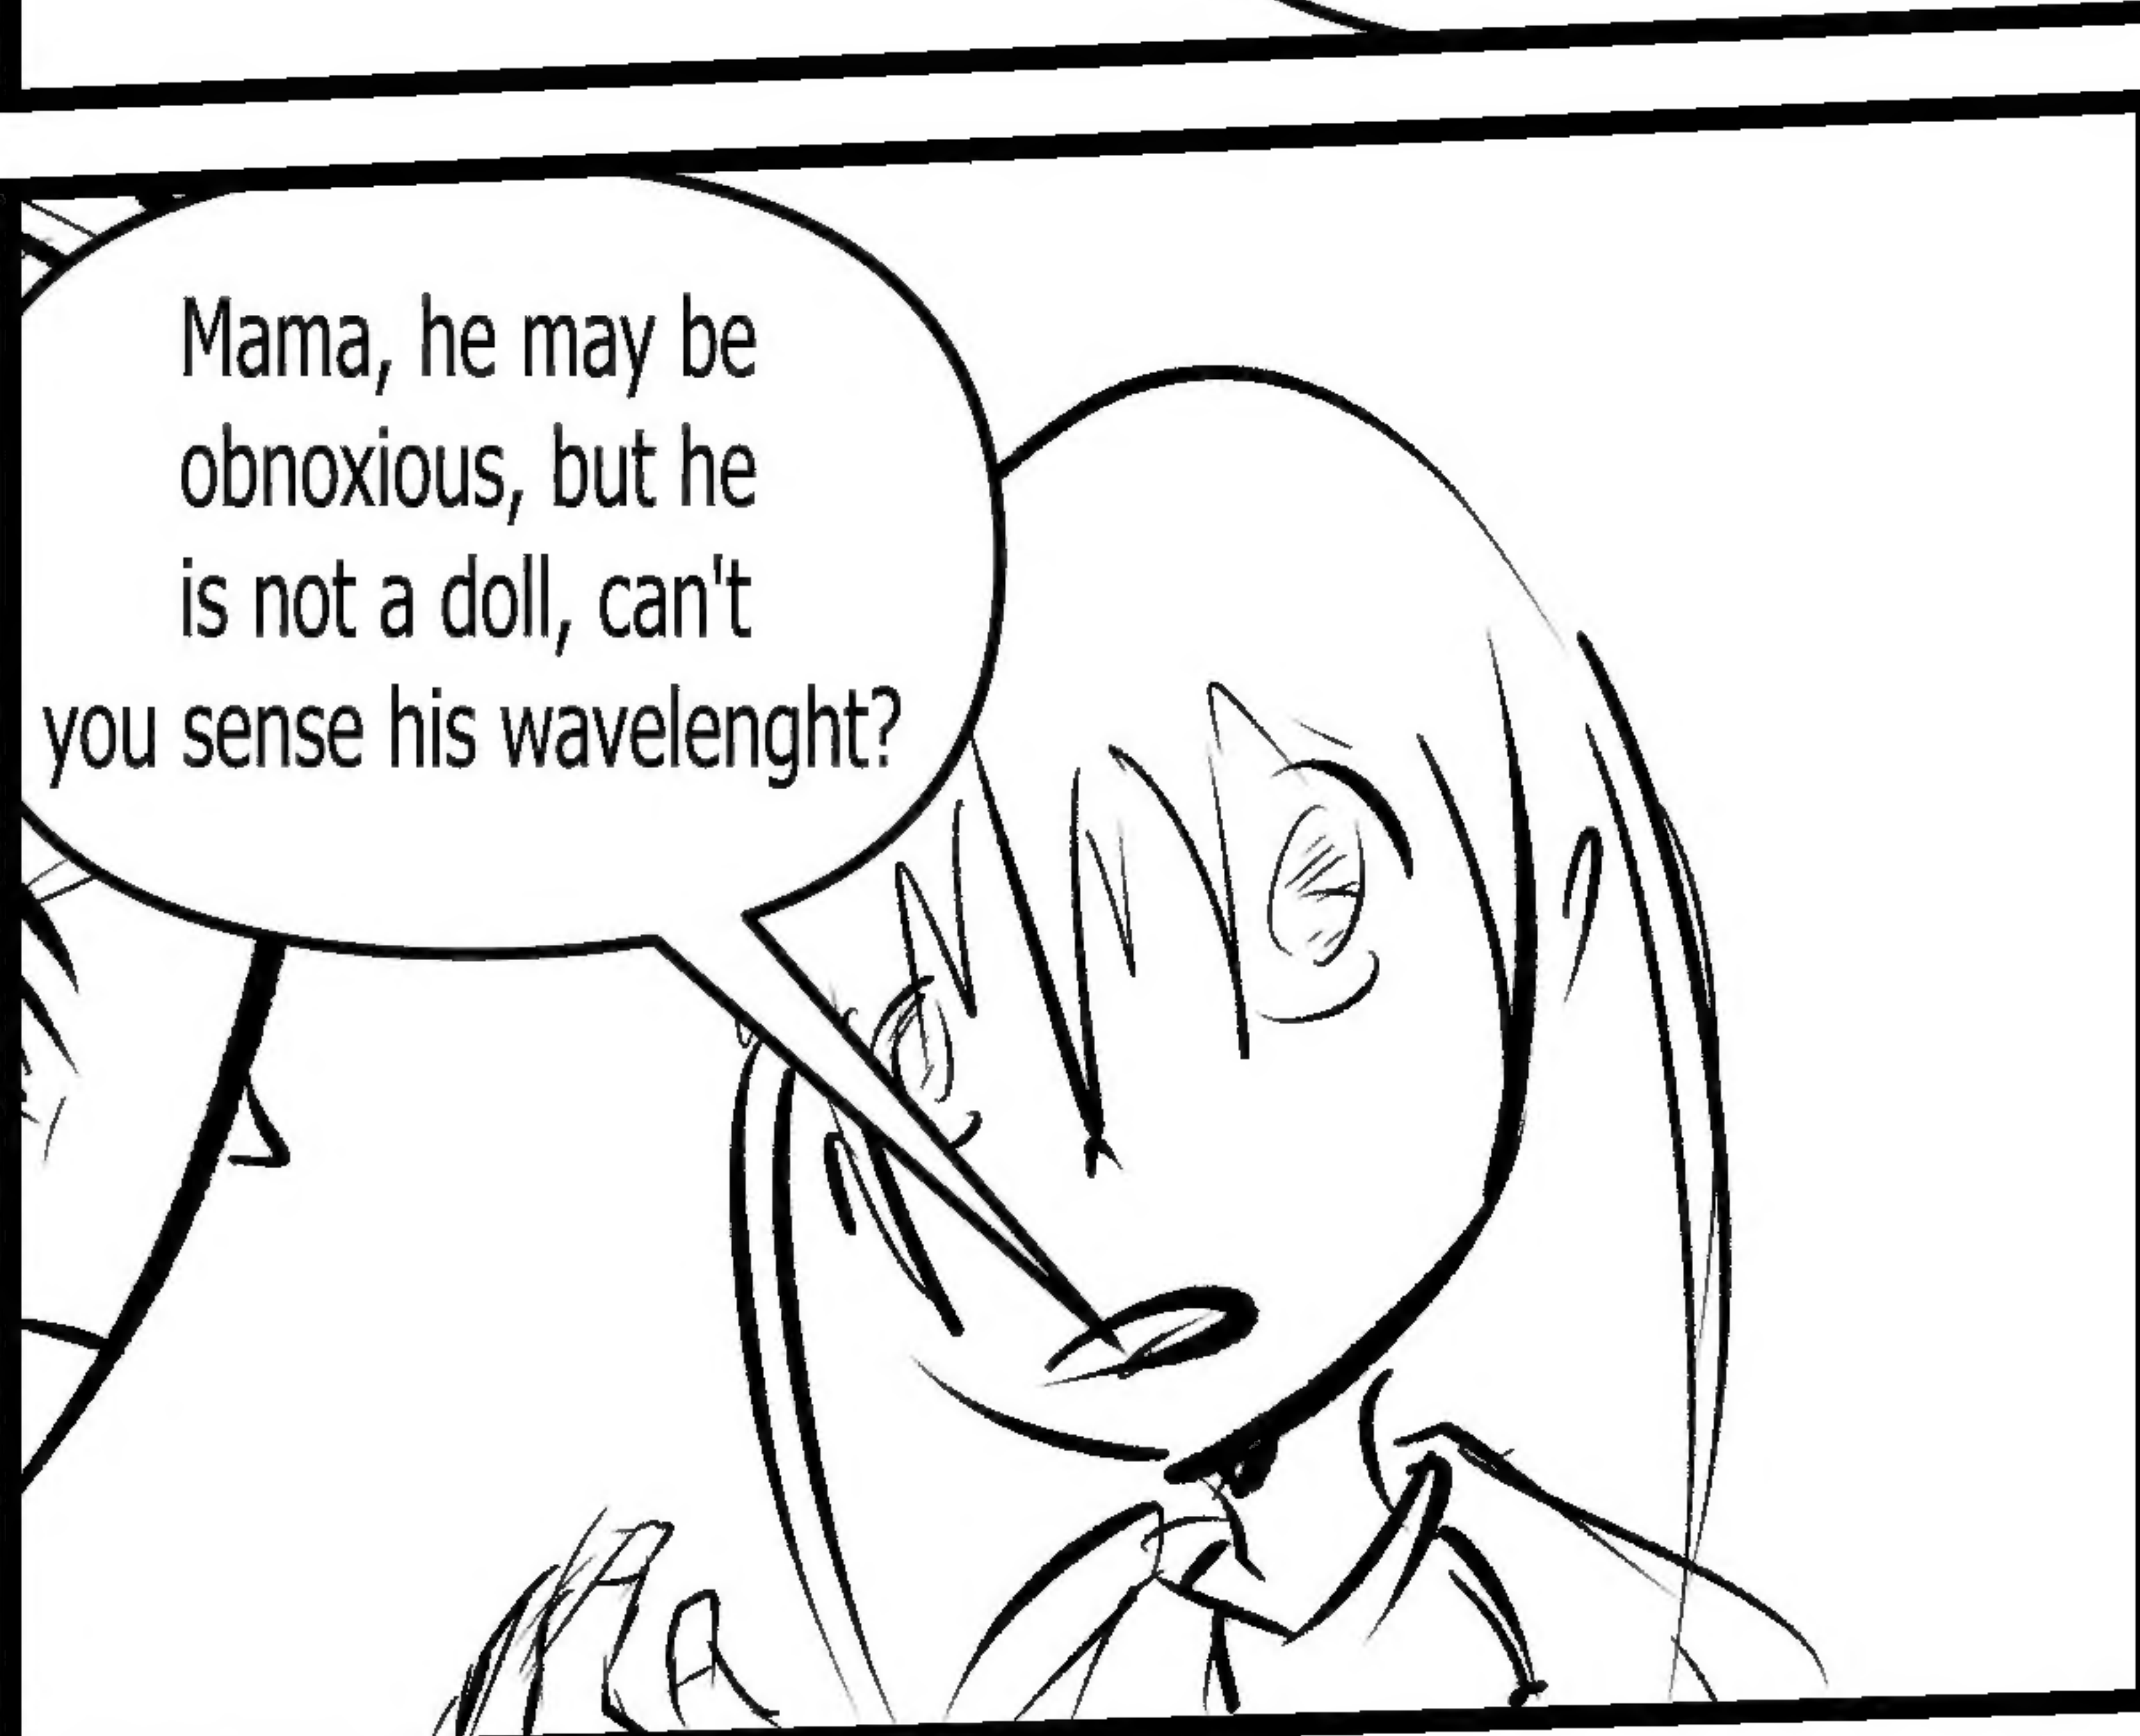

What is this supposed to be, a ventriloquist dummy?

I'll show you whose the dummy!

Is that your way of trying to impress girls?

W-what? No-no! Ragnarok is-

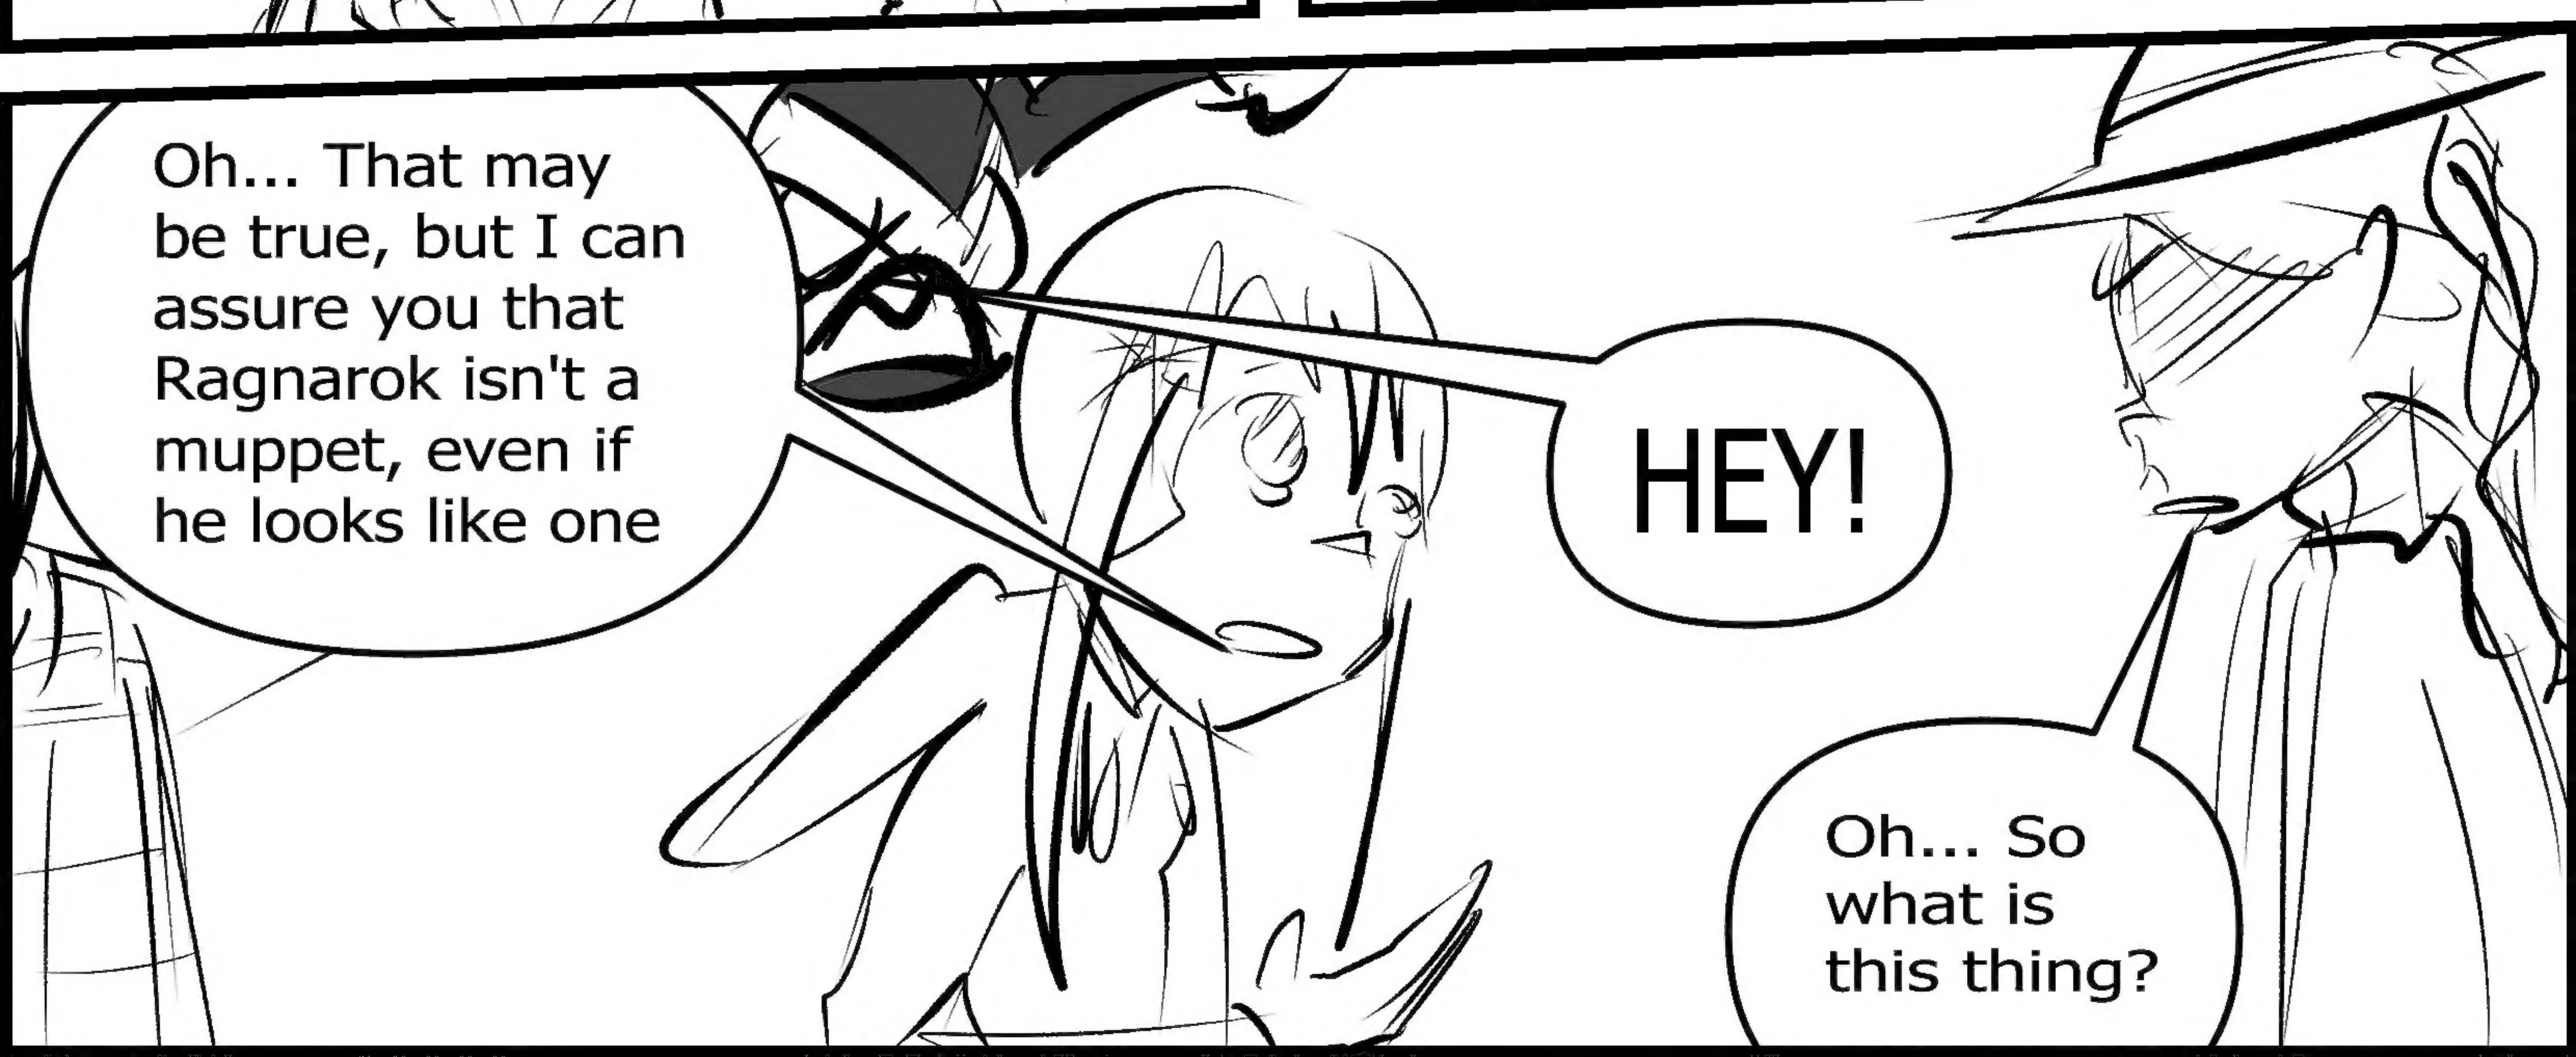

Mama, he may be obnoxious, but he is not a doll, can't you sense his wavelenght?

Tch, I learned my lesson not to rely on that

Something like that can be easily faked and manipulated

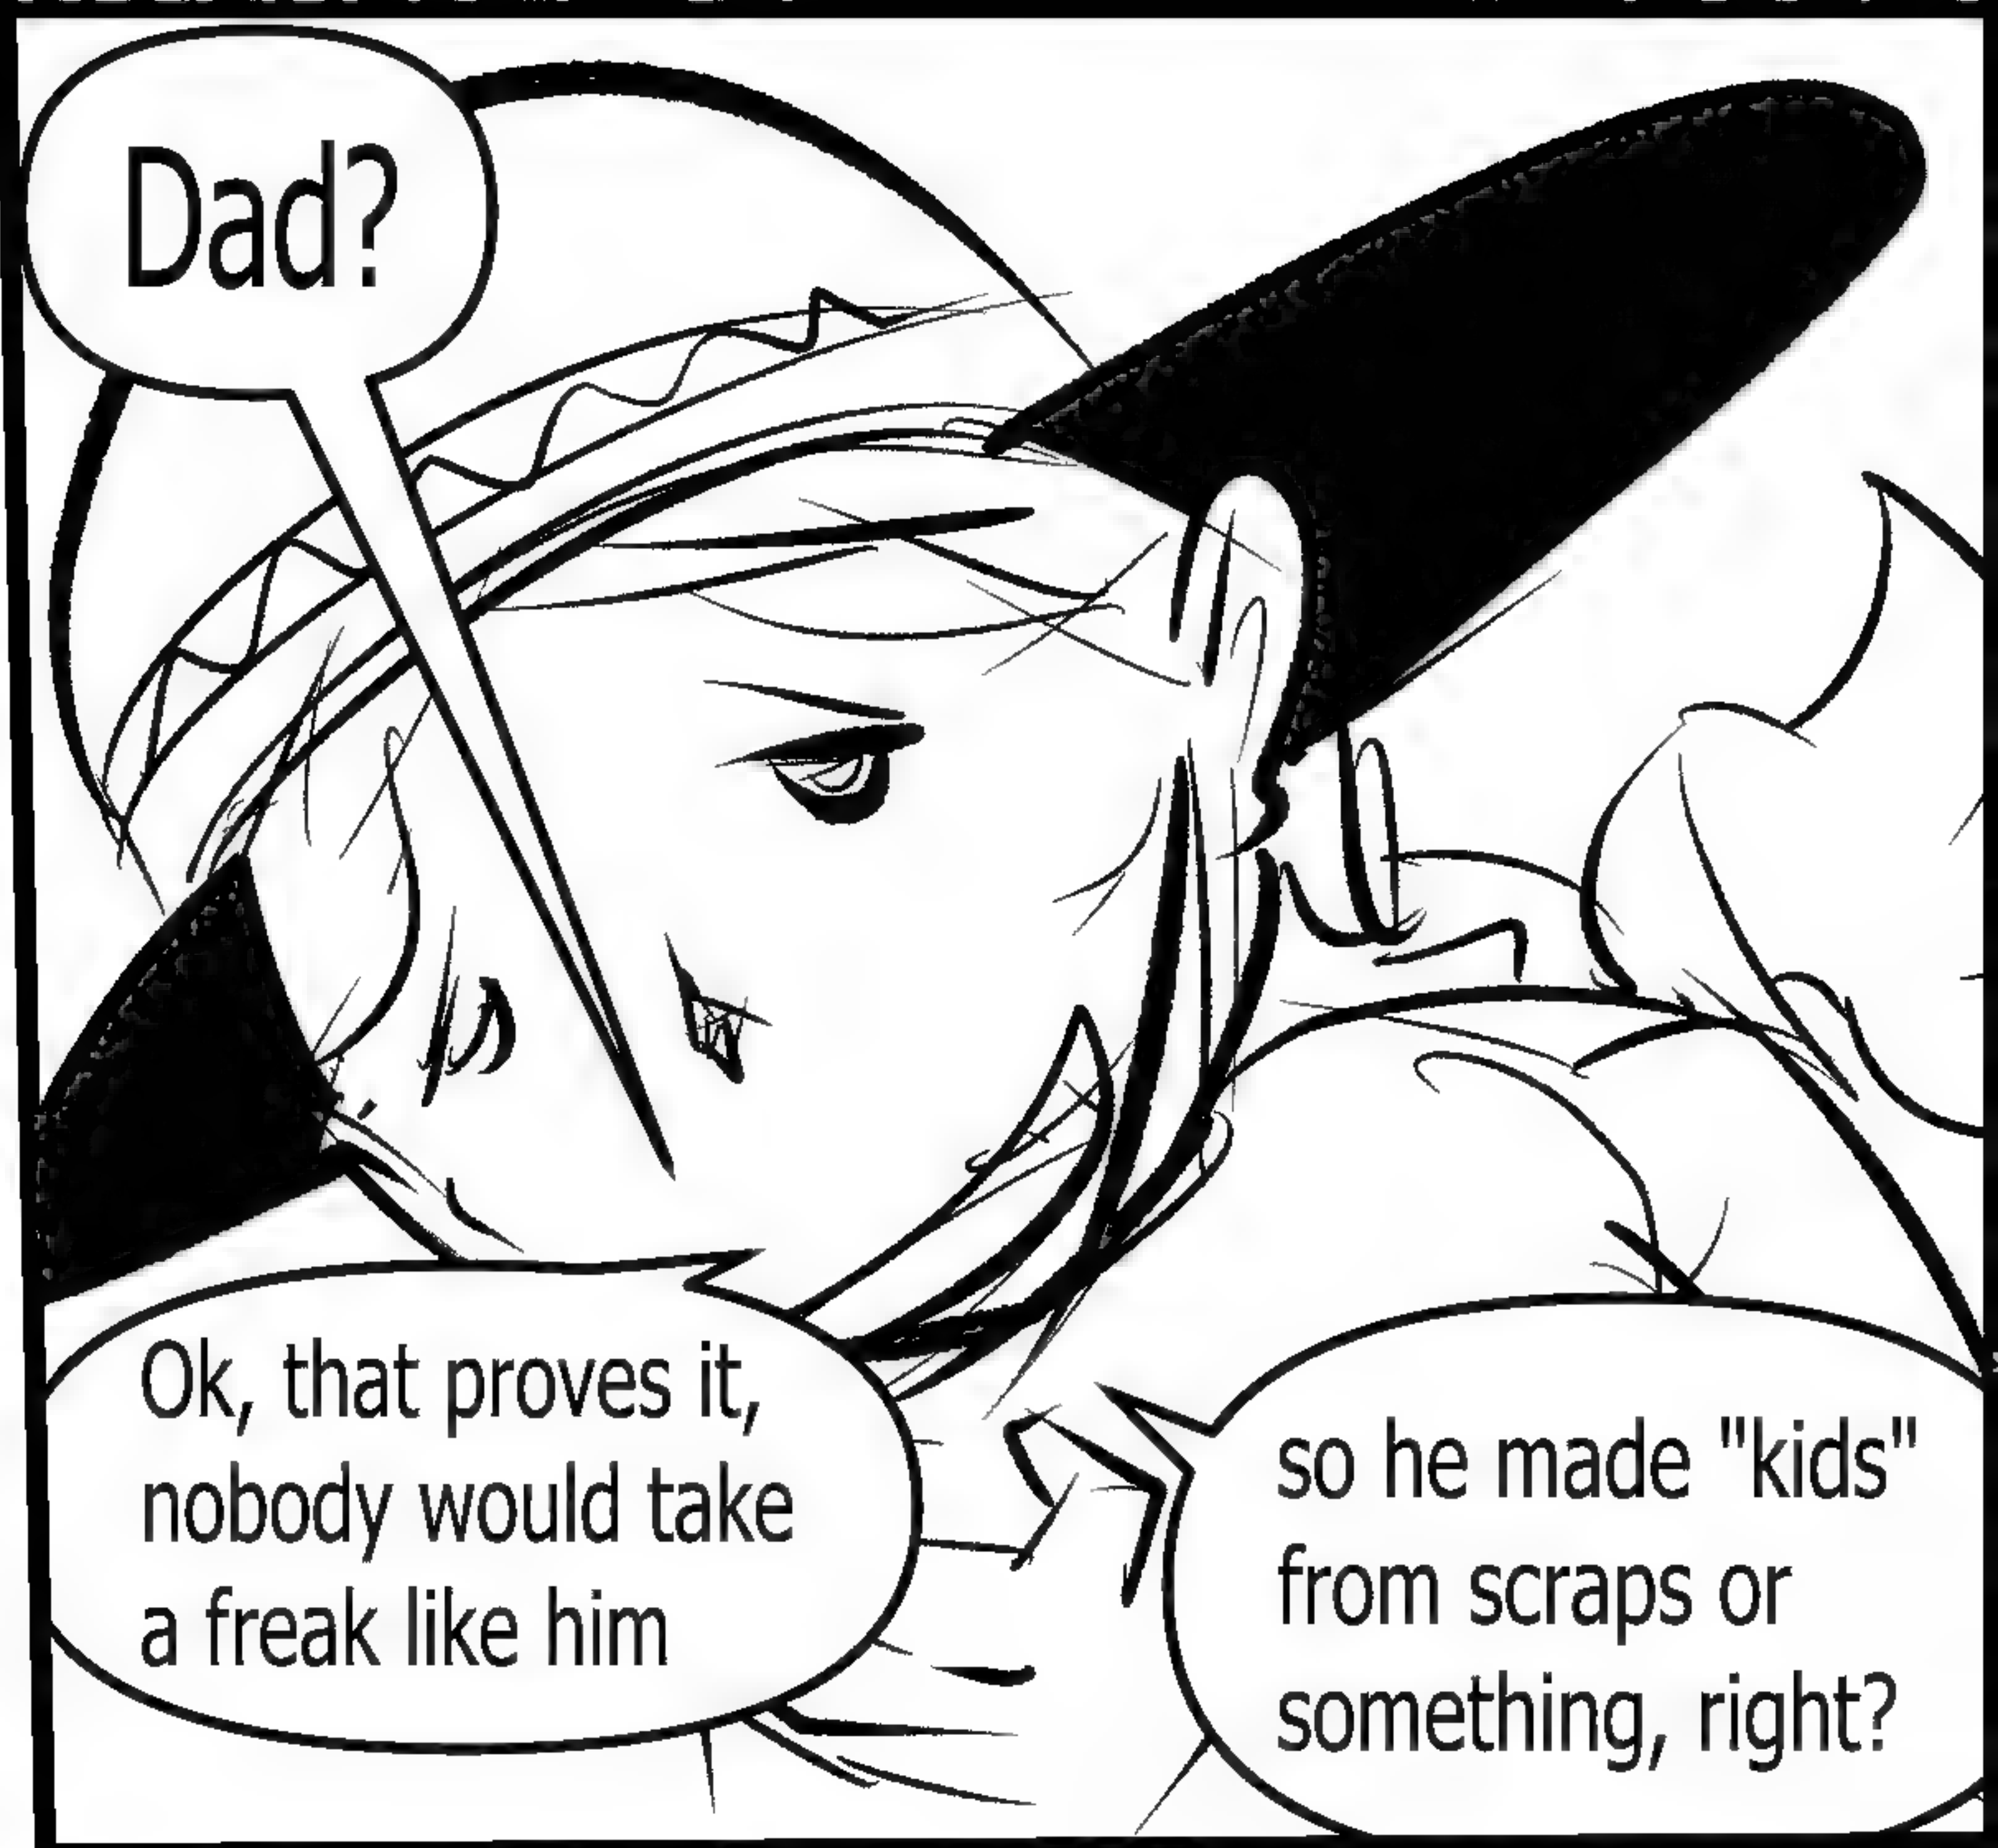

Oh... That may be true, but I can assure you that Ragnarok isn't a muppet, even if he looks like one

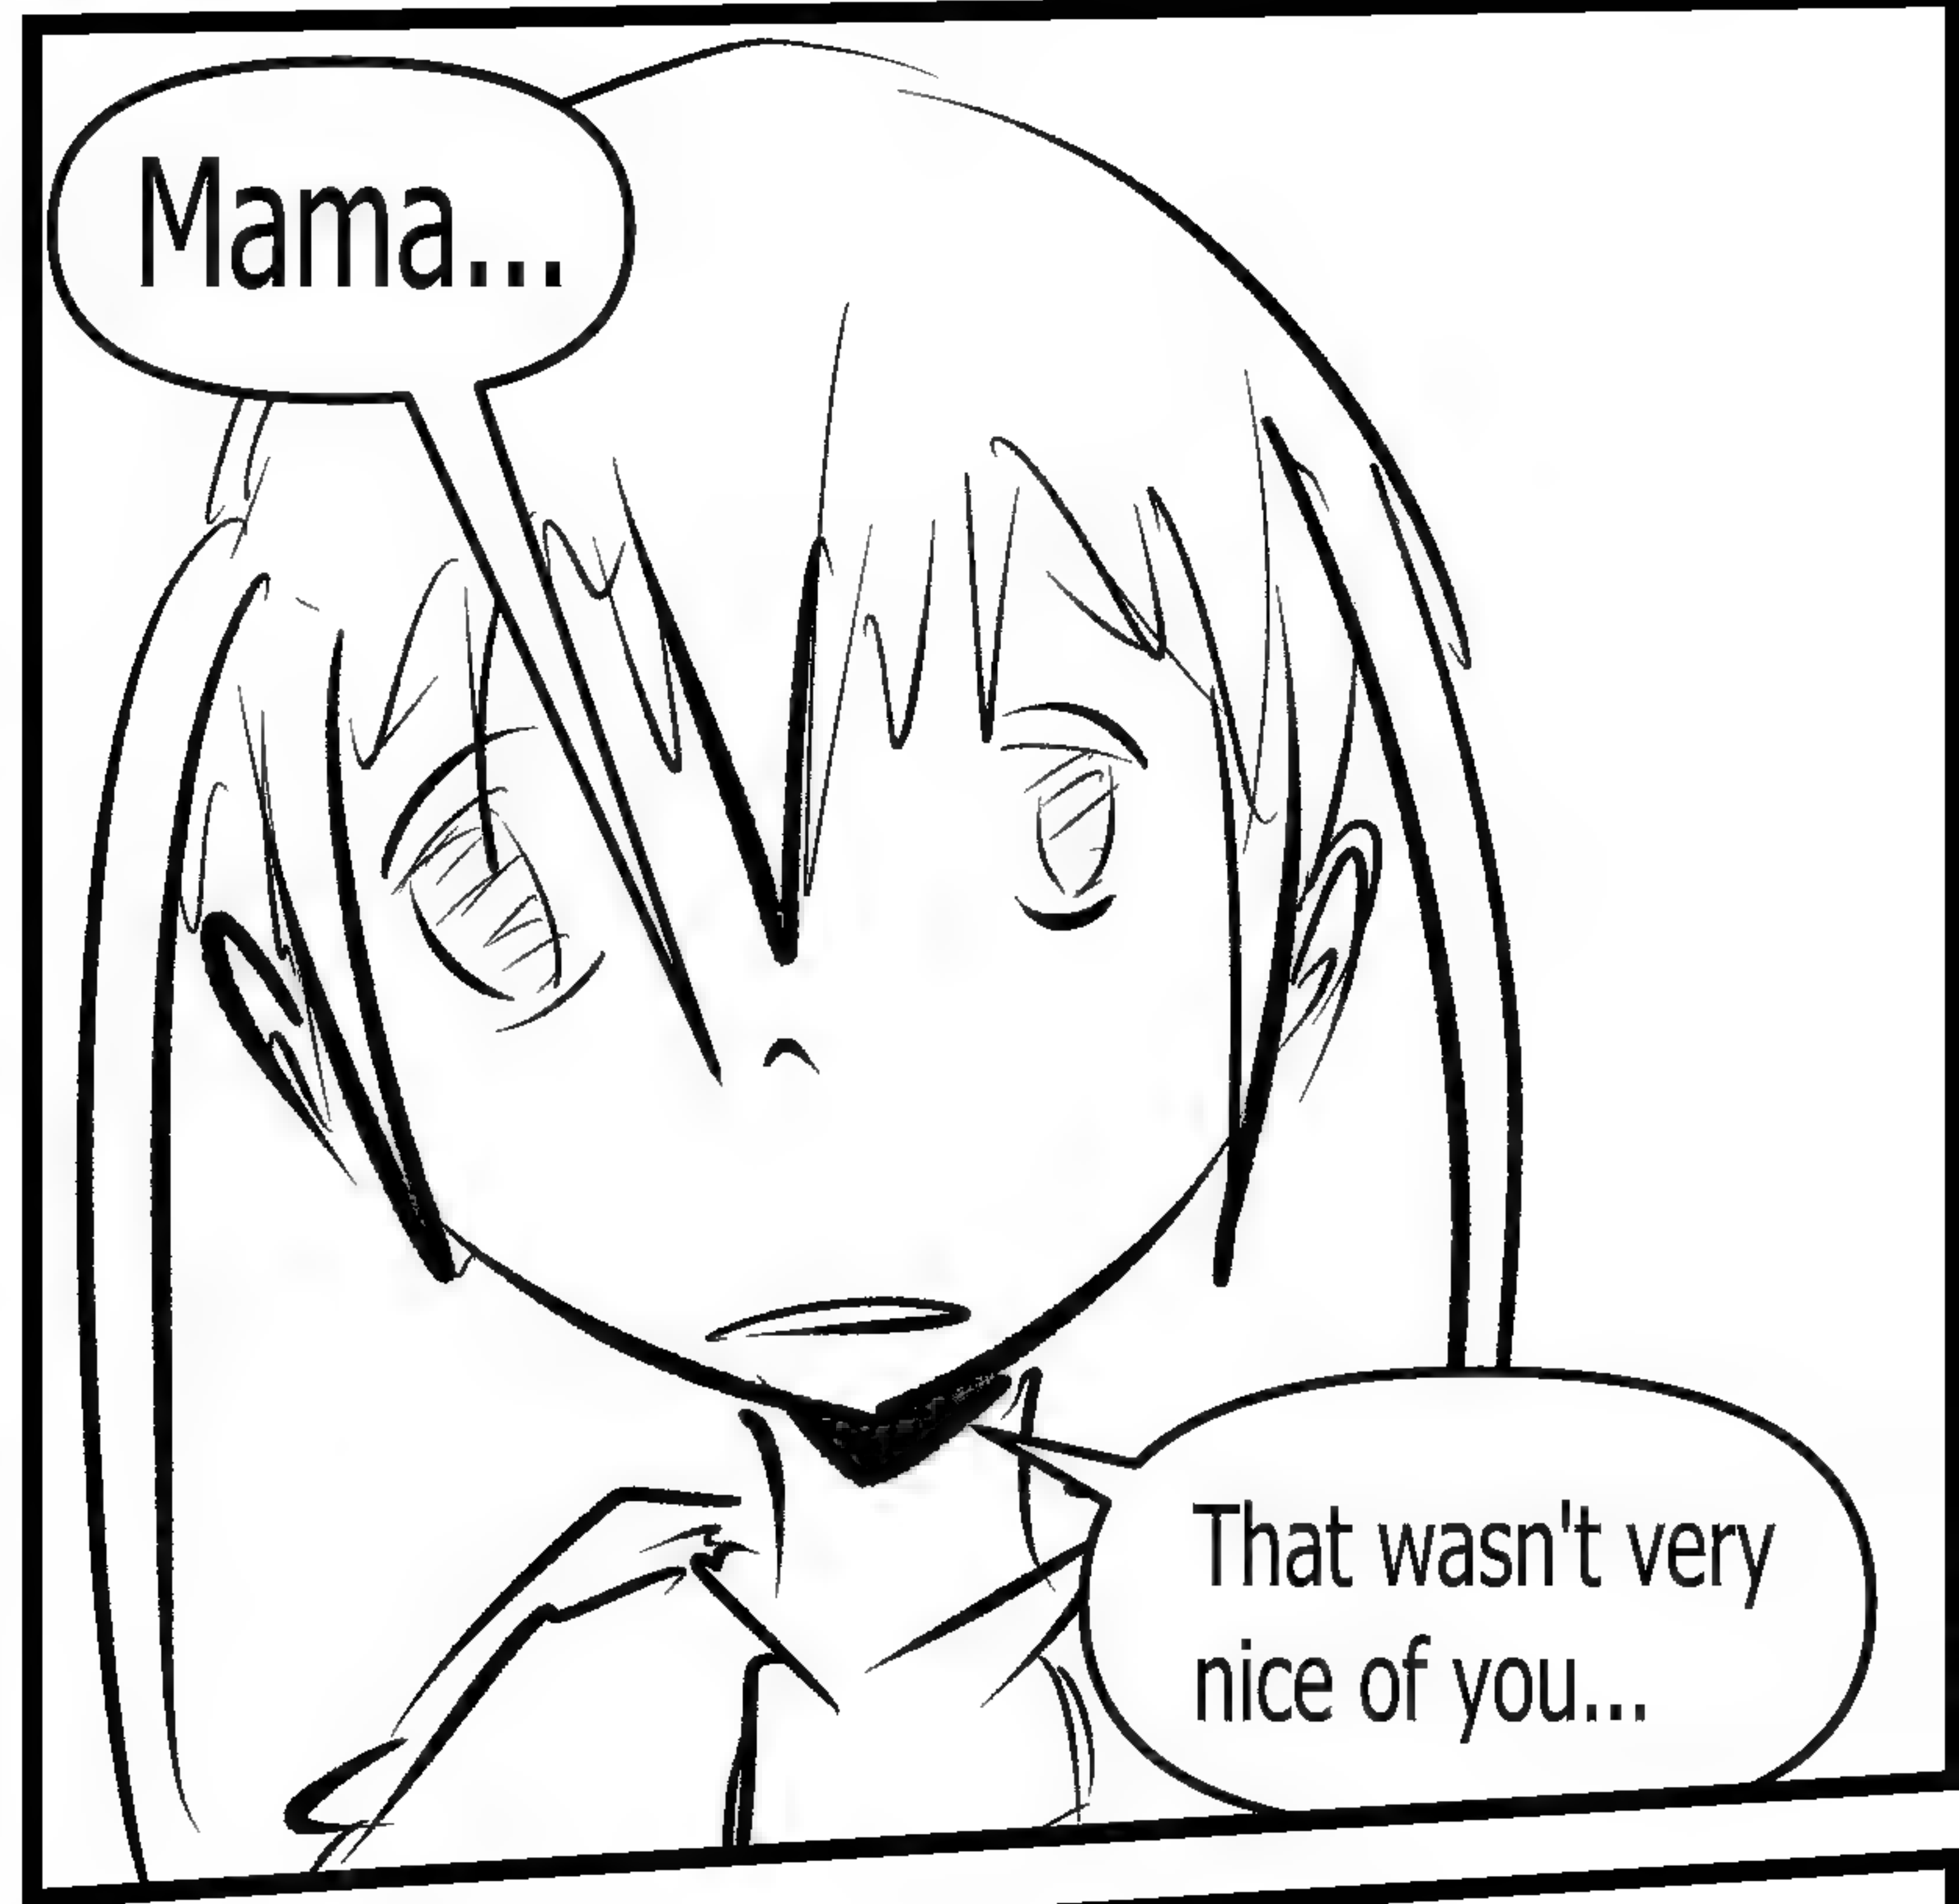

HEY!

Oh... So what is this thing?

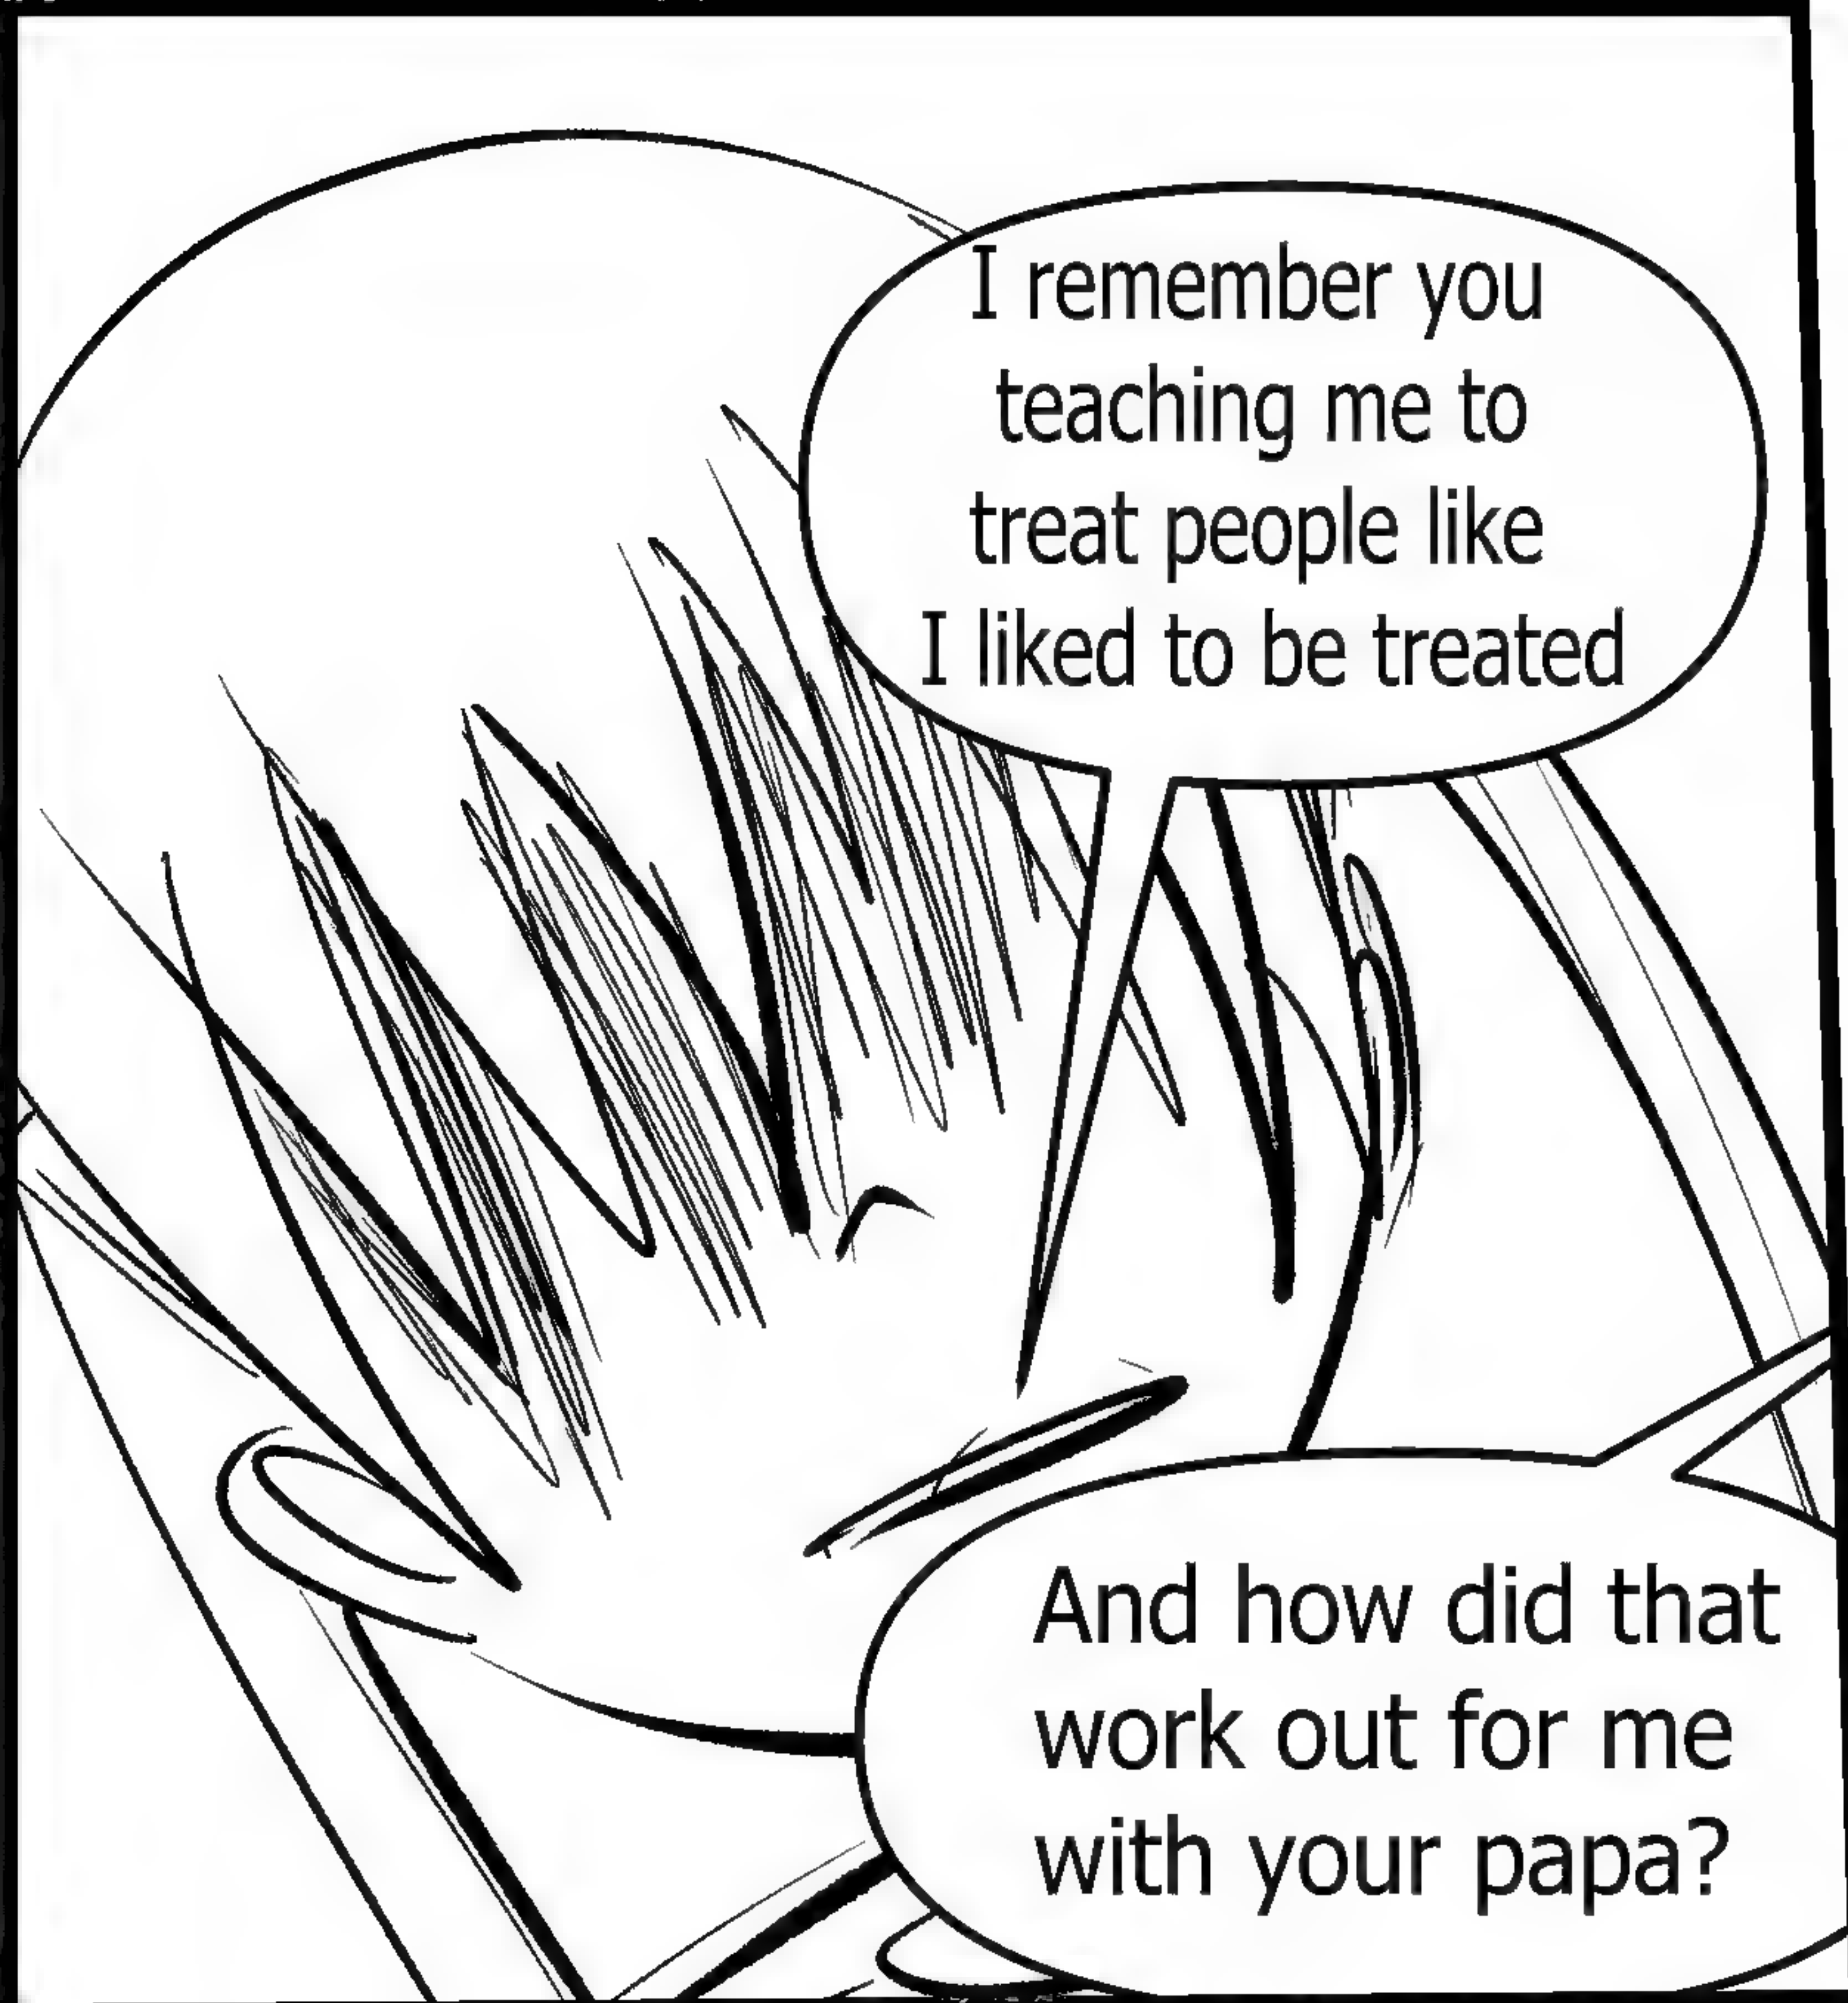

Honey, what happened to your leg??!

Oh, just a "mission accident"

This institution can't even keep it's best student safe!!!

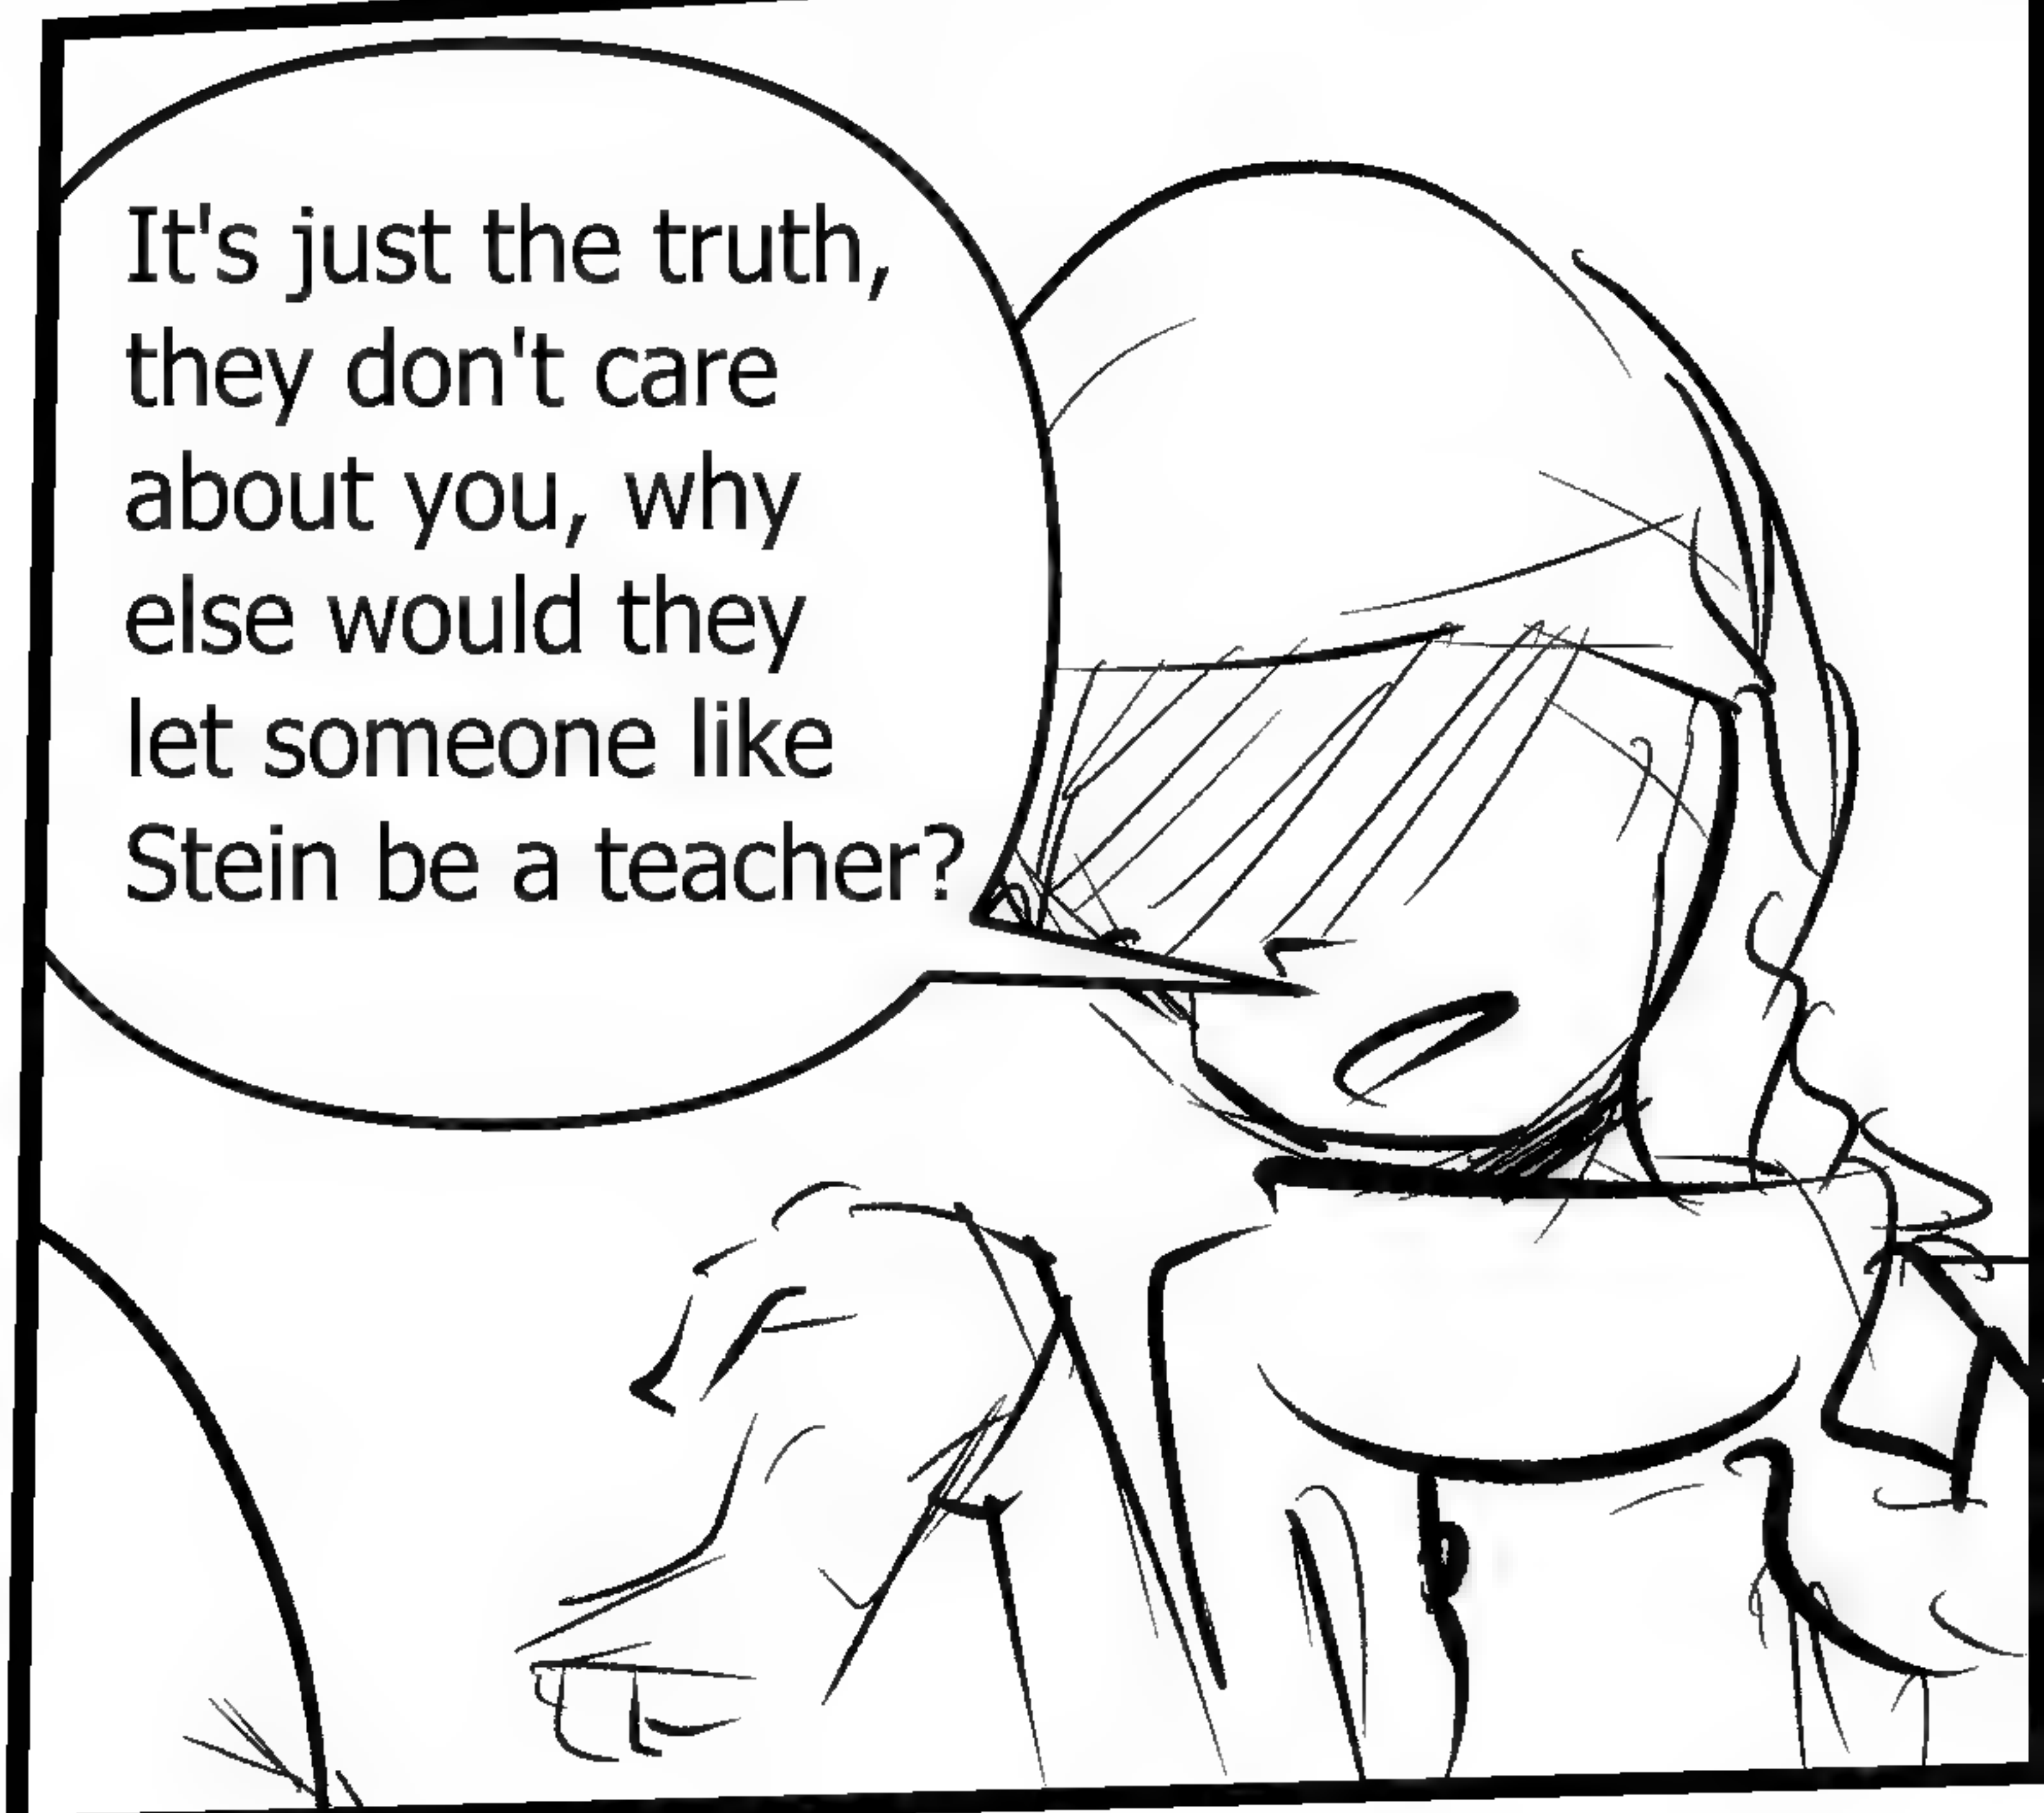

Did you atleast ask for compensation?

No-

You have to remember that nothing in the world is free!

That's not something you used to say...

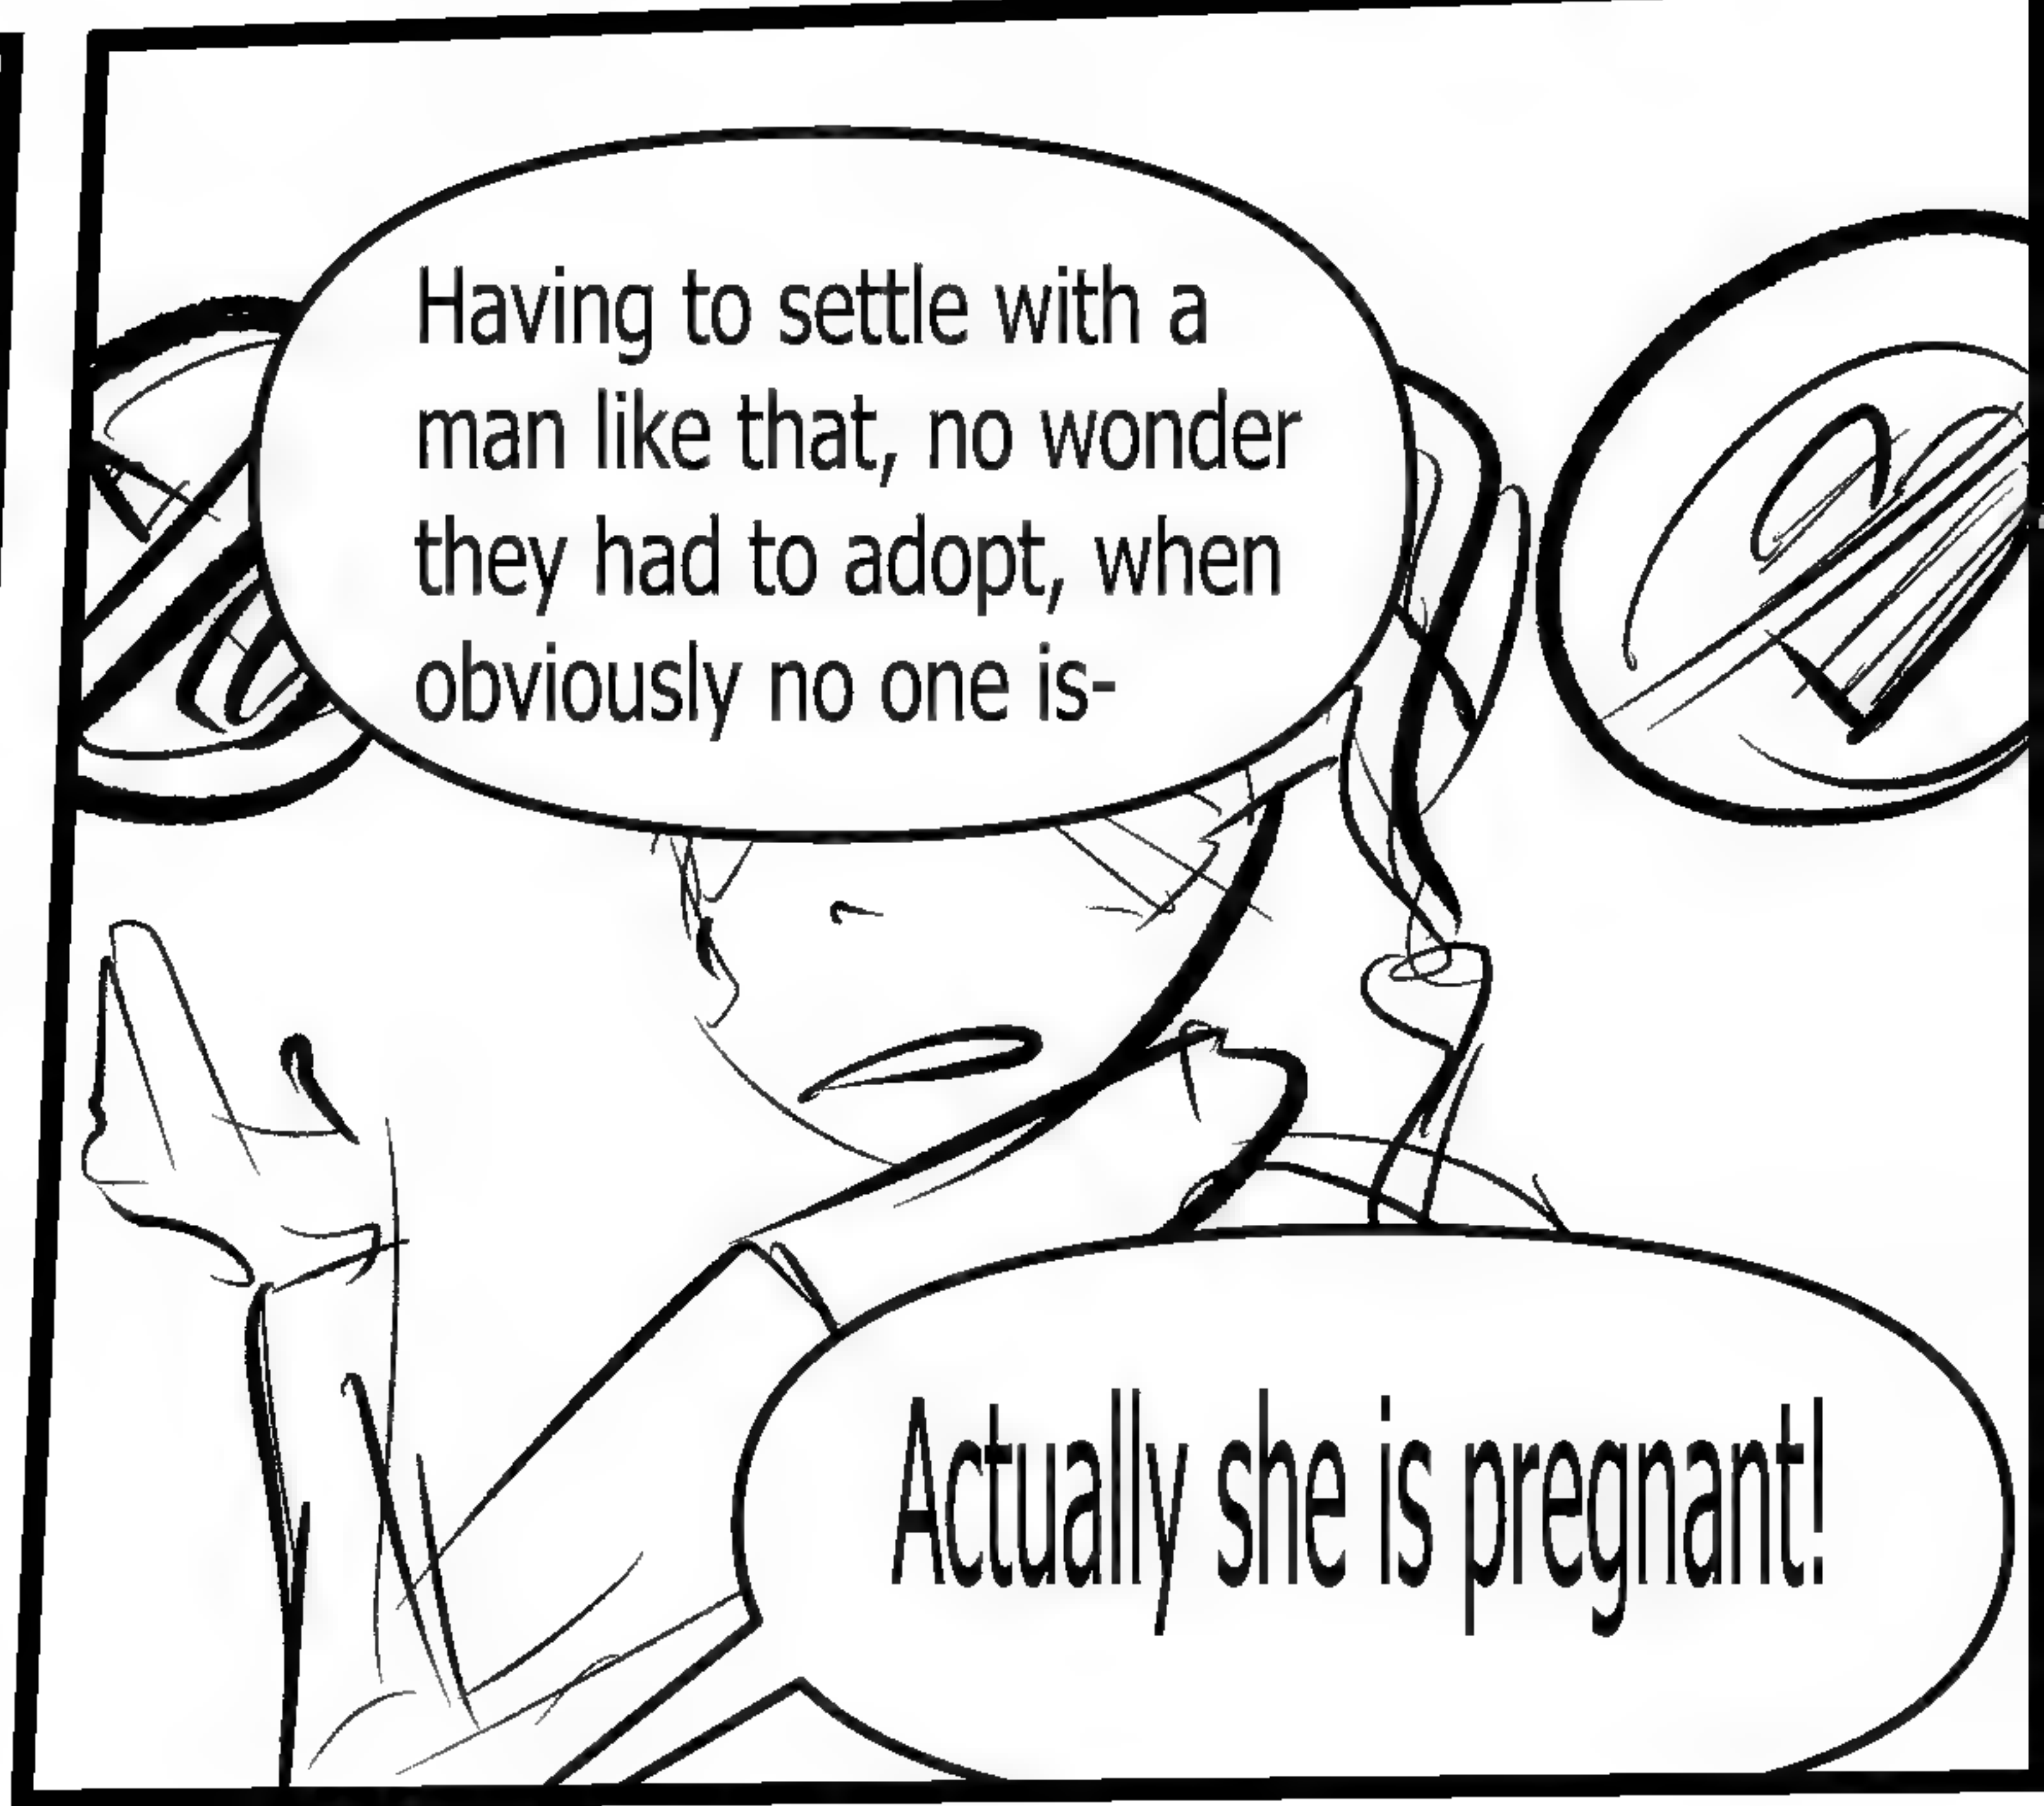

It's just the truth, they don't care about you, why else would they let someone like Stein be a teacher?

When I first met Profesor Stein, I was of the same opinion, I just saw him as a crazy man on the verge of going postal...

But he proved me wrong, he changed for the better when no one would have expected

You know you can trust me with everything!

Unlike everyone else, who you better keep at knife point figuratively, and literally, depending on the state laws

Nobody? What about my friends-

Friends?! Stop being childish!

I remember having a good friend too once...

Best friends forever!

oh how wrong I was...

But then I joined the DWMA and we didn't see each other for a few years...

When we met back up again... I still remember the words...

"Eh I think our interests just changed too much, sorry"

Mama, were you really that traumatised by a natural part of growing up?

The true horror of the world... You can't comprehend it...

But anyways that's why you should forget about that pink-haired weirdo

BYE  
BYE  
!

What?!?

He probably also just dyes it that way, you know the old tactic of looking pathetic to gain sympathy

He wouldn't try to convince others that it was purple if that was the case-

I know his type better than I wish I did, appearing all soft and sensitive, caring and all that jazz just to get your defenses down...

Only to use you and betray you!

Just like your "Papa" did!

No... He is not like that...

Oh you think I'm wrong? Am I wrong about that father of yours too? Or about the crazy doctor from who's grasp I saved that ungrateful pig? I know a lot more about them and men in general, what do you know? What good has Stein done for you?

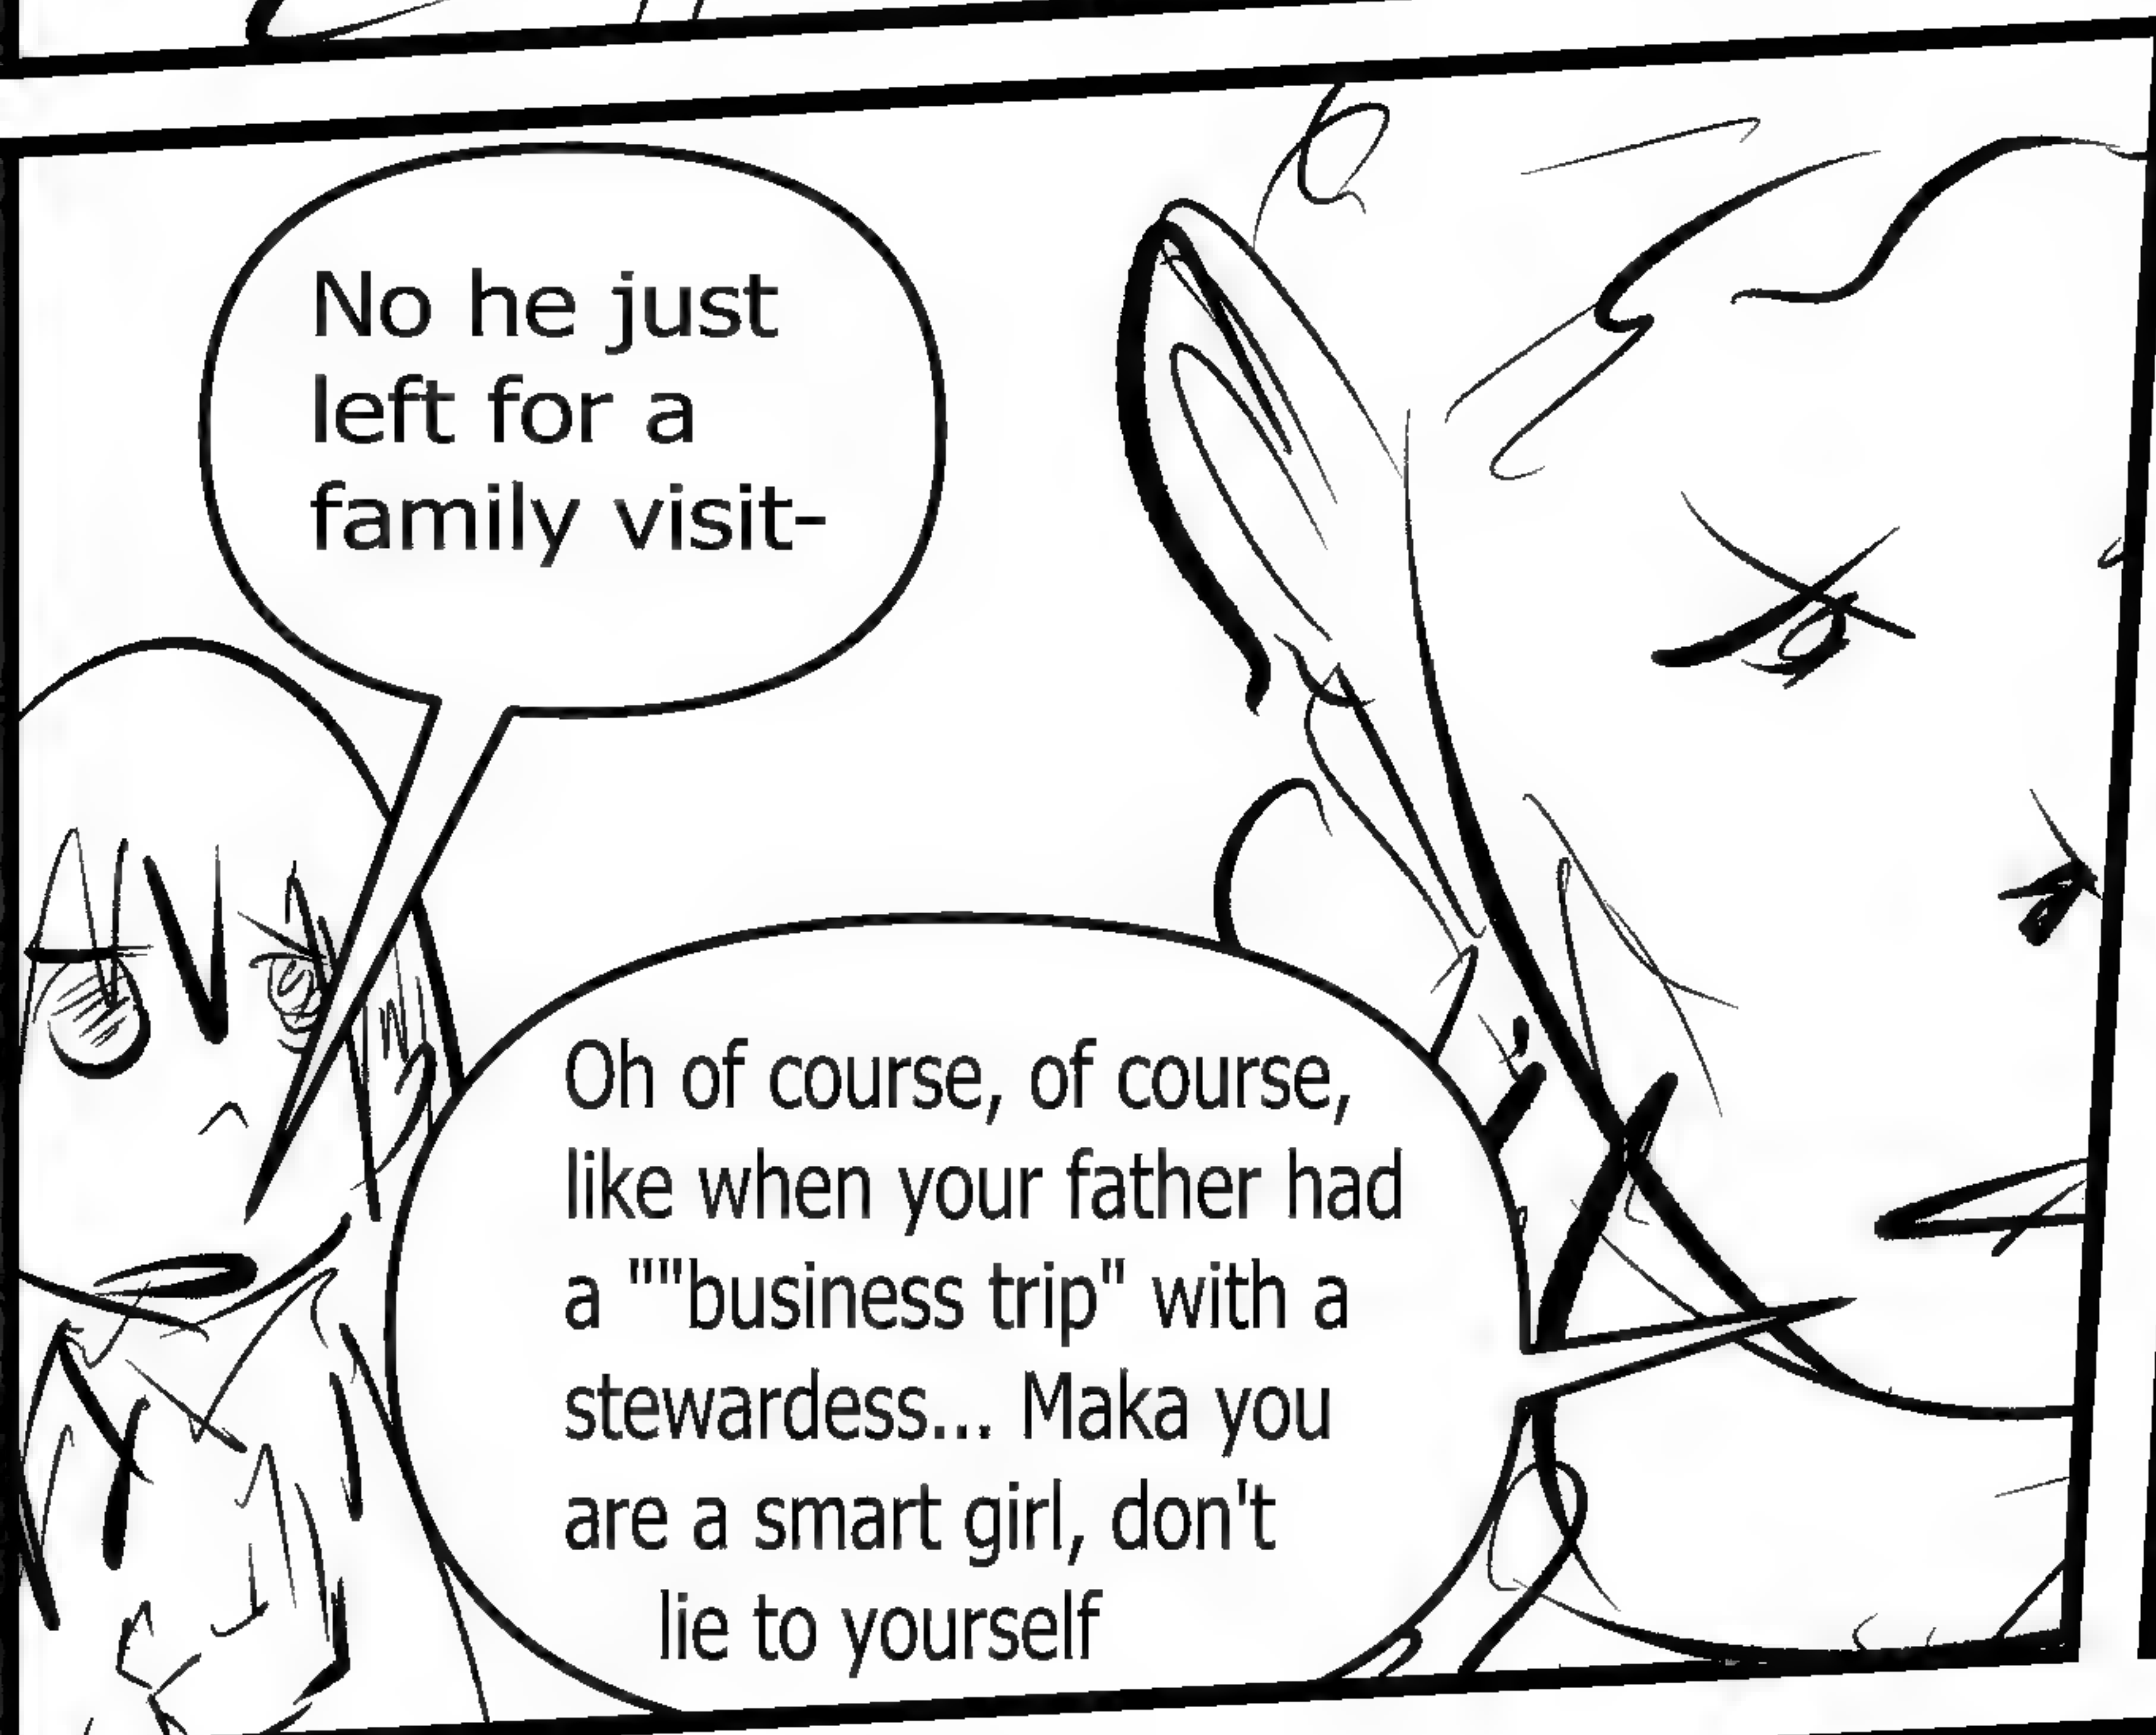

What good he did?! He saved me and Souls lives more than once! And papa did it too!

Ah Soul, forgot about that sharkboy, good that he seems to have left you for other pray

No he just left for a family visit-

Oh of course, of course, like when your father had a ""business trip" with a stewardess... Maka you are a smart girl, don't lie to yourself

He saw that you were not "that" kind of girl and used any excuse to swim away, "plenty of girls in the sea" as they say...

Soul wasn't even interested in me in that way Mama

All men are, that's how they look at us, everything is just a game, they admit it themselves

How to get girls like points in a videogame

Actually I remember you loved reading, so why not try some of these books, they helped me so why not you?

Mama, not these kind of books...

How to get them before they get you

Yes, really even more  
PUTS FOR DEATH

Why everyone besides you is a narcissist and psychopath and abusive

WRITTEN BY: NOT A FED

The subtle art of not giving a FUDGE!

Don't judge a book by it's cover, only people!

They revealed ancient truths to me, so would not be wise to just dismiss them unlike a beggar asking for a dollar

I'm starting to understand why book burnings were a thing in the past...

HOW EVOLUTION PROVES THAT ING AN BUT GOOD!

Even if you think they are stupid, at least they will help you forget about Soul and the boy with the talking tumor

Crona?

Yeah that, what a weird name, allways forget it for some reason... Wait, why does it seem like that name-

WAIT...

Don't tell me that he is the brat of that witch??!

t-technically, y-yes-

But I already took care of it!

Seems to me like you left the job half-finished...

But what is the DWMA thinking letting that monster just run around, they must be even worse than I thought...

You don't know him and what happened, I changed-

"I can change him"

Maka, please, as your mother I have to say it even if it sounds harsh:

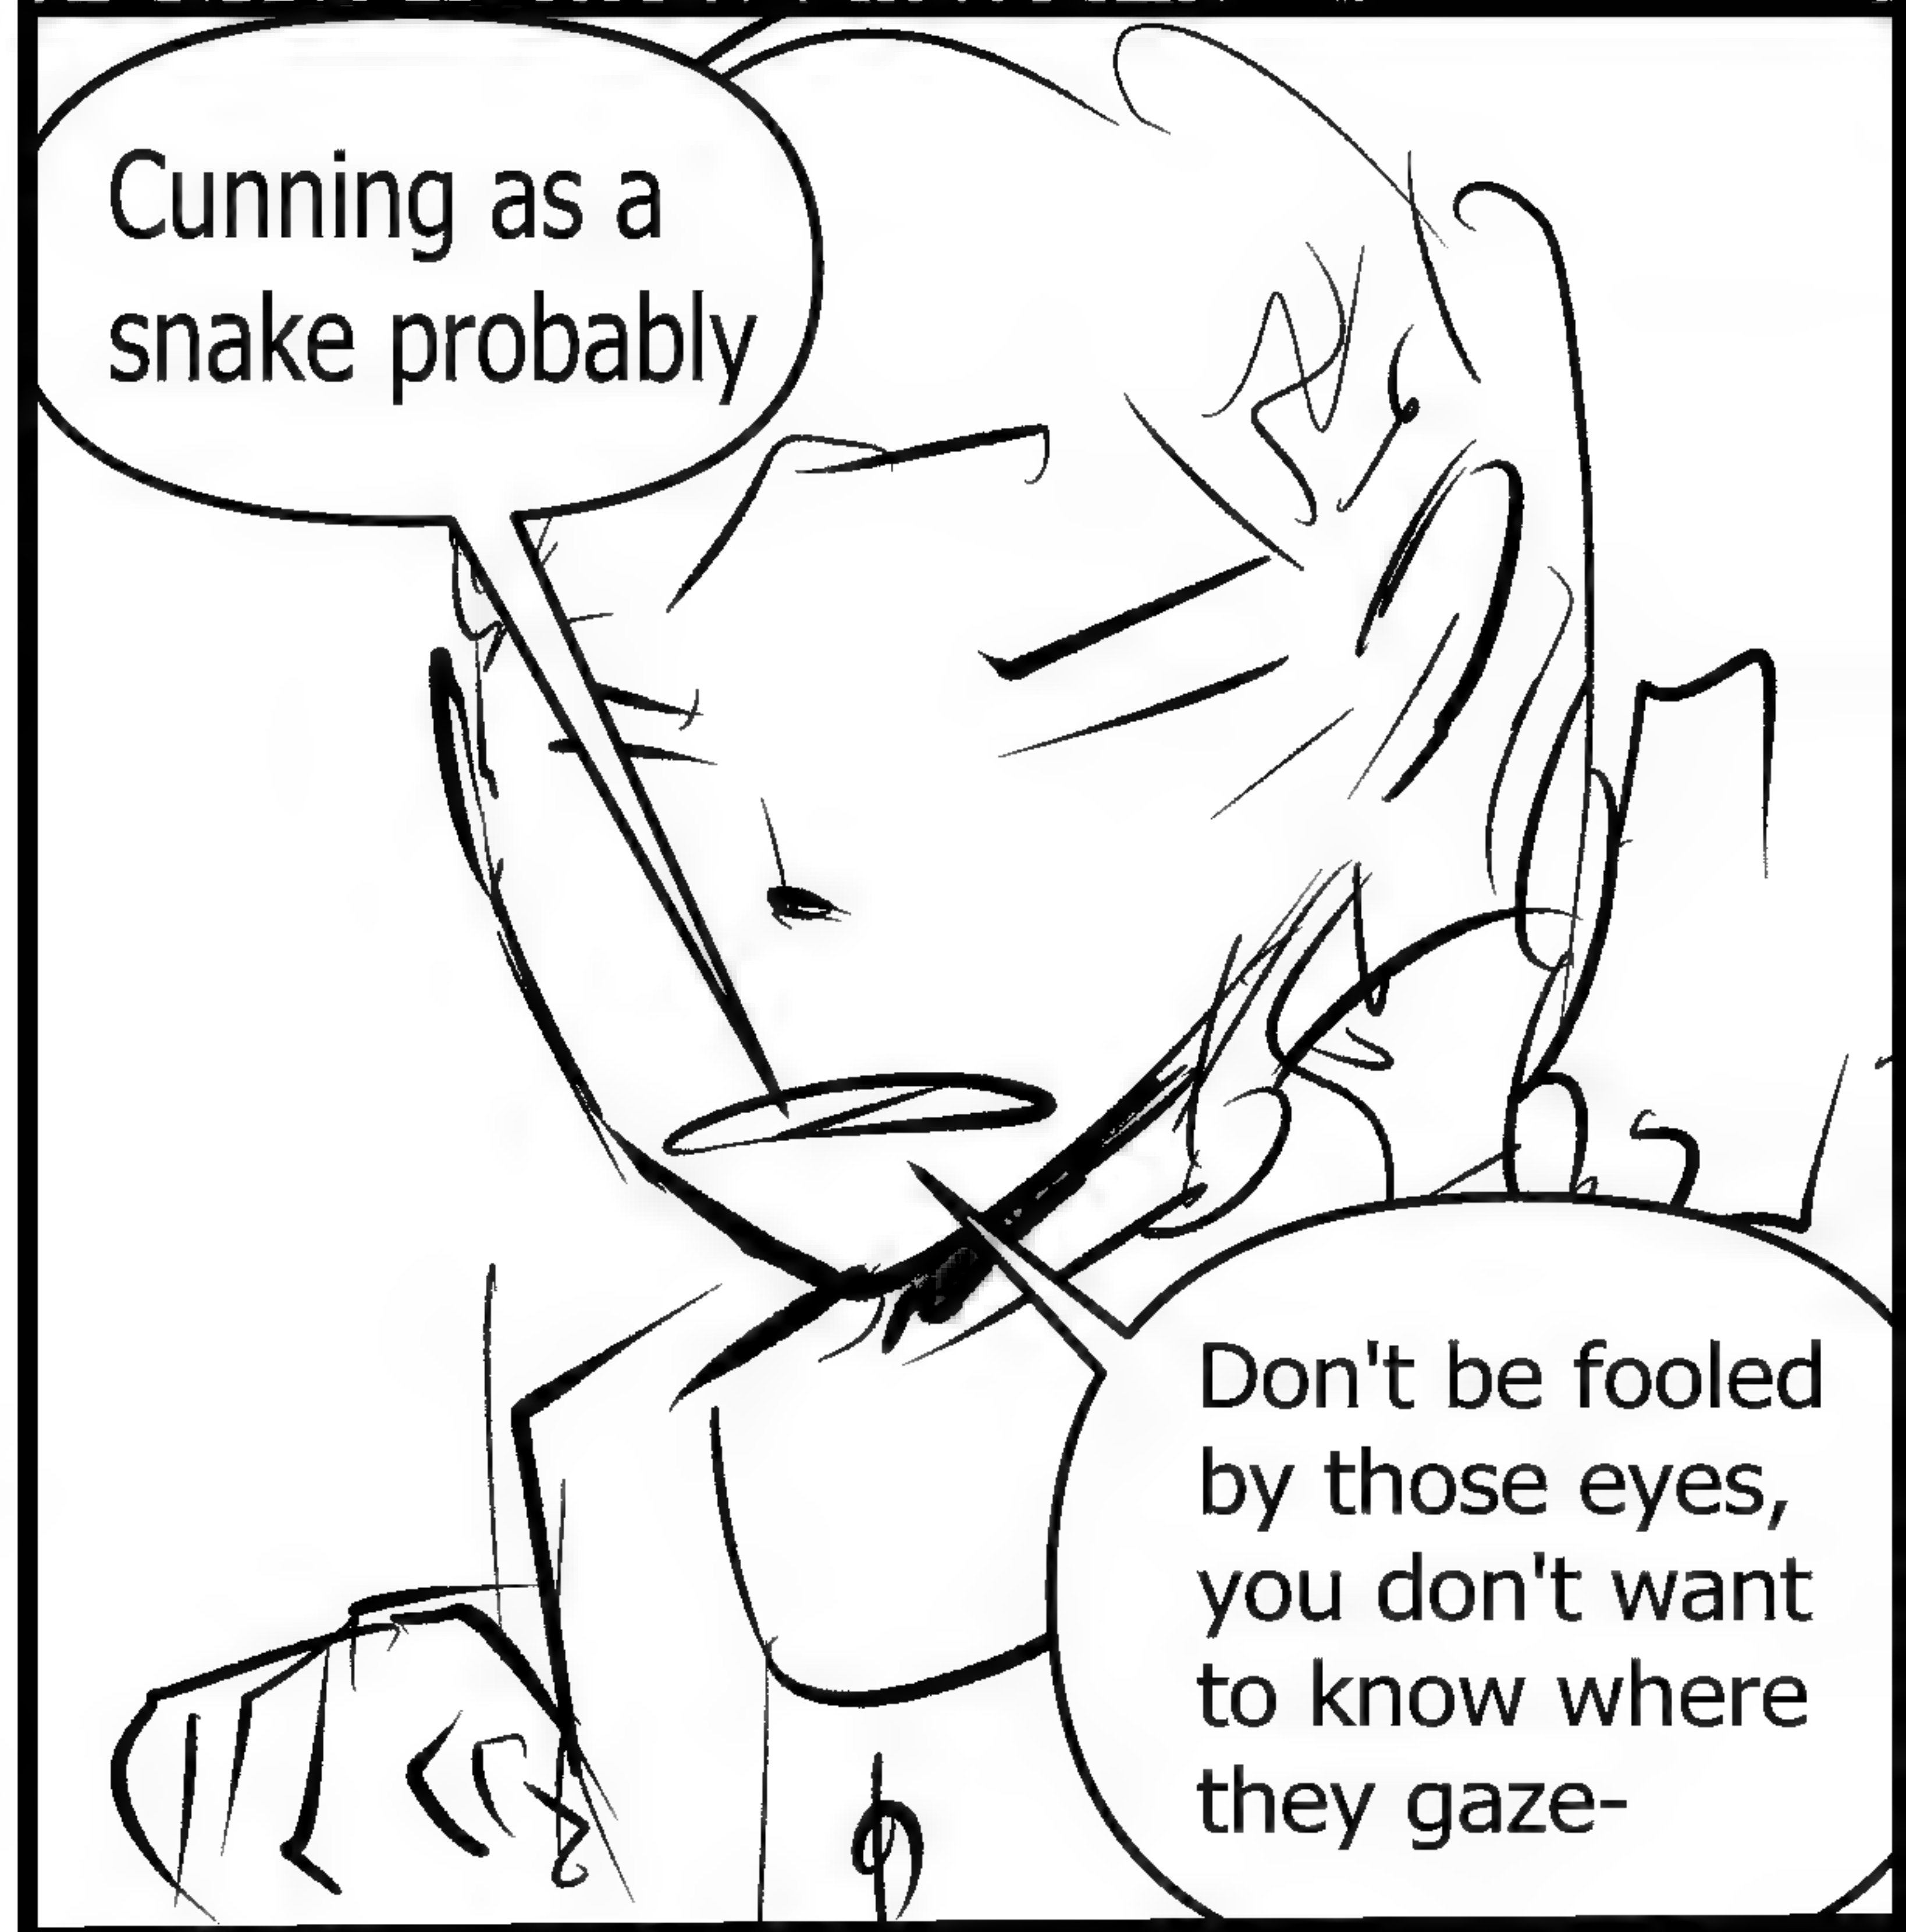

That is simply stupid! How many girls end up in the gutter just because they fell for some bad guy?

That's the last thing anybody would describe Crona as...

Besides I know him and he is nothing like you think, he is-

Cunning as a snake probably

Don't be fooled by those eyes, you don't want to know where they gaze-

Shut up, I had enough of this!

Maka please, I'm on your side

I just want the best for you-

I know it's hard to let go of one's idealisations, but it's better than to get seriously hurt later...

Look at it from my perspective: you just told me how you already almost died no less than once, how am I'm supposed to feel about my daughters reckless behaviour?

But speaking of that, who was that bastard responsible for doing something so horrible?

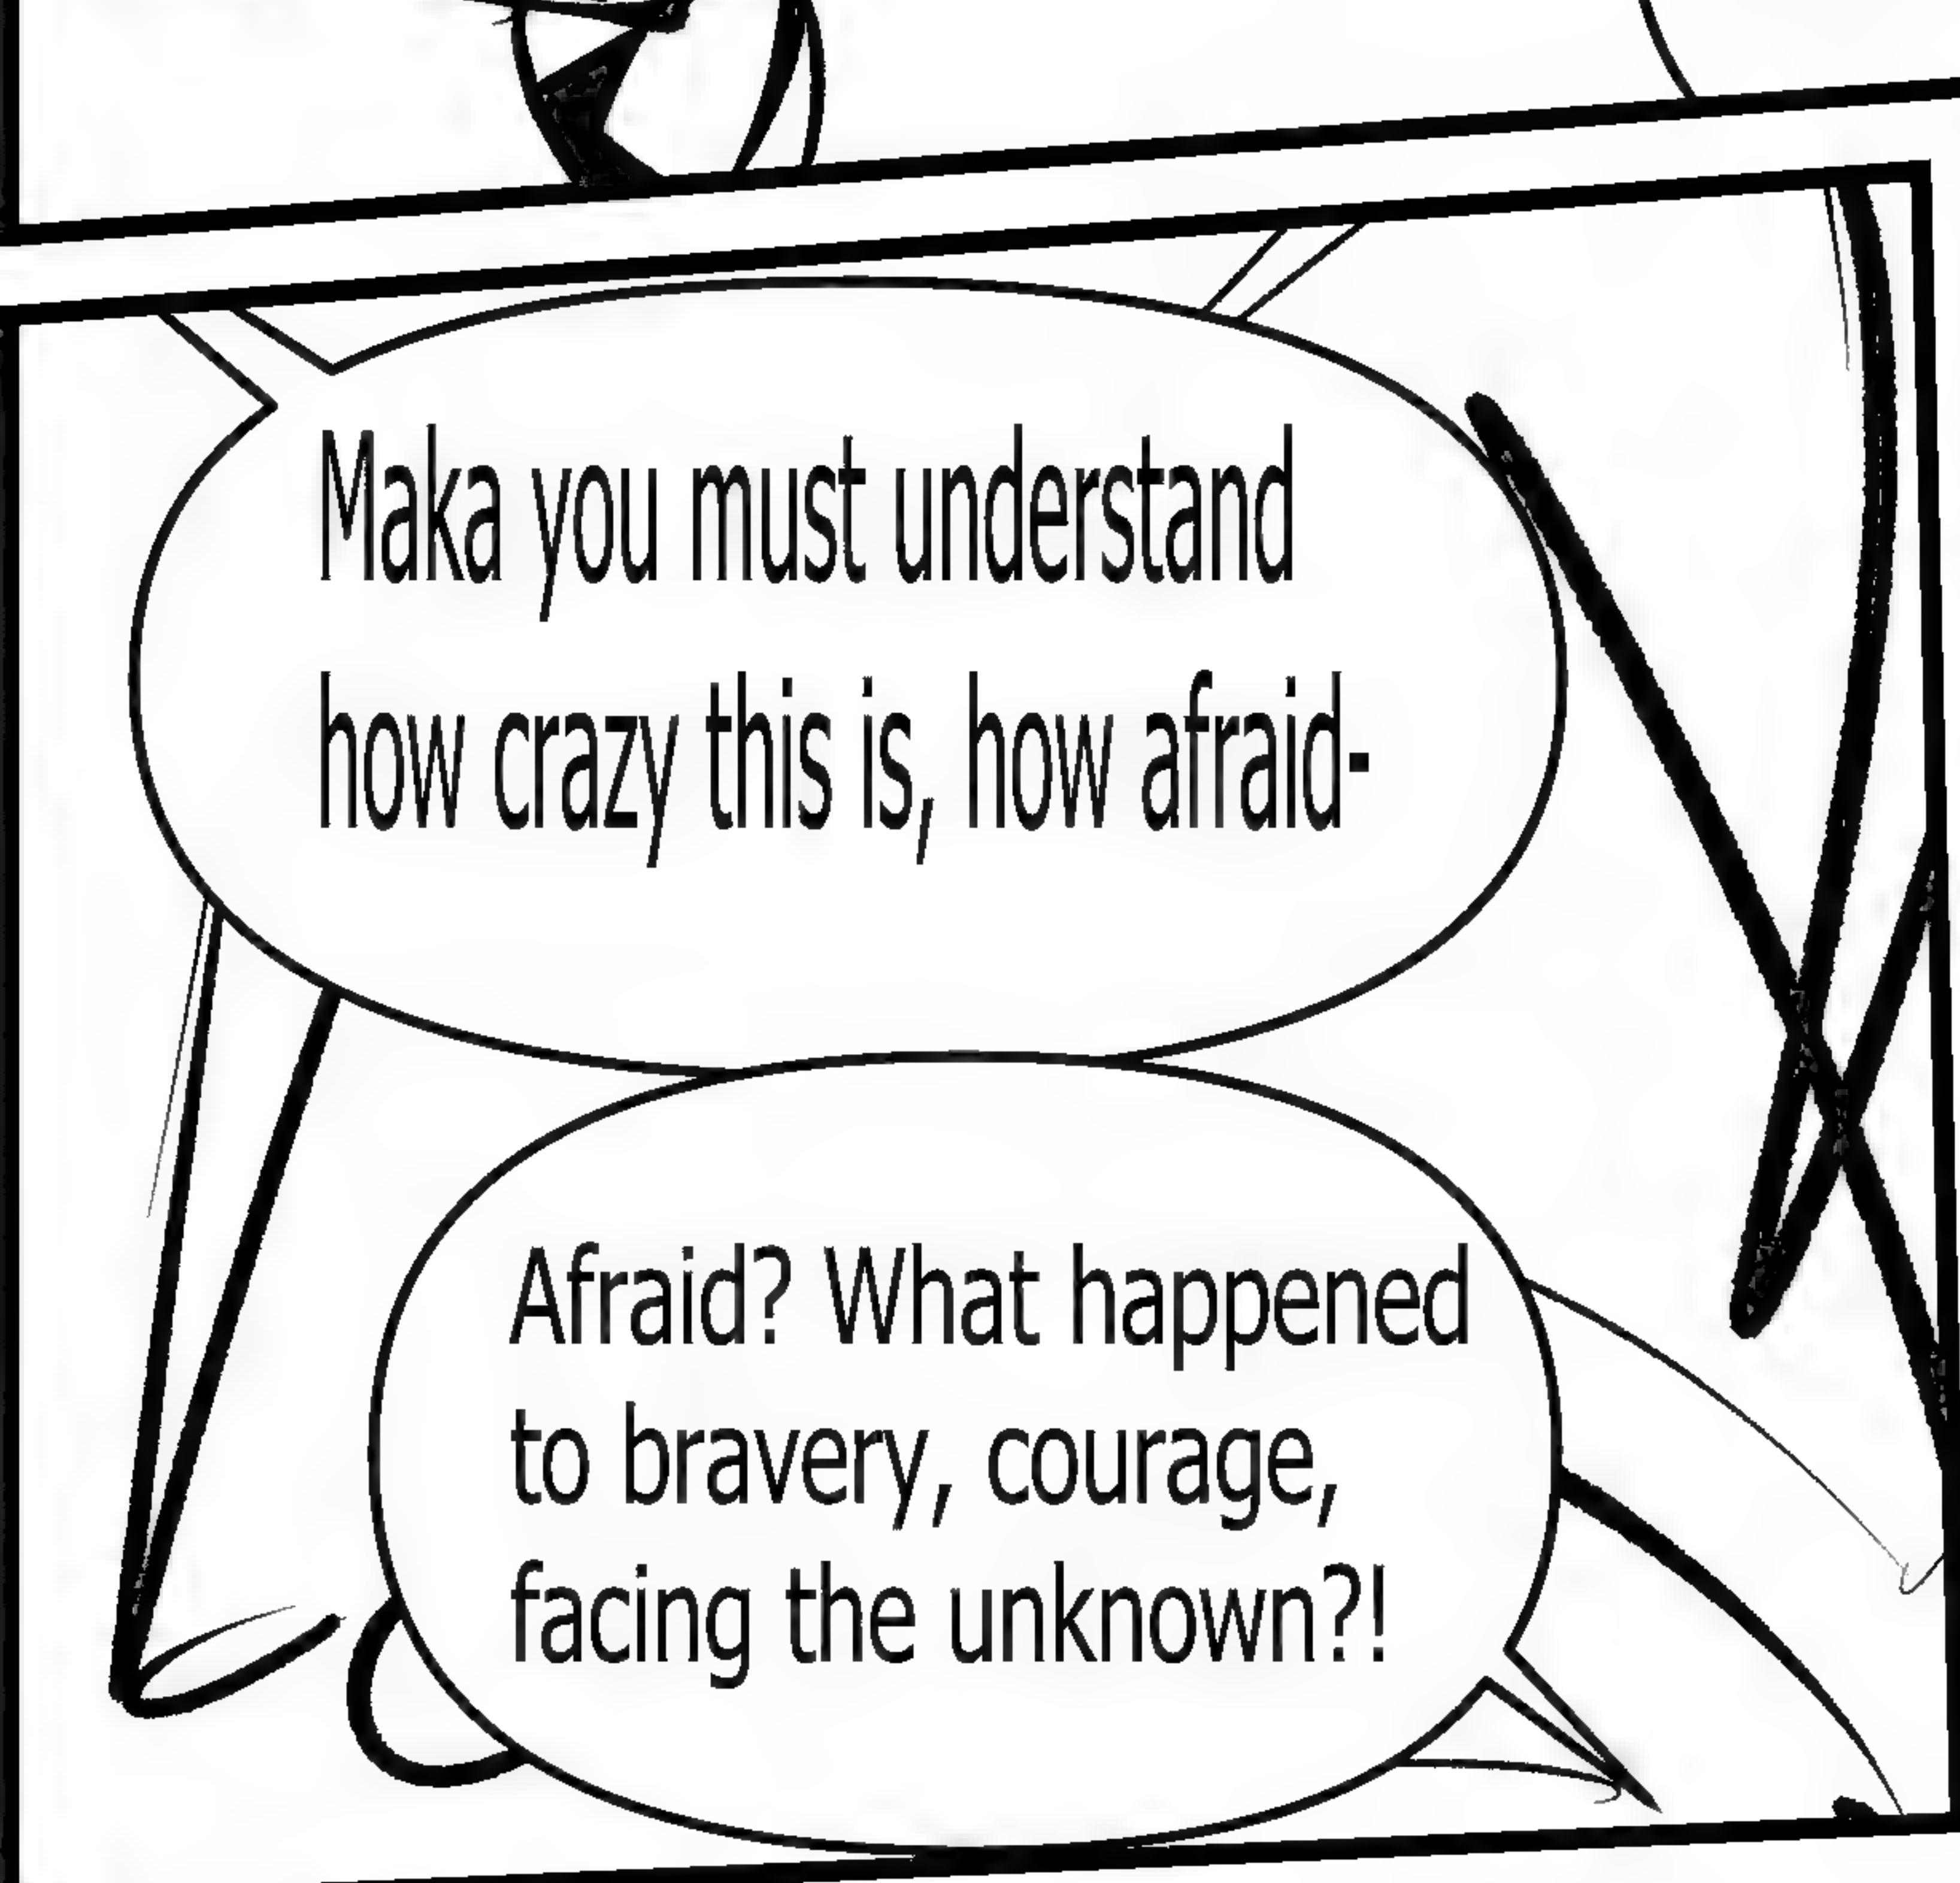

Maka?

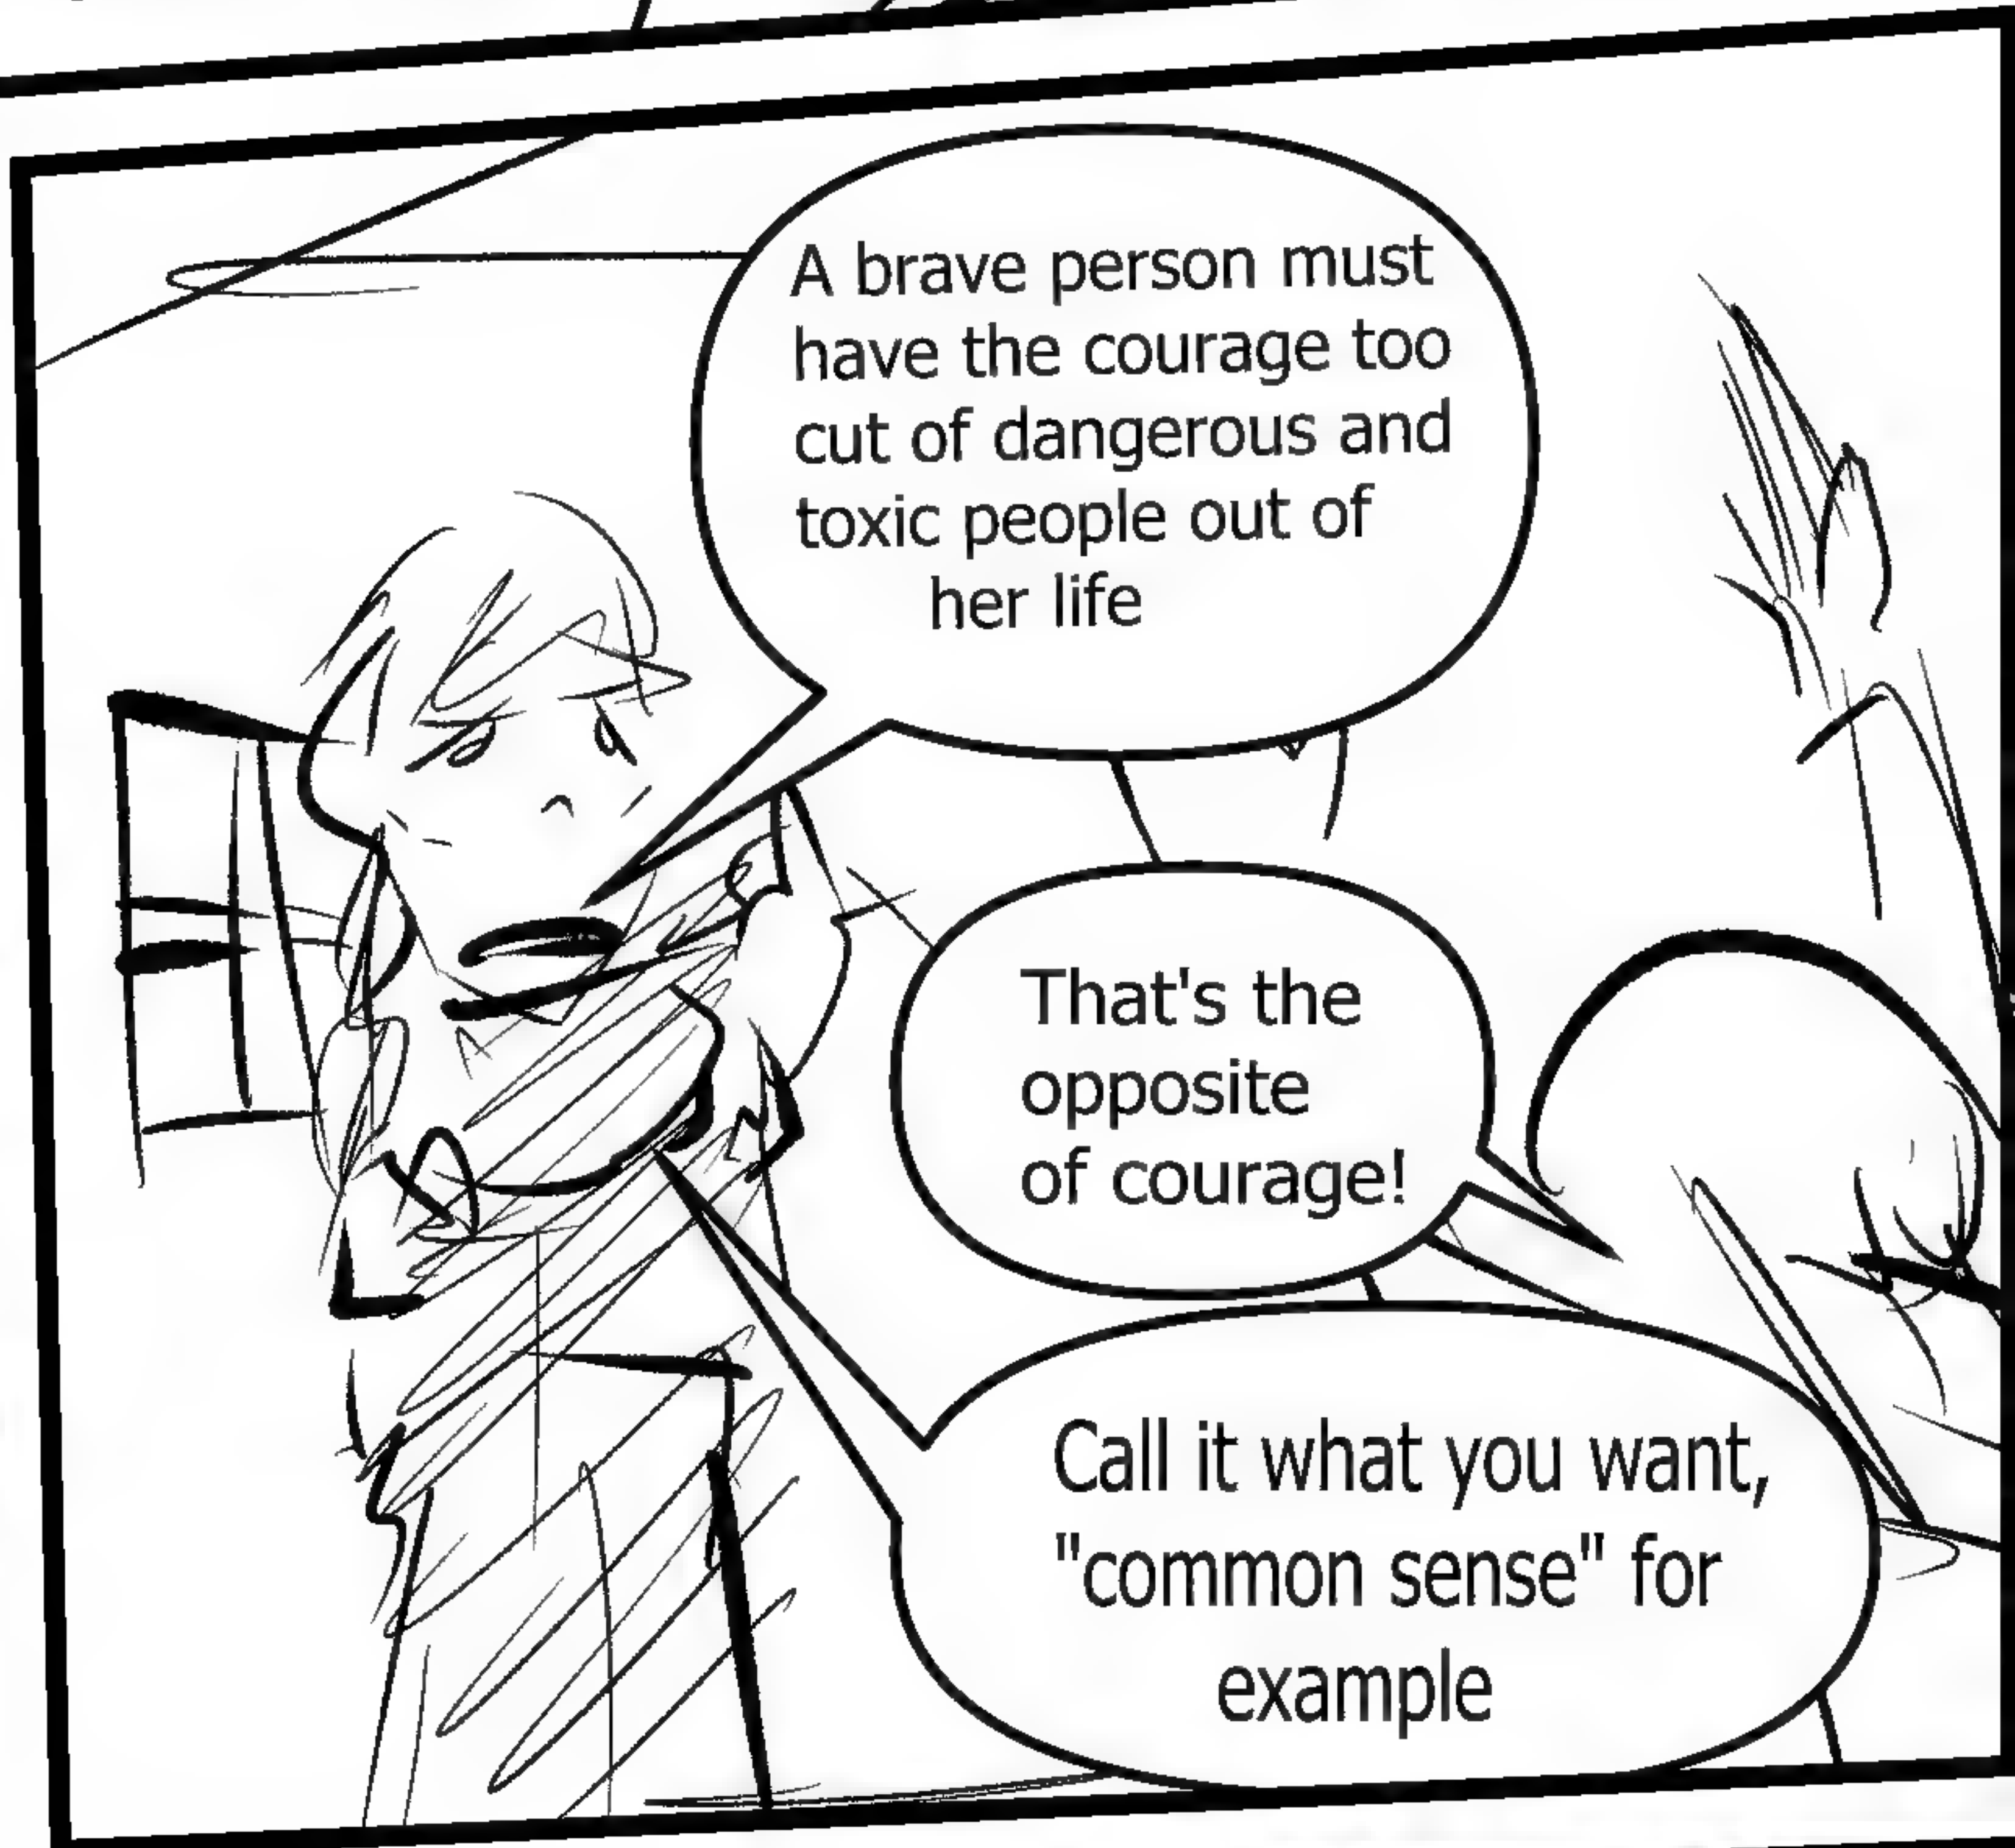

No.... Don't  
tell me it's  
who I'm thinking....

Yeah it is and  
I don't care  
what you think!

Maka you must understand  
how crazy this is, how afraid-

Afraid? What happened  
to bravery, courage,  
facing the unknown?!

A brave person must  
have the courage too  
cut of dangerous and  
toxic people out of  
her life

That's the  
opposite  
of courage!

Call it what you want,  
"common sense" for  
example

All this time, I thought that it was you that gave me courage...

But it seems like you are nothing more than just a coward...

My own daughter  
calling me that?

No, I stopped being a coward when I had  
the courage to leave that womanizer!

Or do you think  
it's "brave" to let  
yourself be belittled  
and abused?

N-no, of course not...

You may be  
angry at me  
now, but you  
will come around  
when you have  
more life experience...

We'll talk more  
about this, I'll  
just have to  
have a little  
chat with this  
so called "Lord"  
Death about a  
few things first

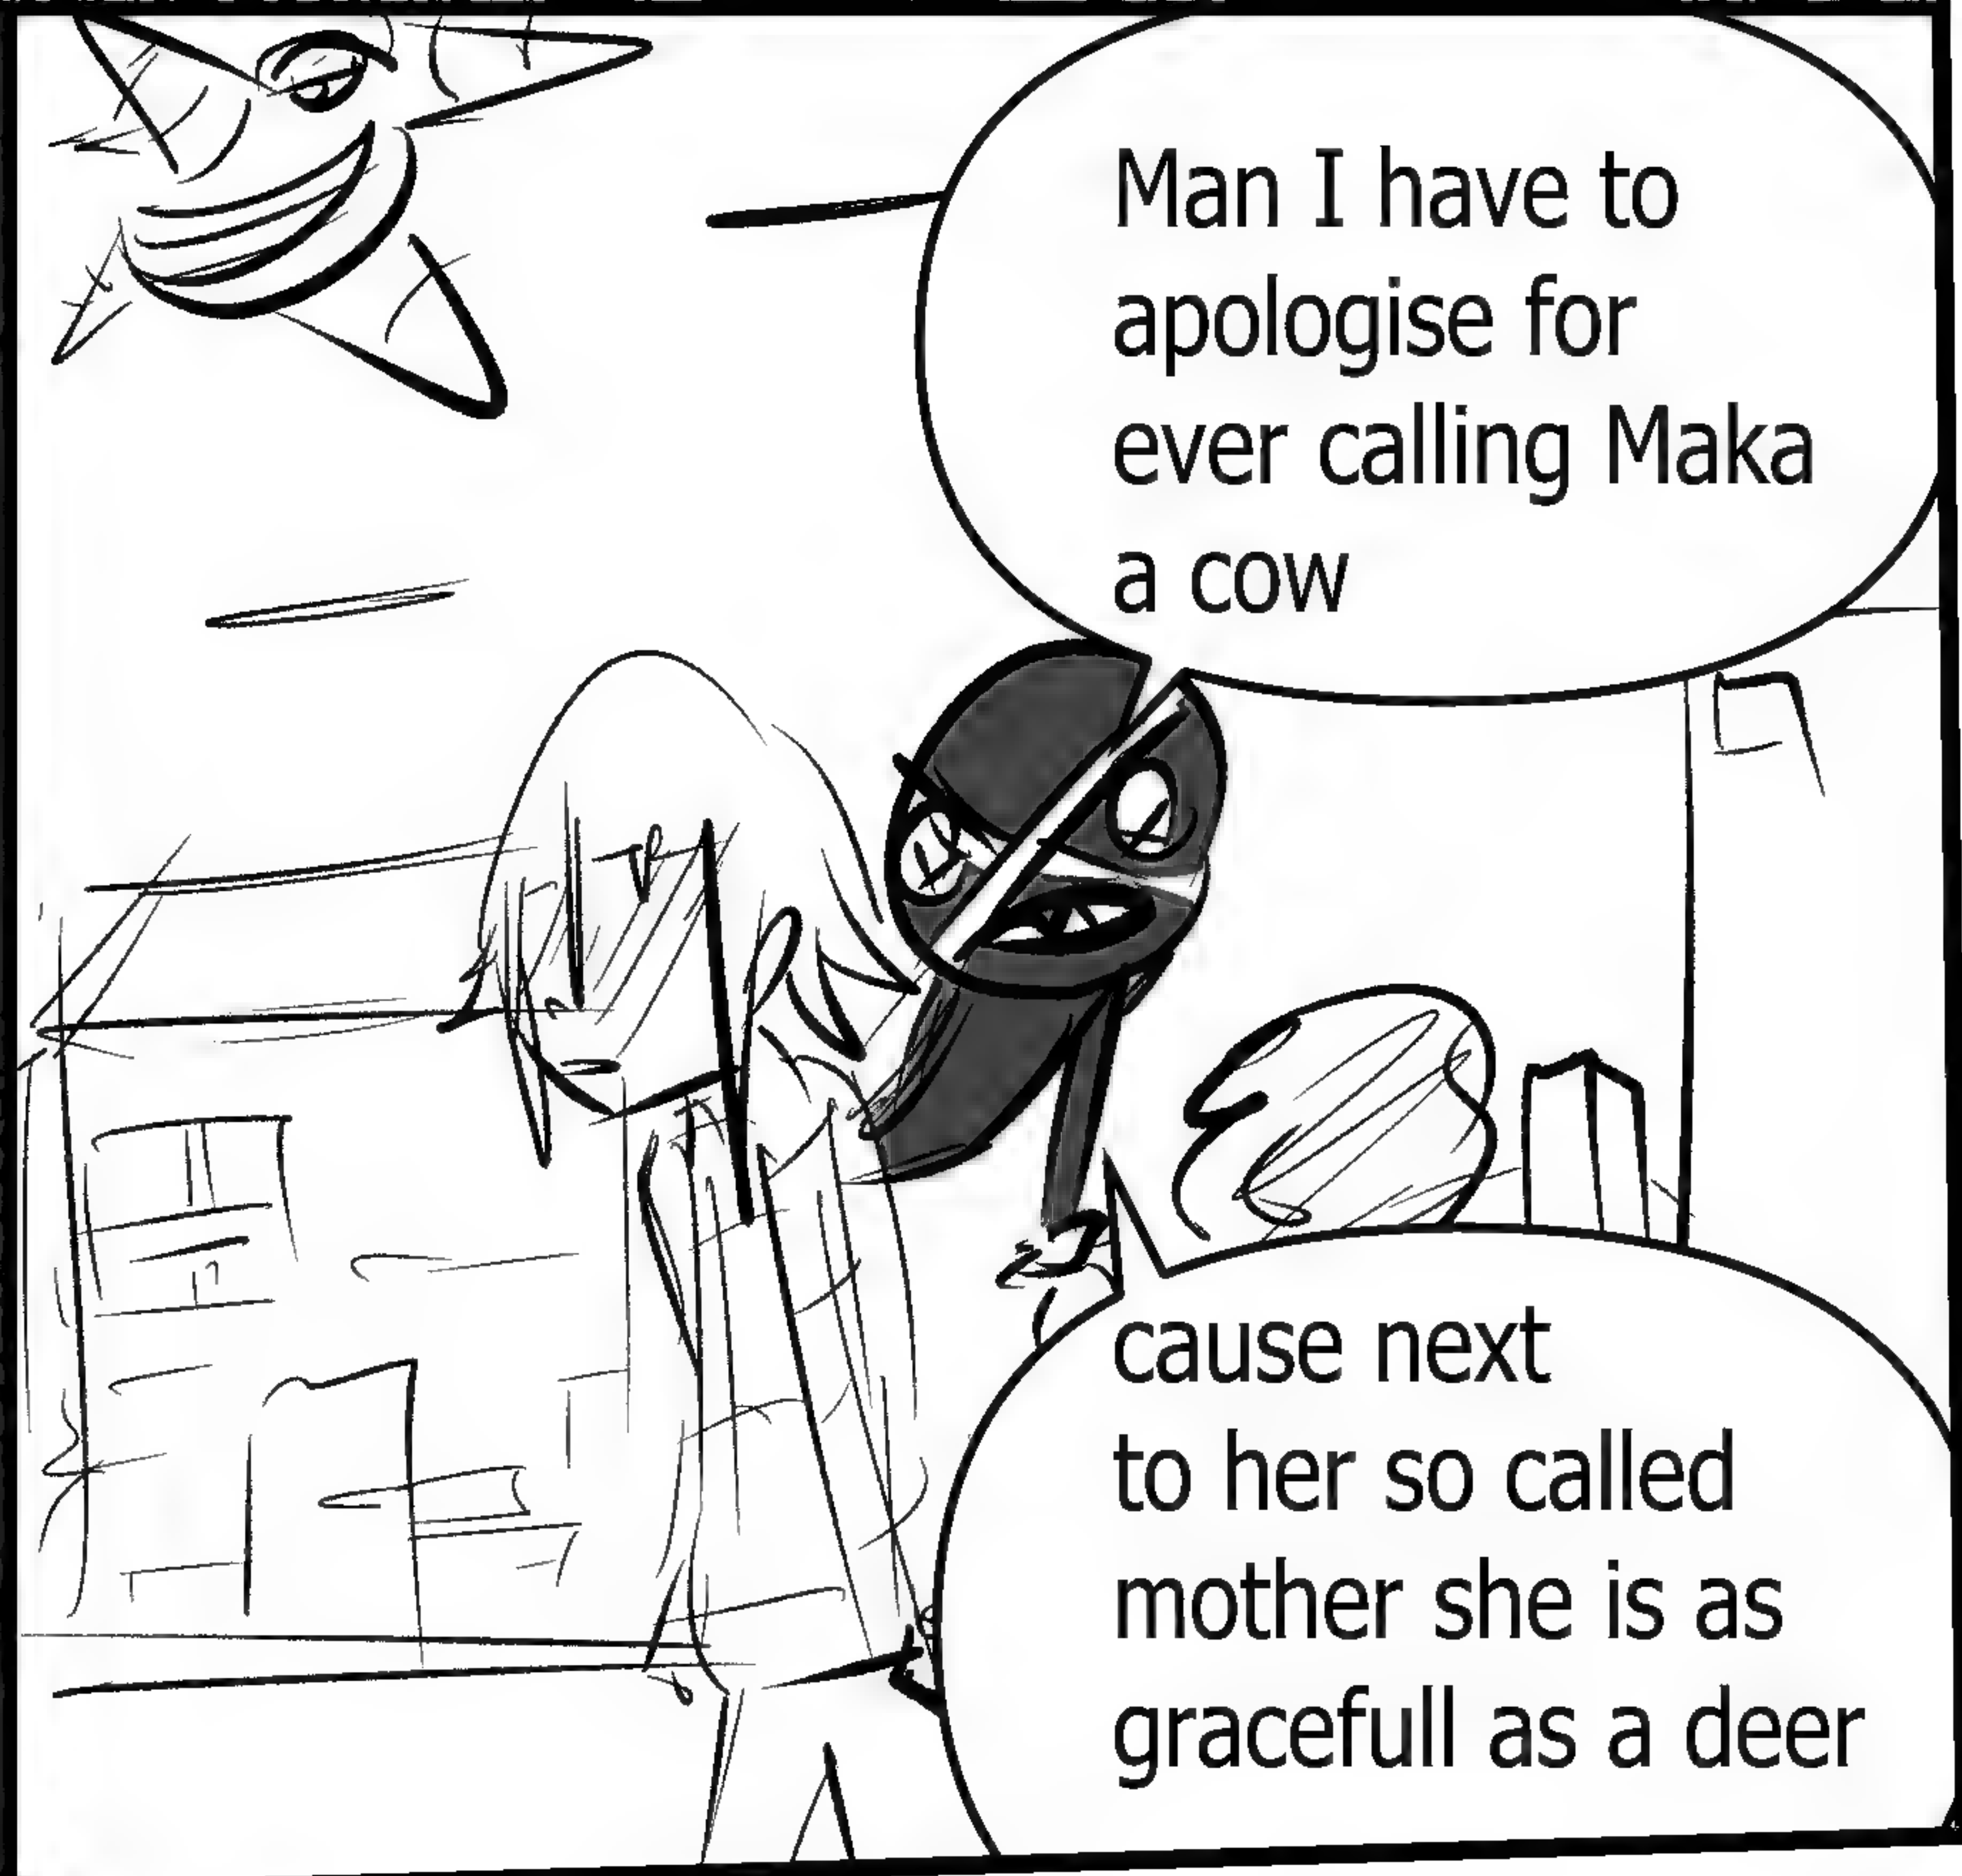

I hope you will  
rethink some  
things till then

It may be  
painfull for  
her

thnx

but she will  
thank me  
later when  
she isn't being  
cut to pieces  
by a literal  
witch-spawn

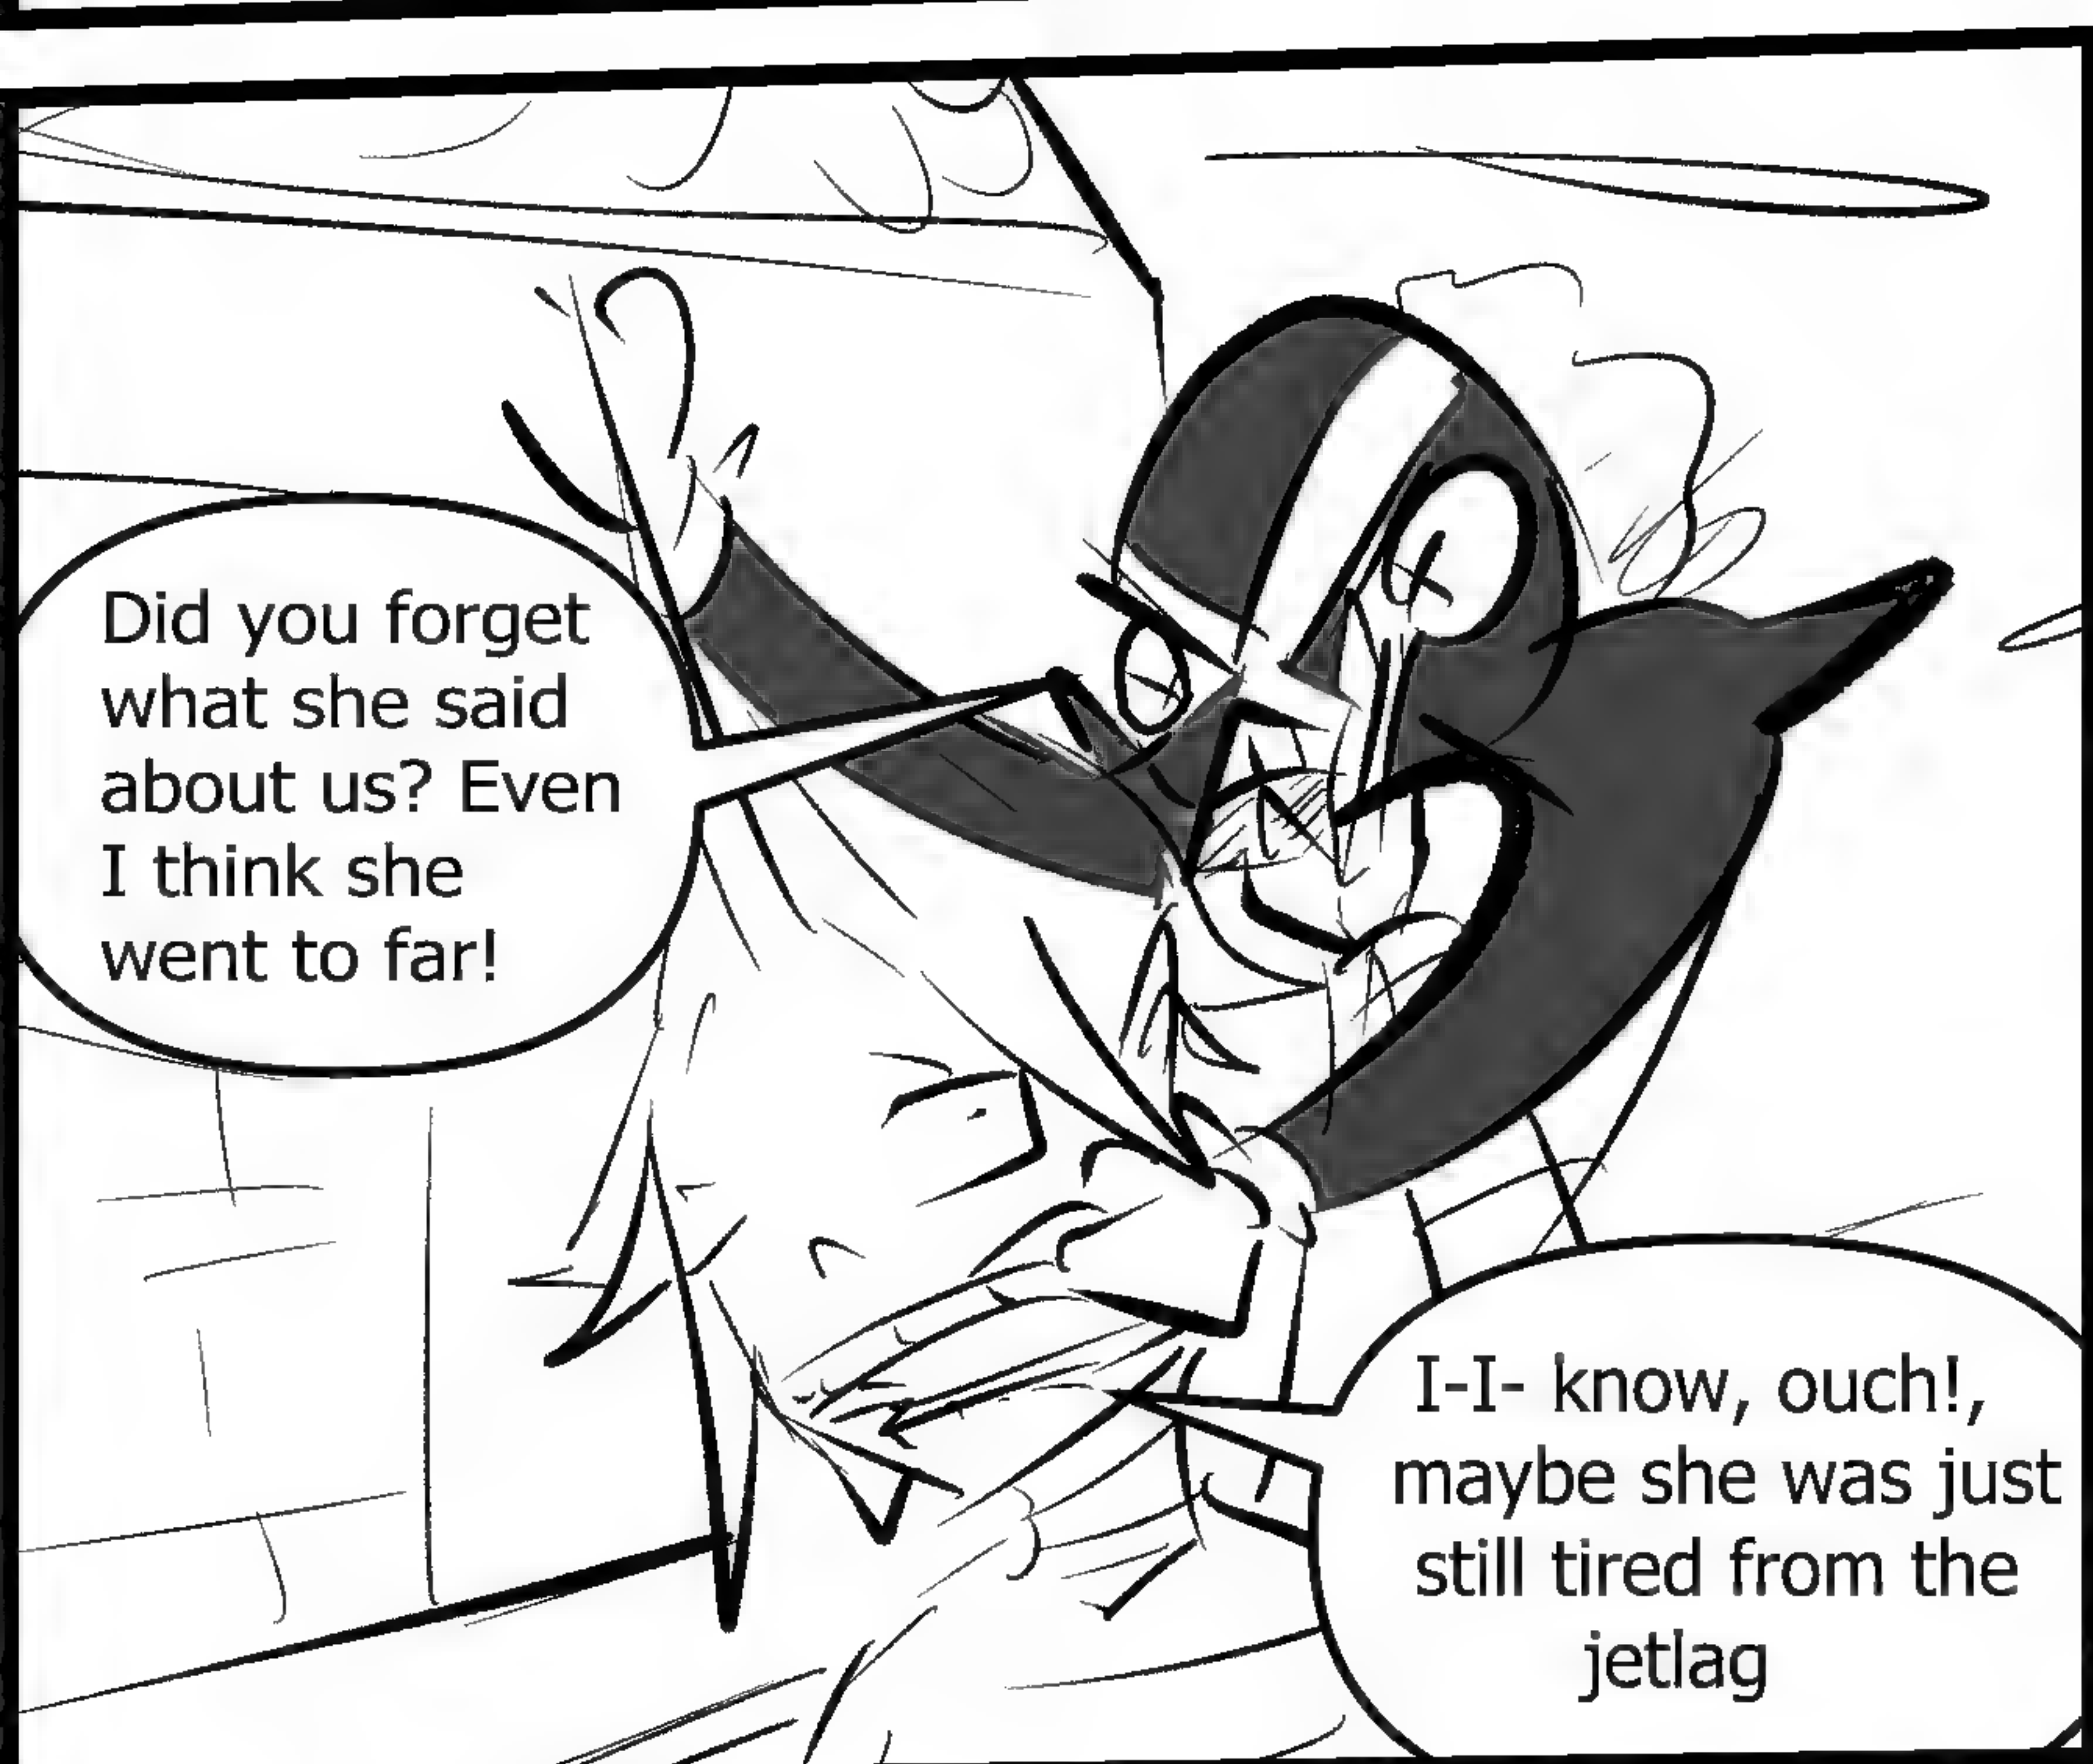

Man I have to apologise for ever calling Maka a cow

cause next to her so called mother she is as gracefull as a deer

I just wish I could give her one good smack

Ragnarok, let's not get violent...

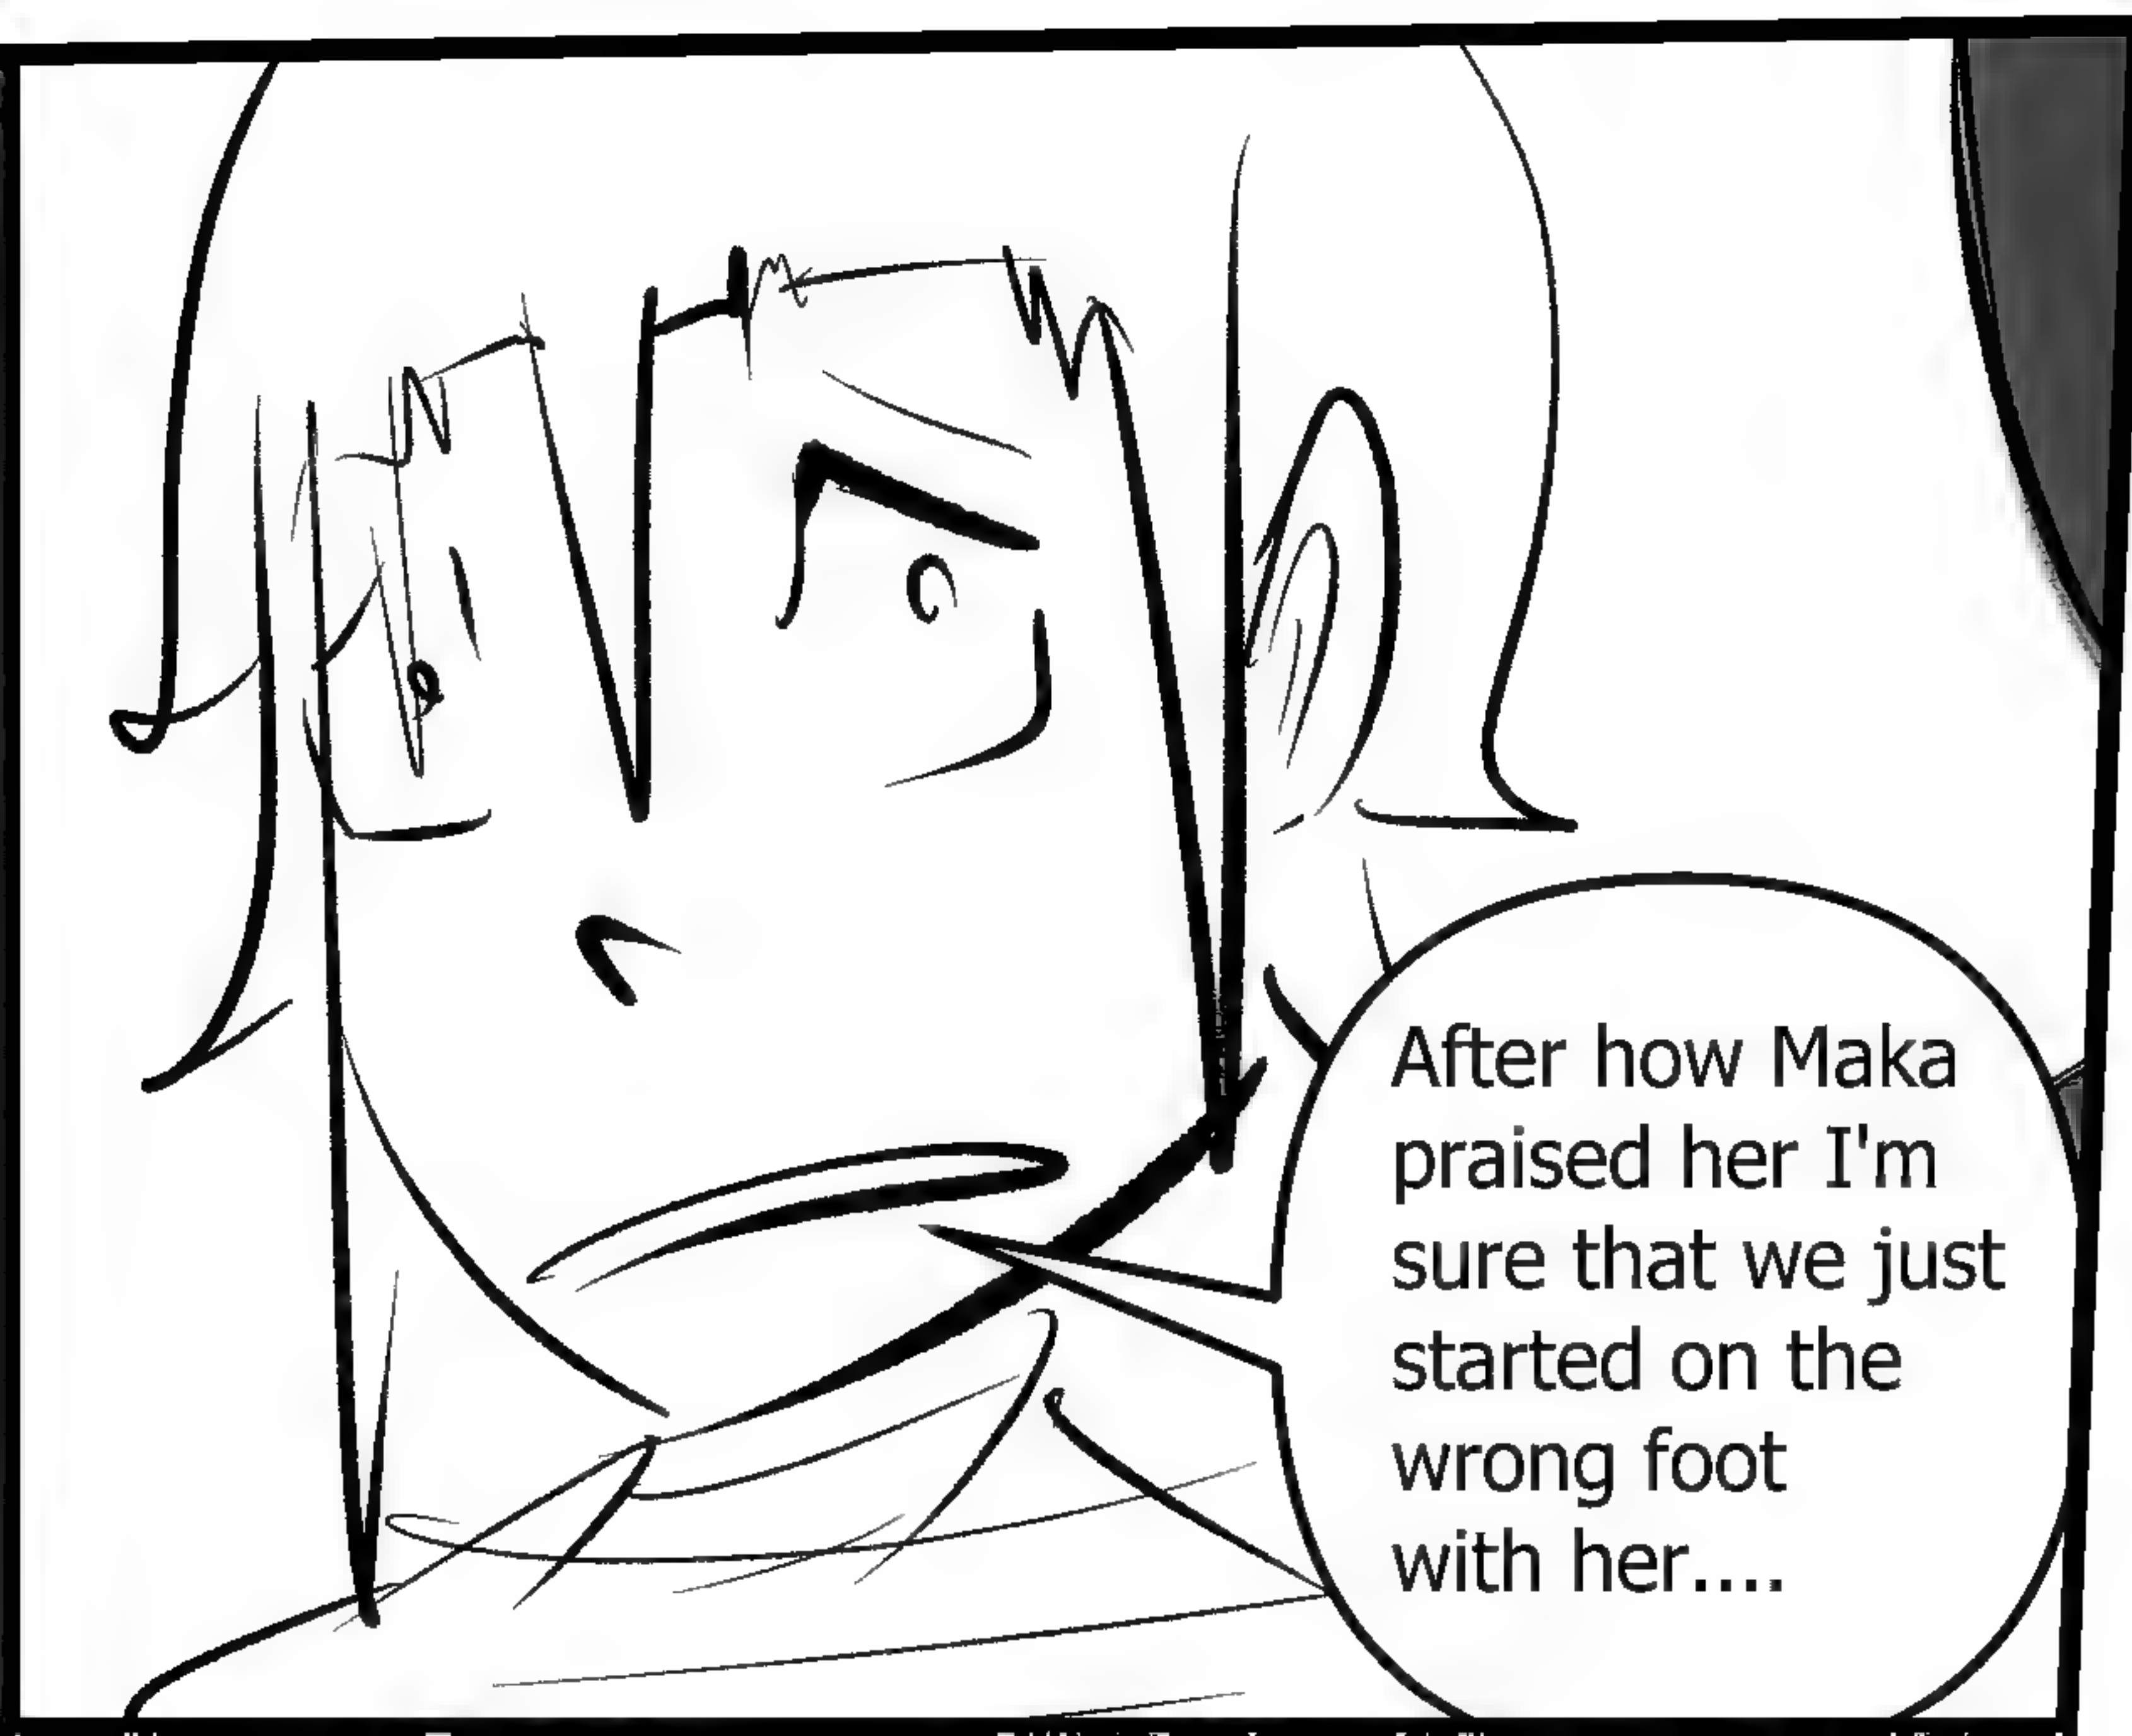

Did you forget what she said about us? Even I think she went to far!

I-I- know, ouch!, maybe she was just still tired from the jetlag

Did she even fly? The only boeing she will get is a \*boing\* to her head from me!

You are not beating up Makas mother!

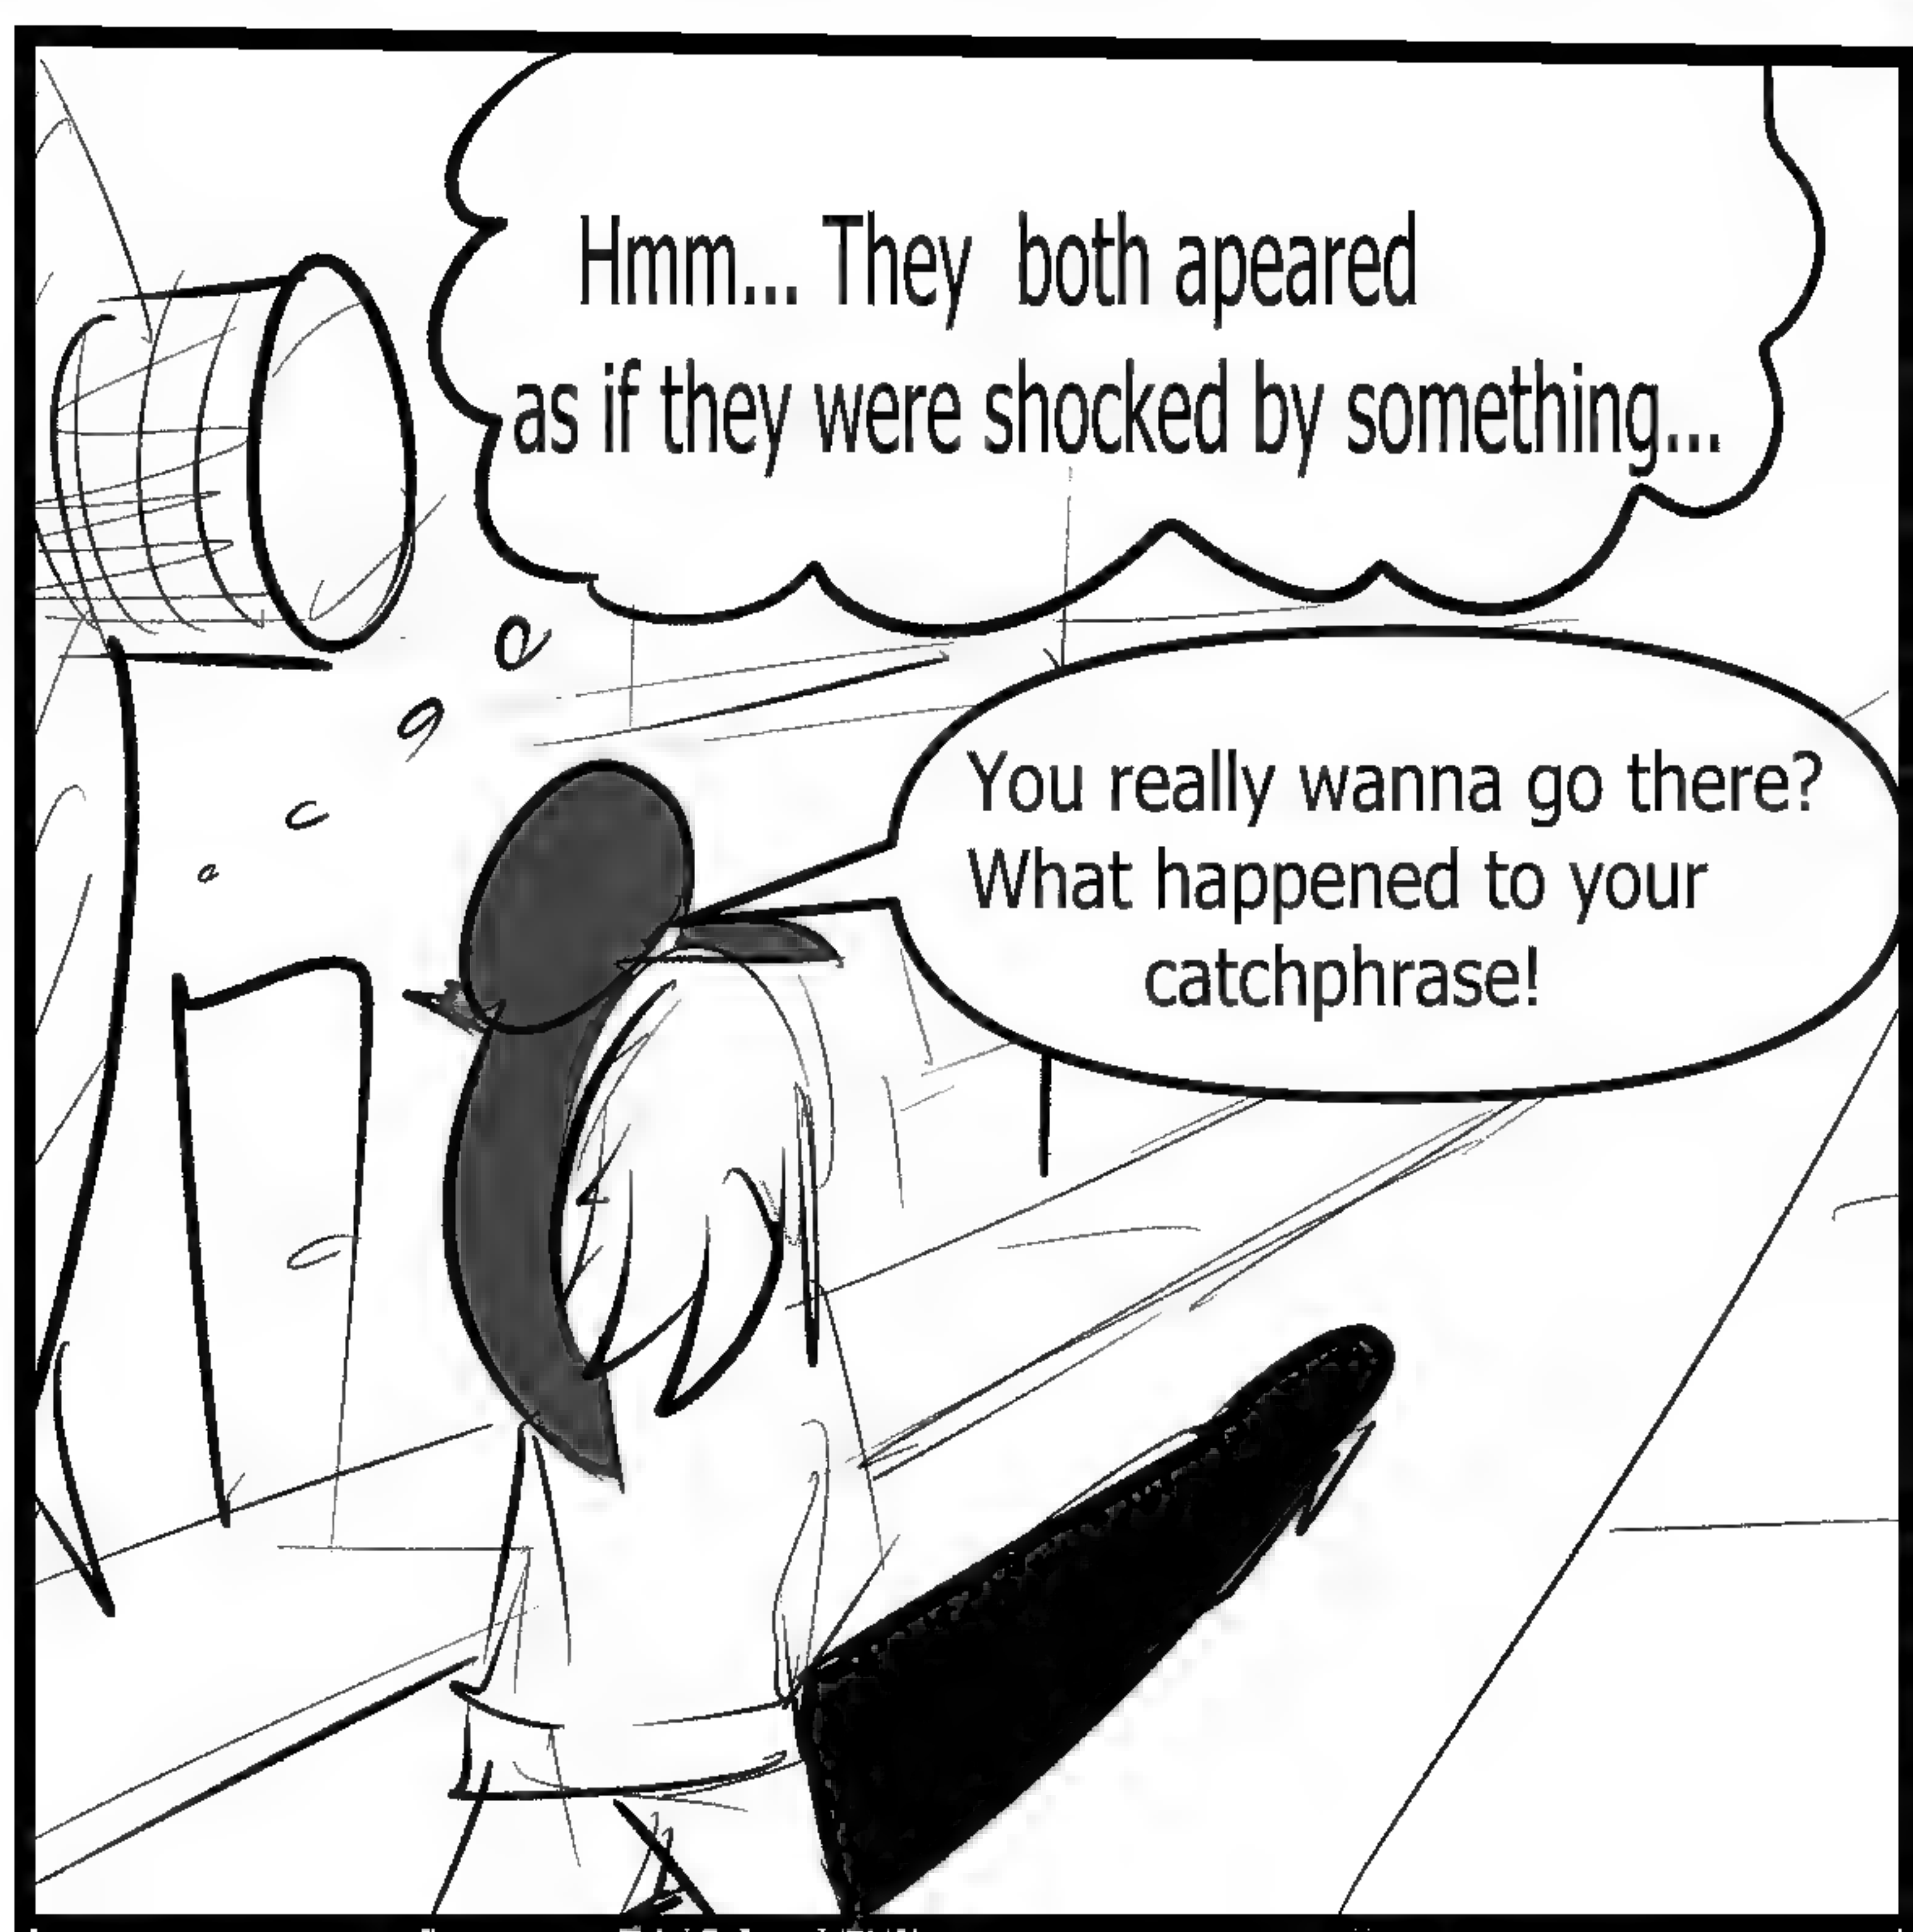

After how Maka praised her I'm sure that we just started on the wrong foot with her....

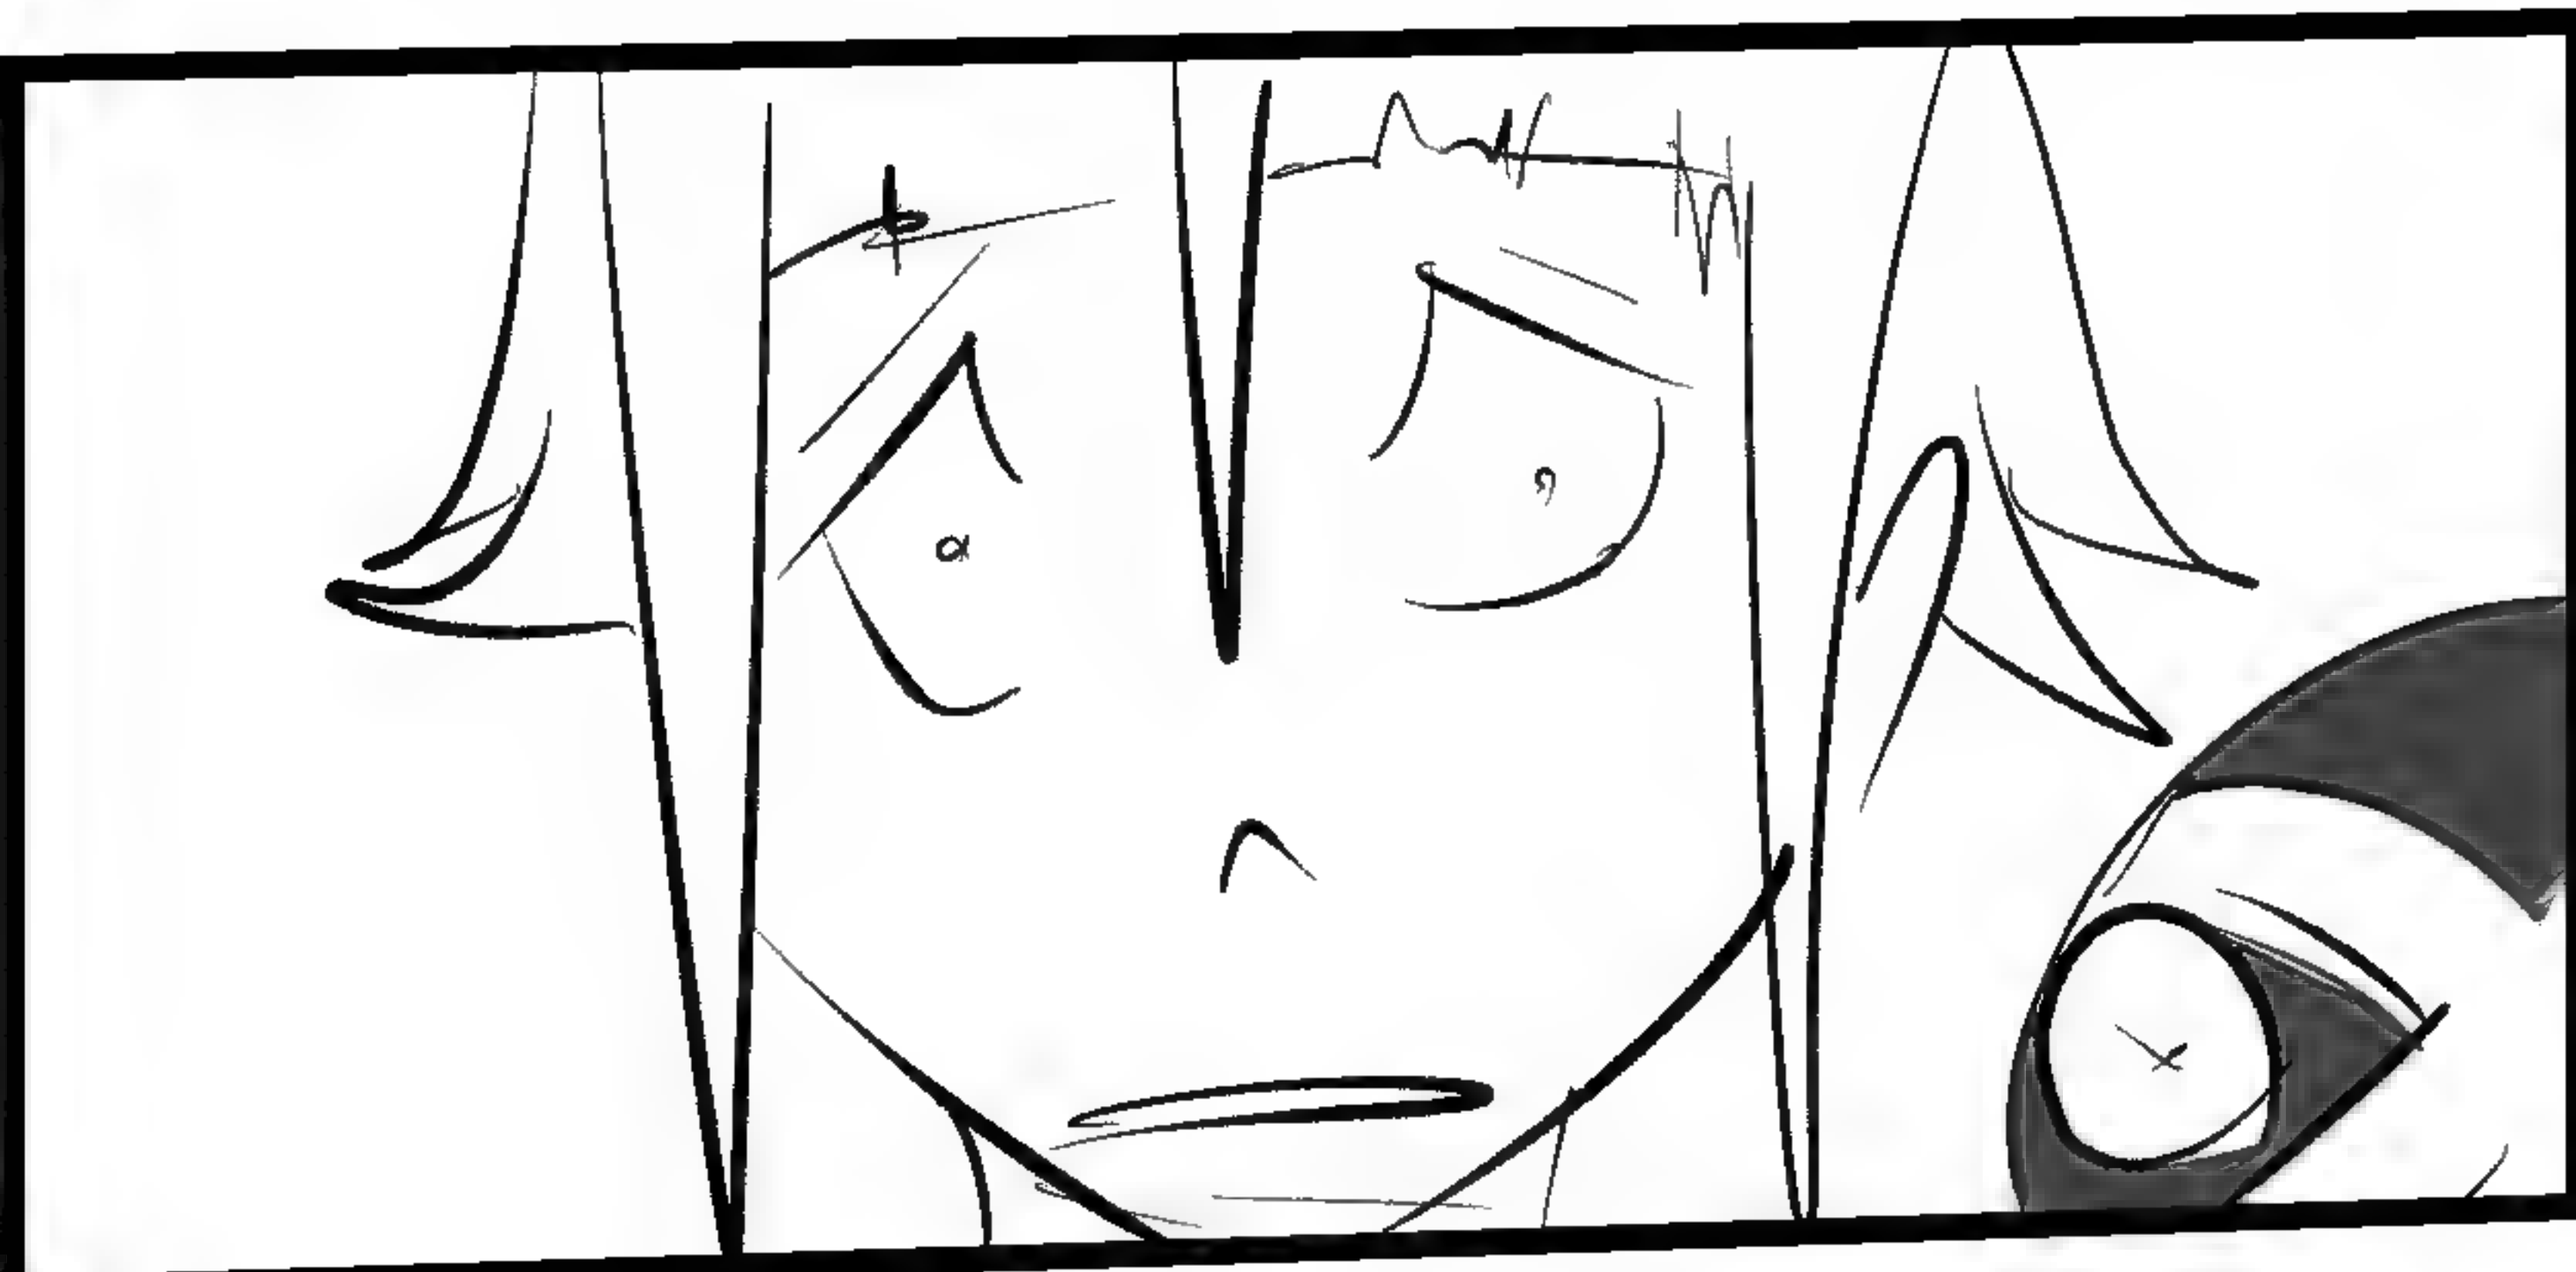

Yeah, right foot would have been a good roundhouse kick! You will have to help me out with that though!

A few minutes  
of back walking later...

Seems the mothercow  
is gone, our lucky day!

And I guess Maka  
got tired of sitting  
on the sofa all day  
hehe

Maka, are you  
allright-

Go away!!!

That's what  
I call a  
moodswing

W-what happened

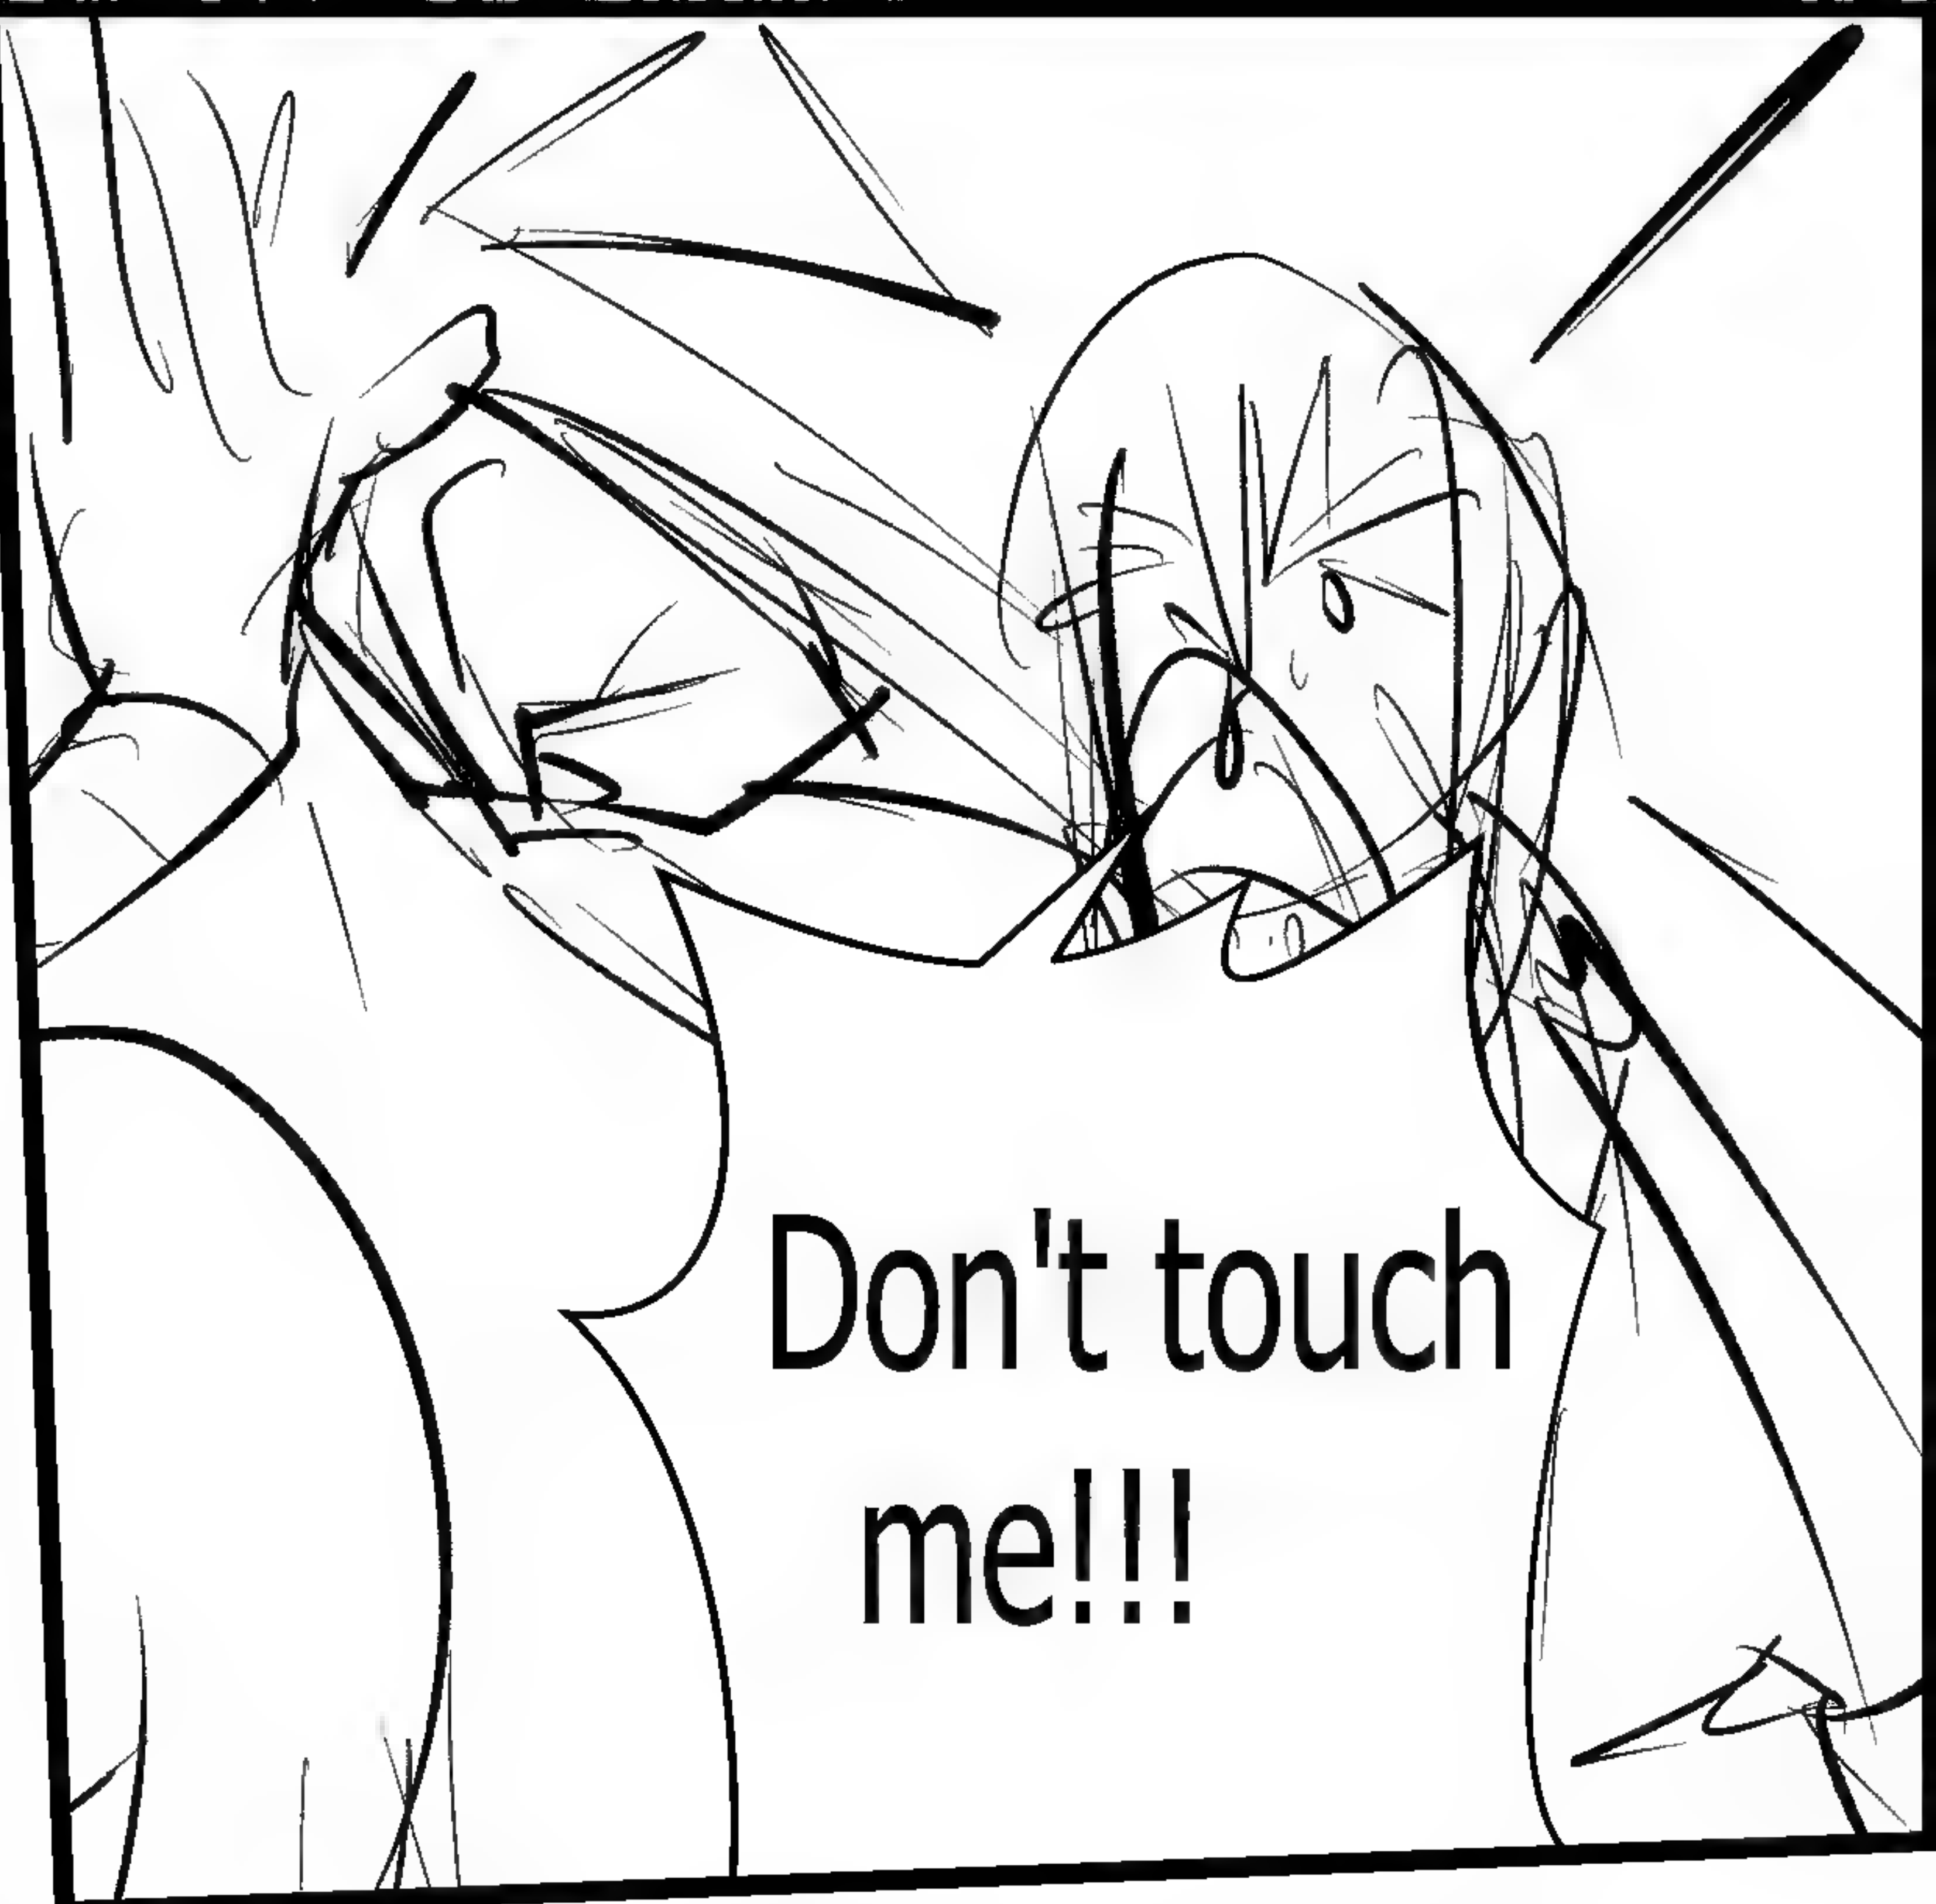

Just leave  
me alone!

Maka....  
Please, I just  
want to-

Don't touch  
me!!!

What's the big idea?!!!

First that skank  
you call mother-

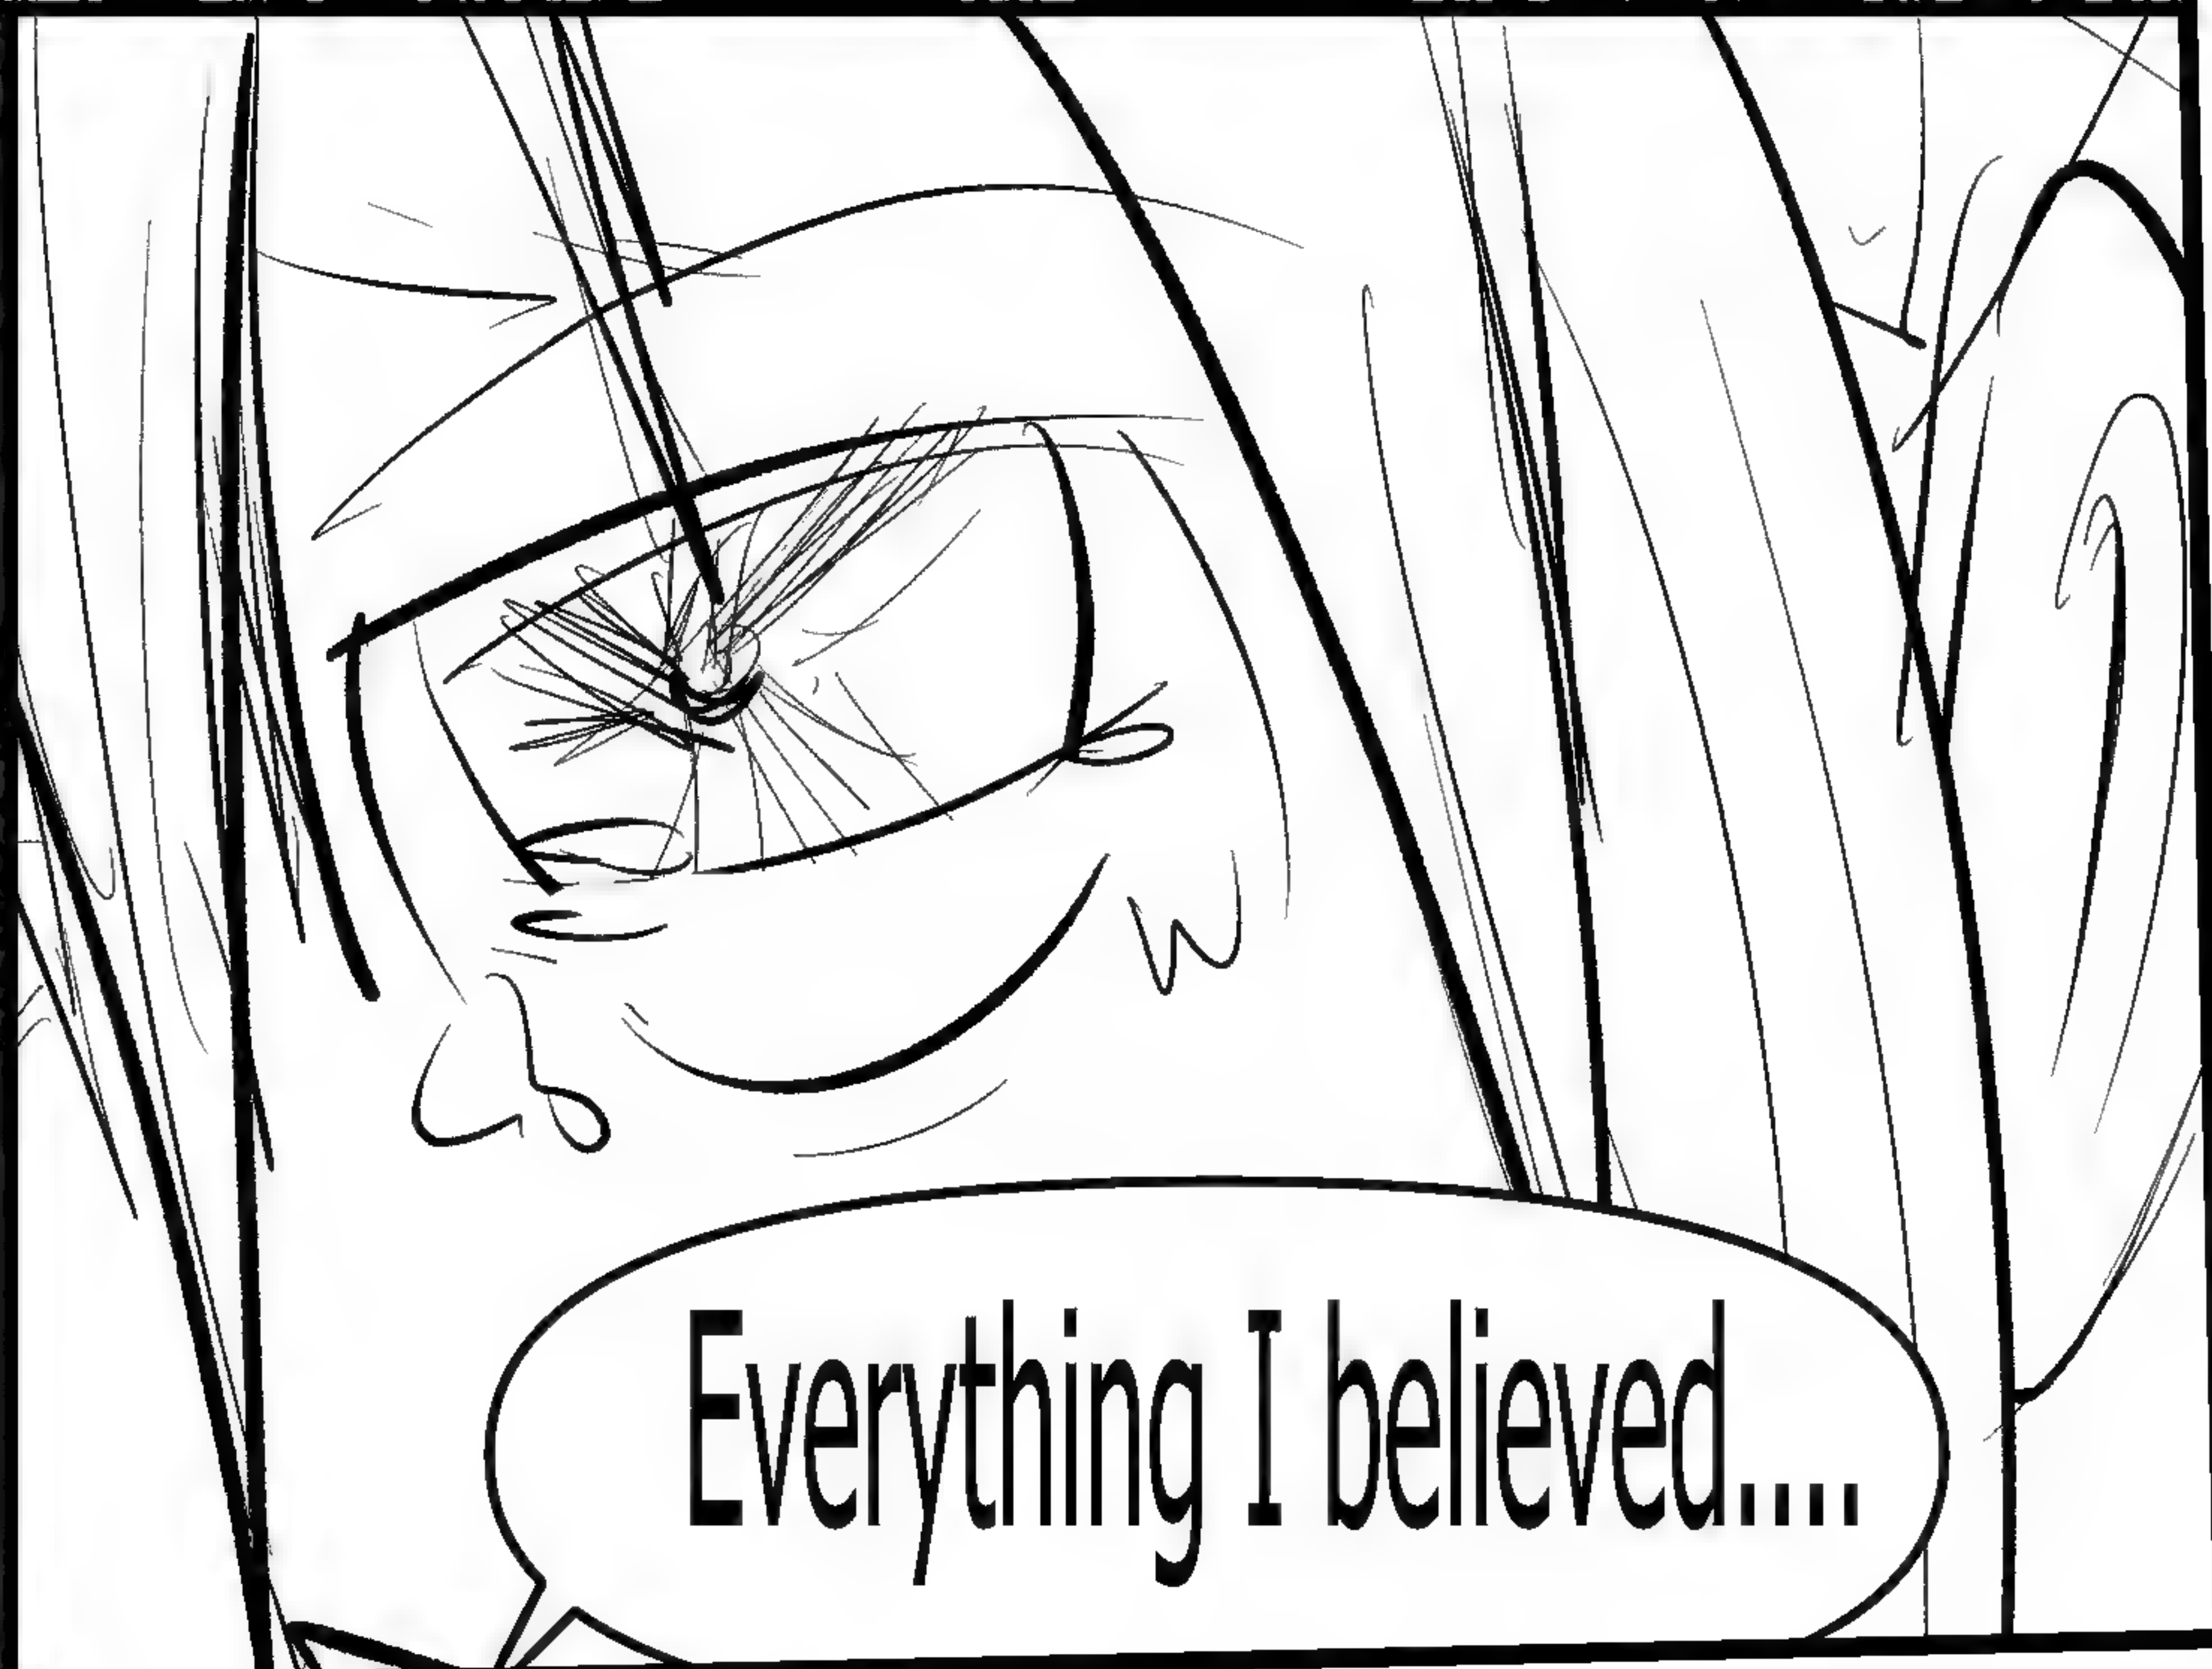

Don't call her that!

Maka... May-maybe  
we can help, please  
just talk to us...

You wouldn't understand  
anyways...

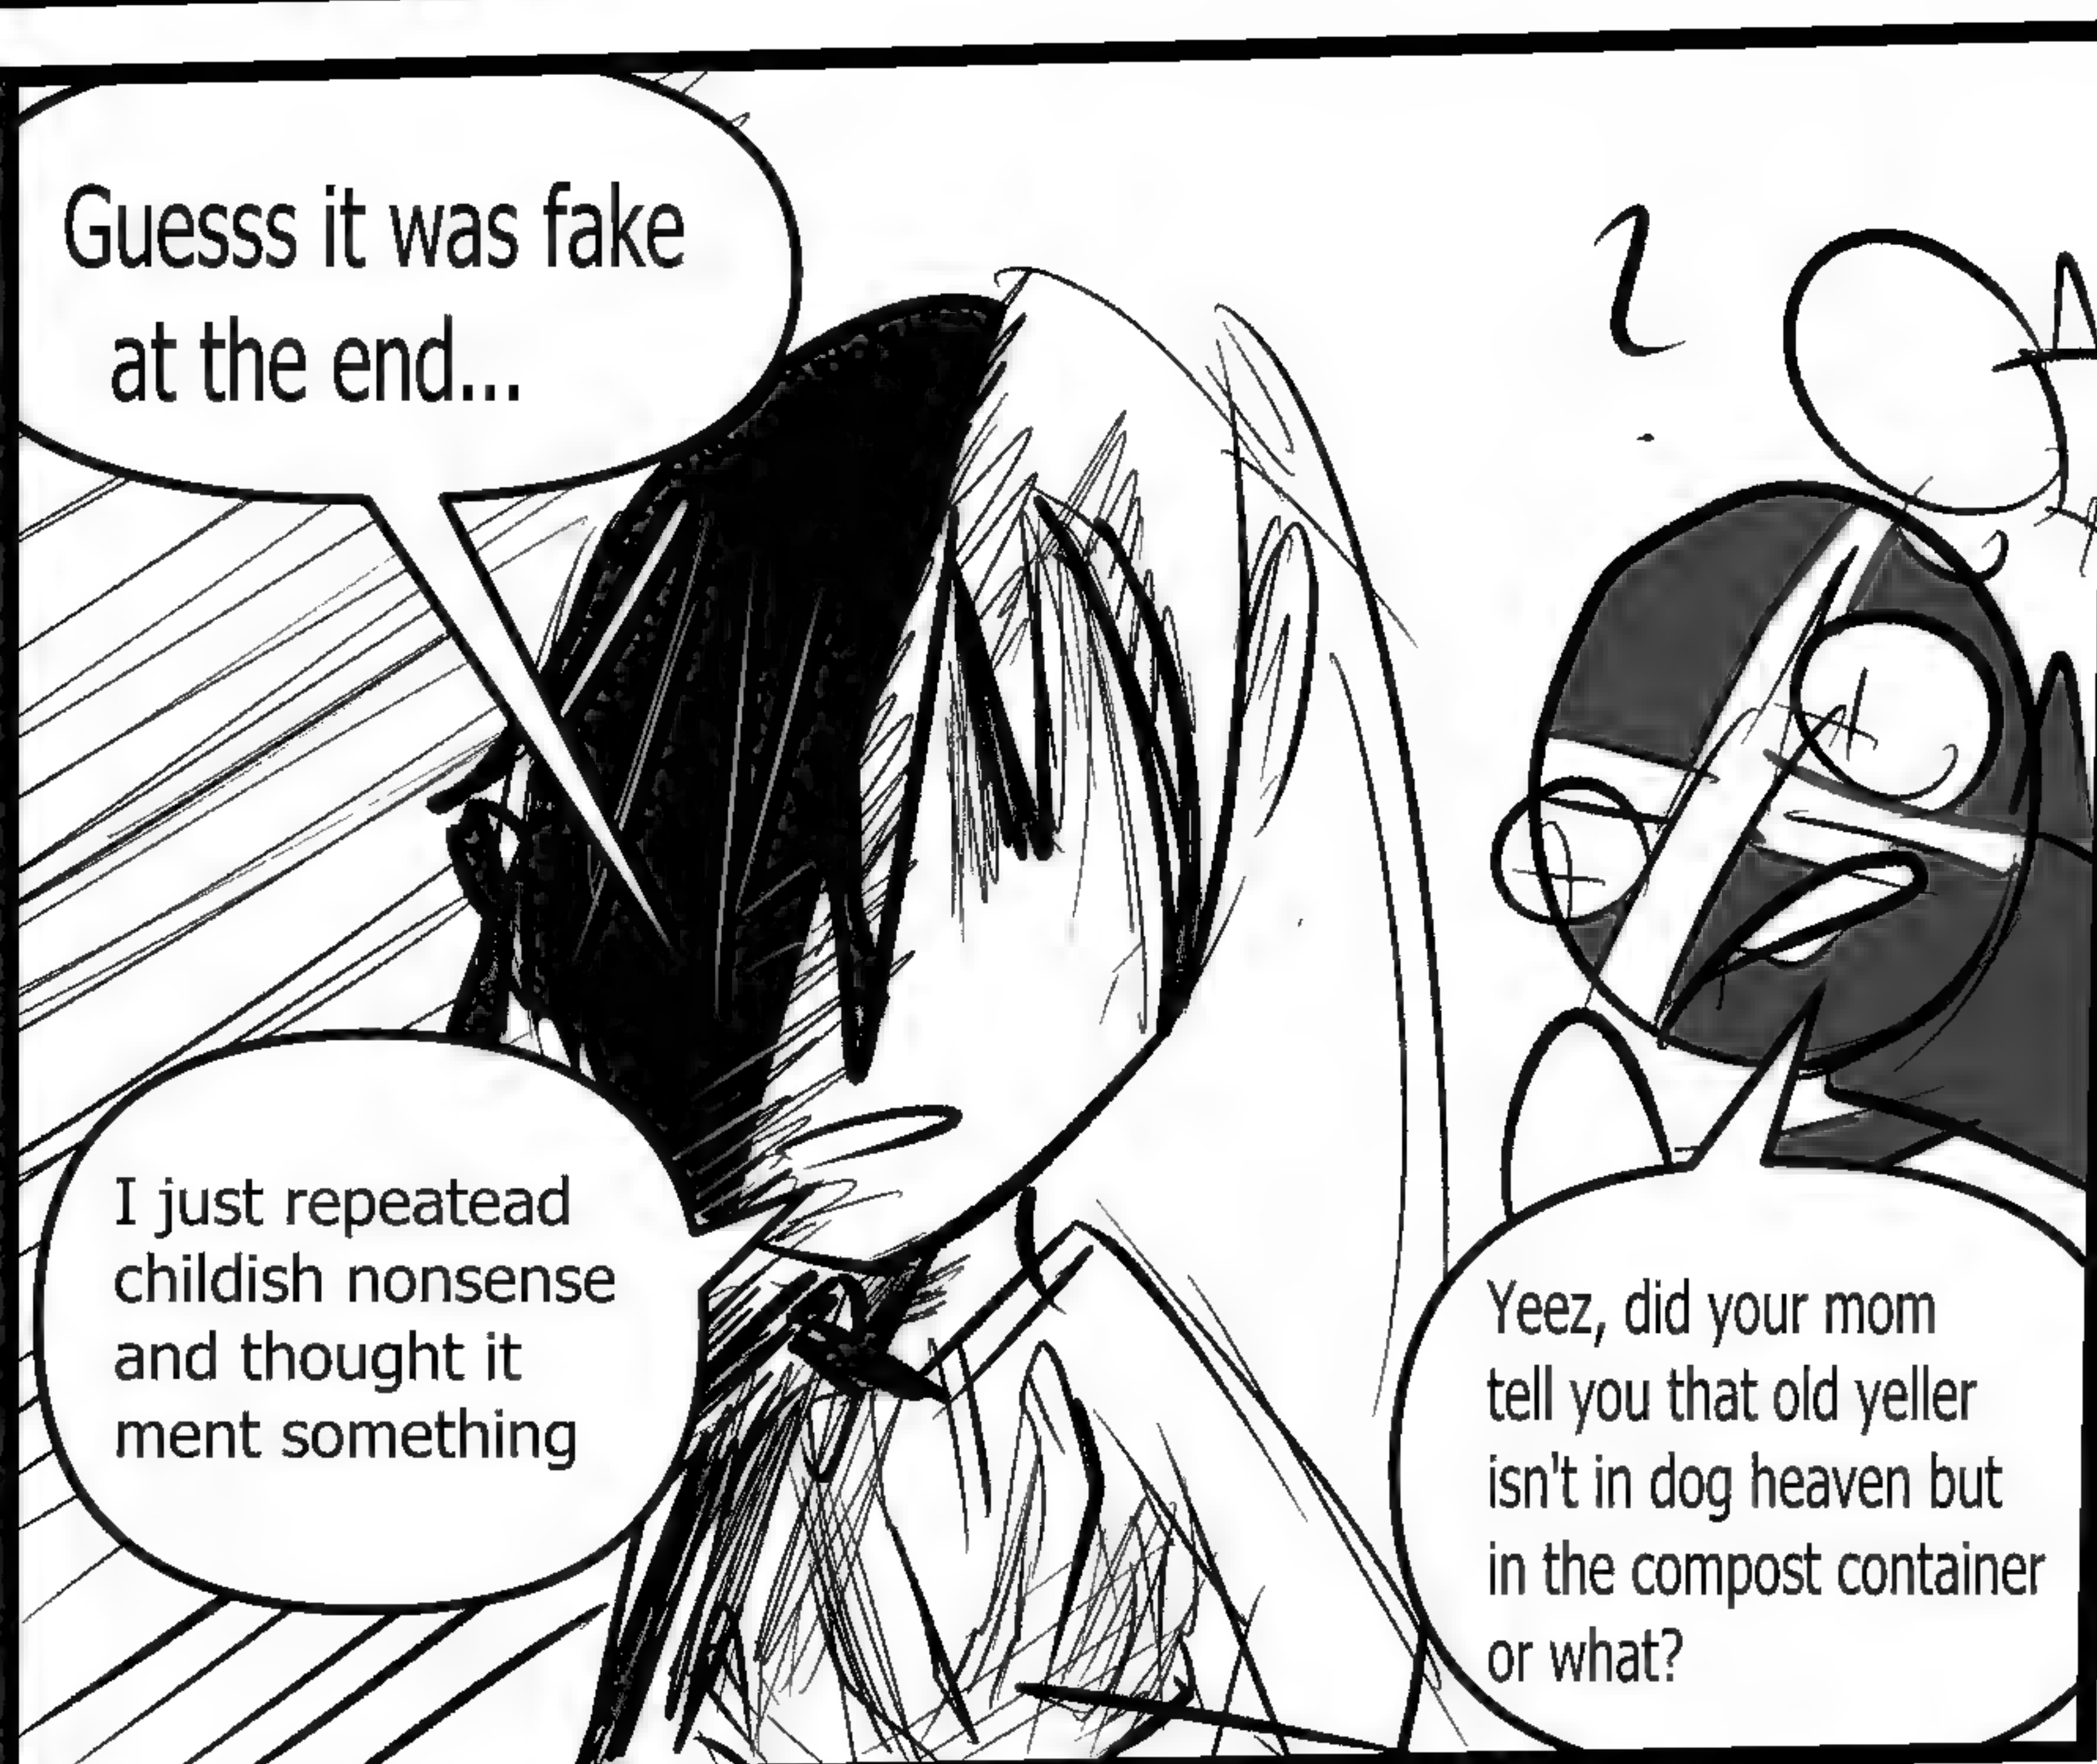

Everything I believed....

Even all my so called strength... Where my victories just built on lies?

Guesss it was fake at the end...

I just repeatead childish nonsense and thought it ment something

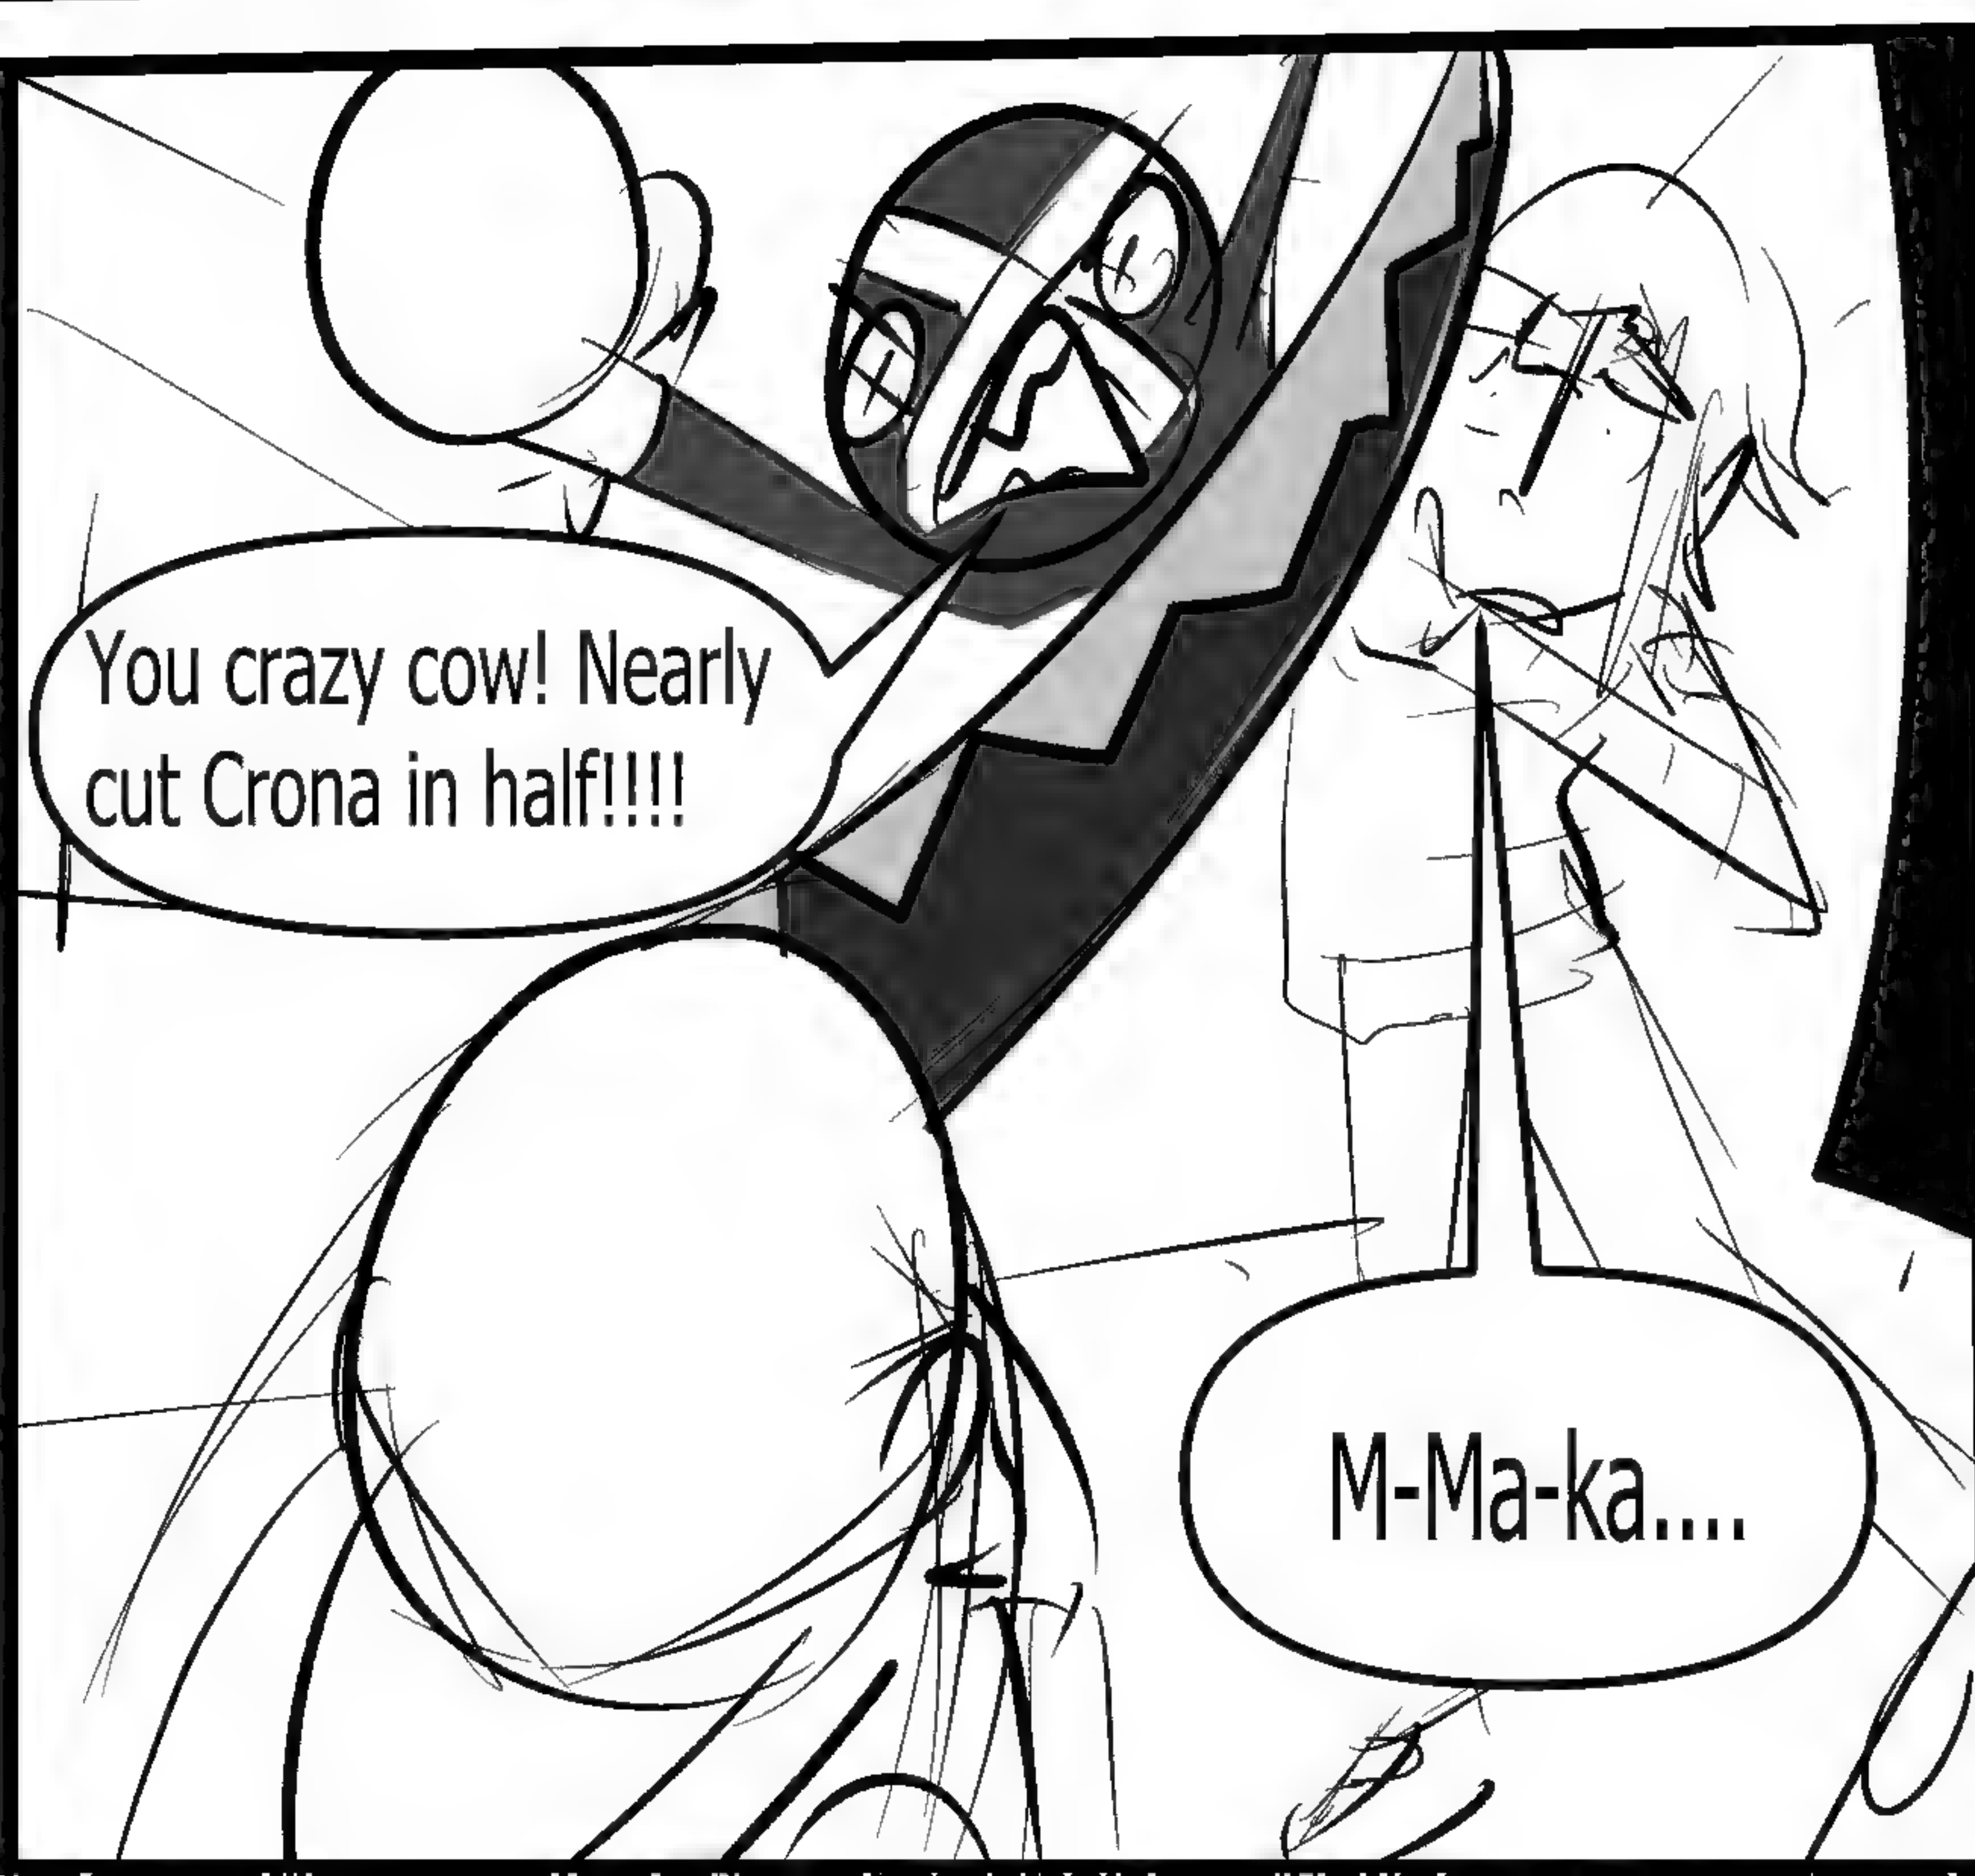

Yeez, did your mom tell you that old yeller isn't in dog heaven but in the compost container or what?

Be quiet!!!

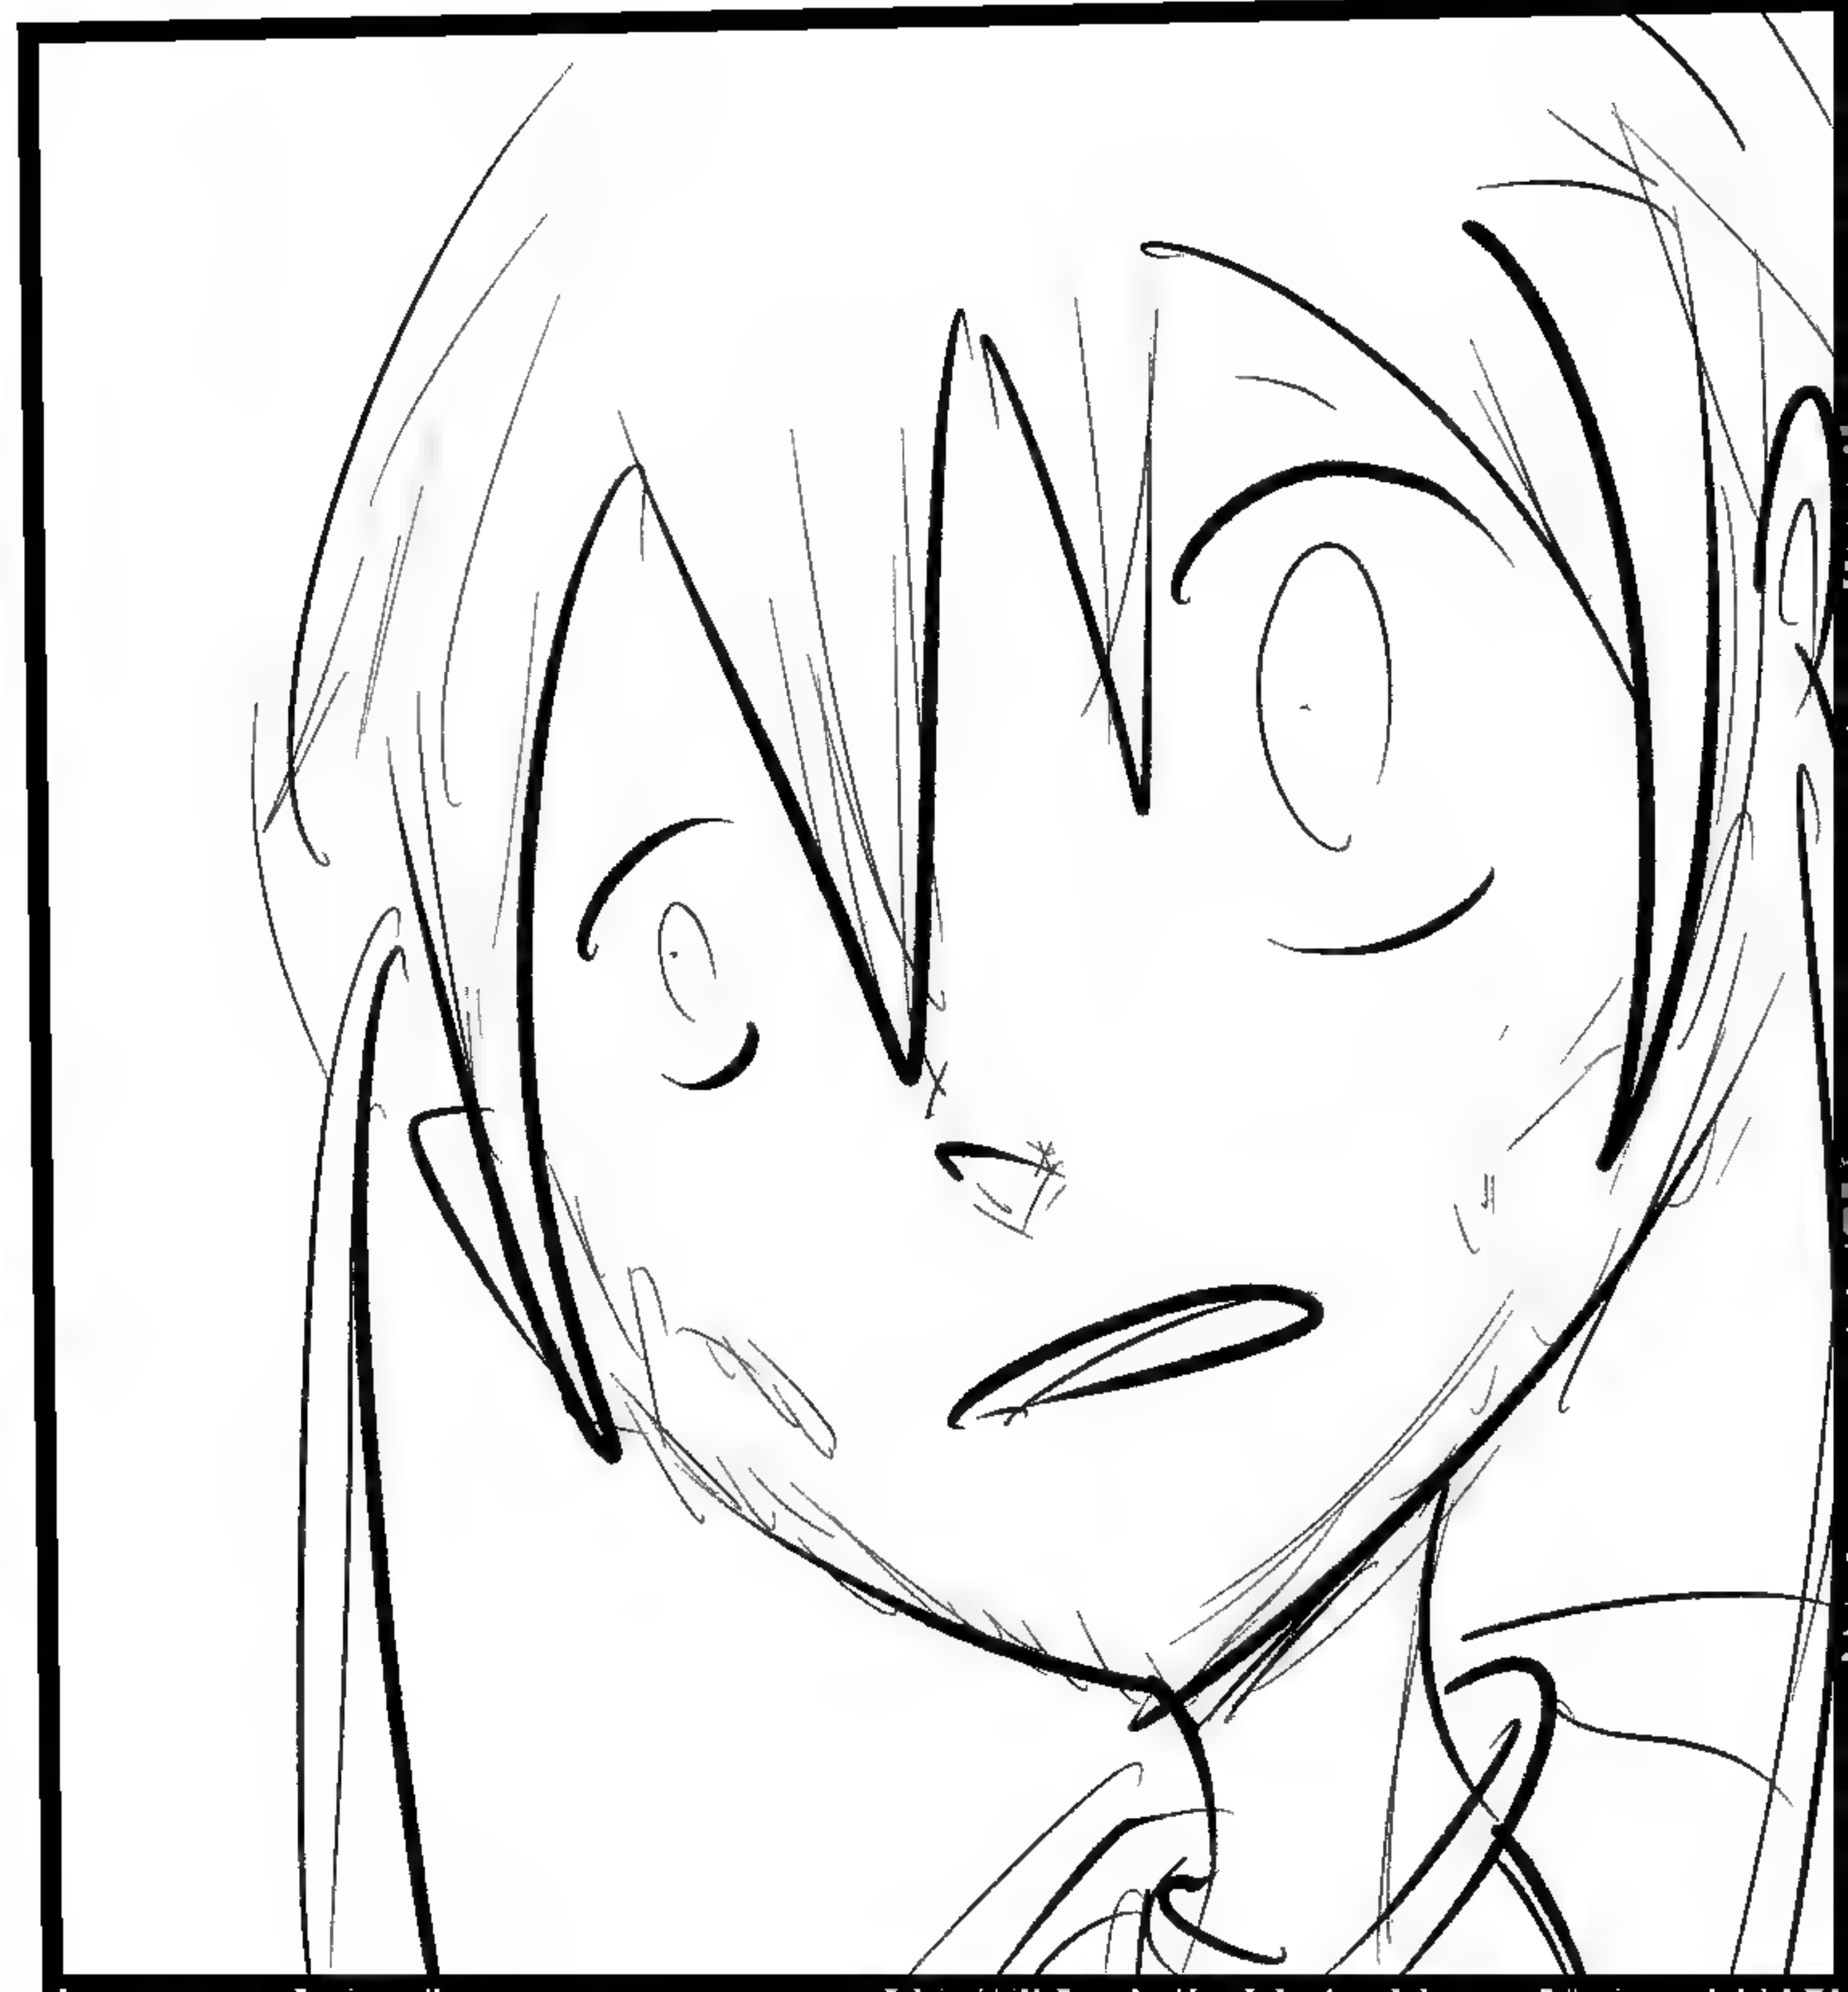

+Swish+

Holy shit!

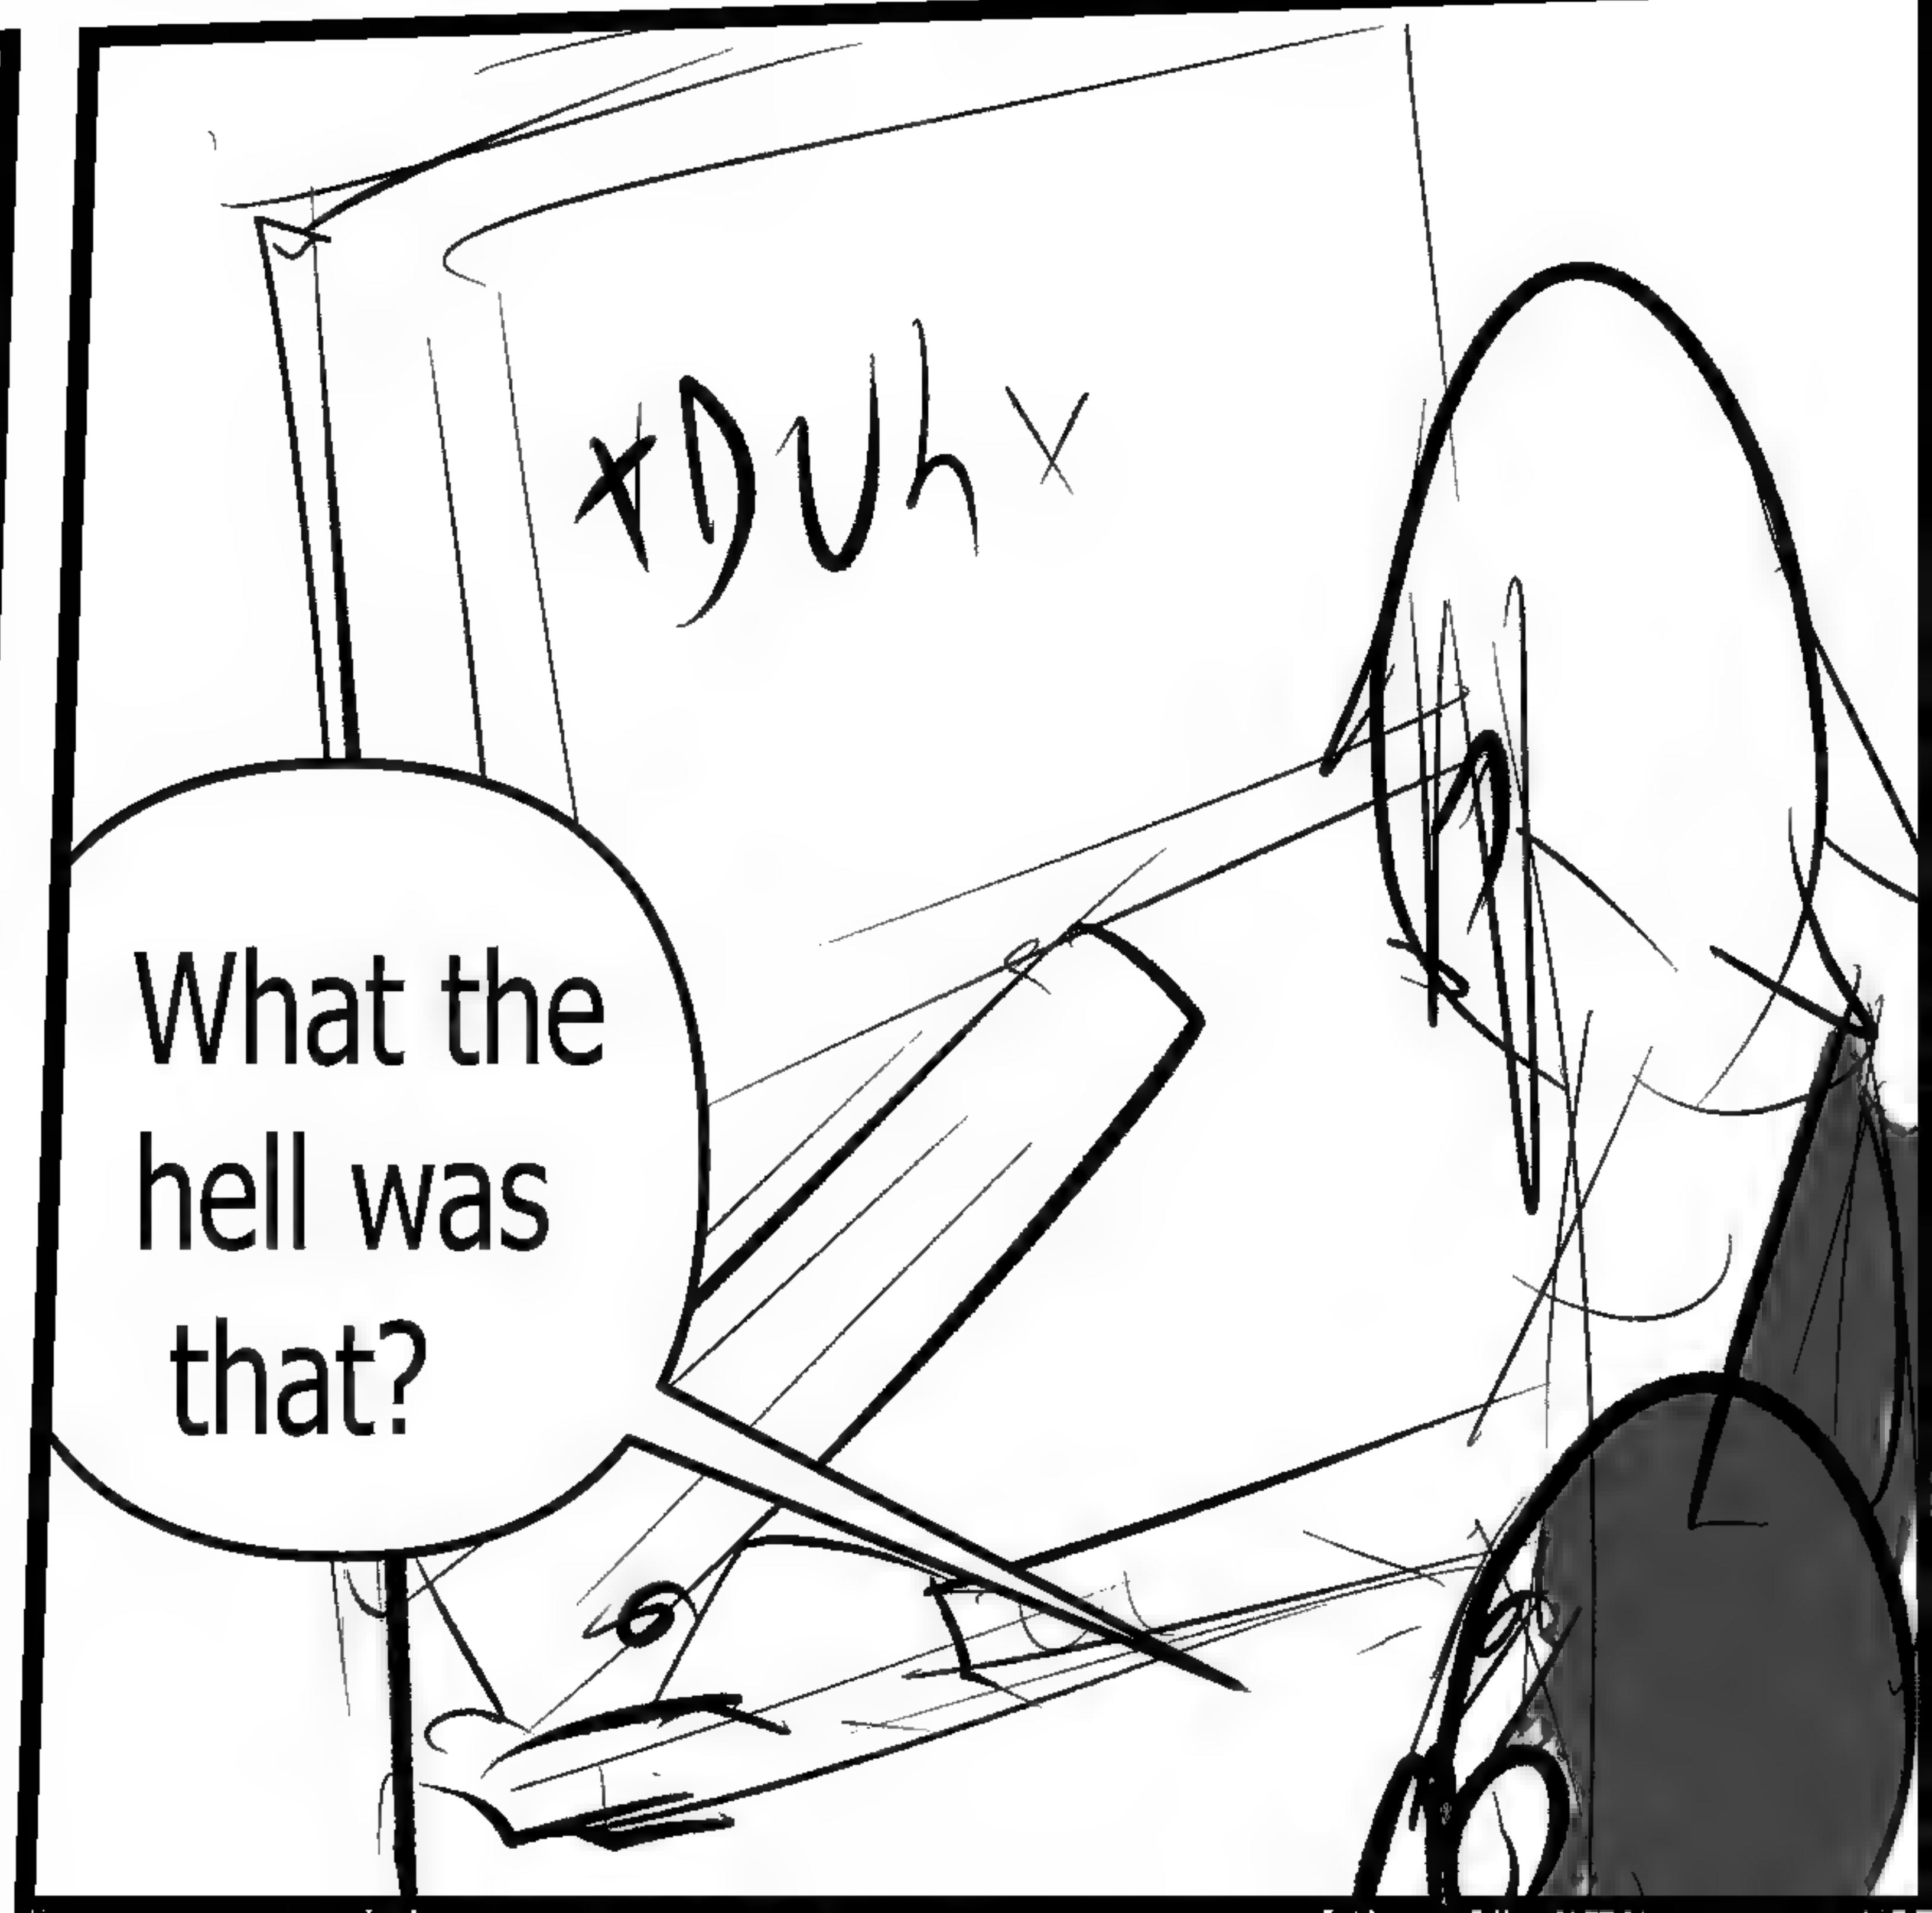

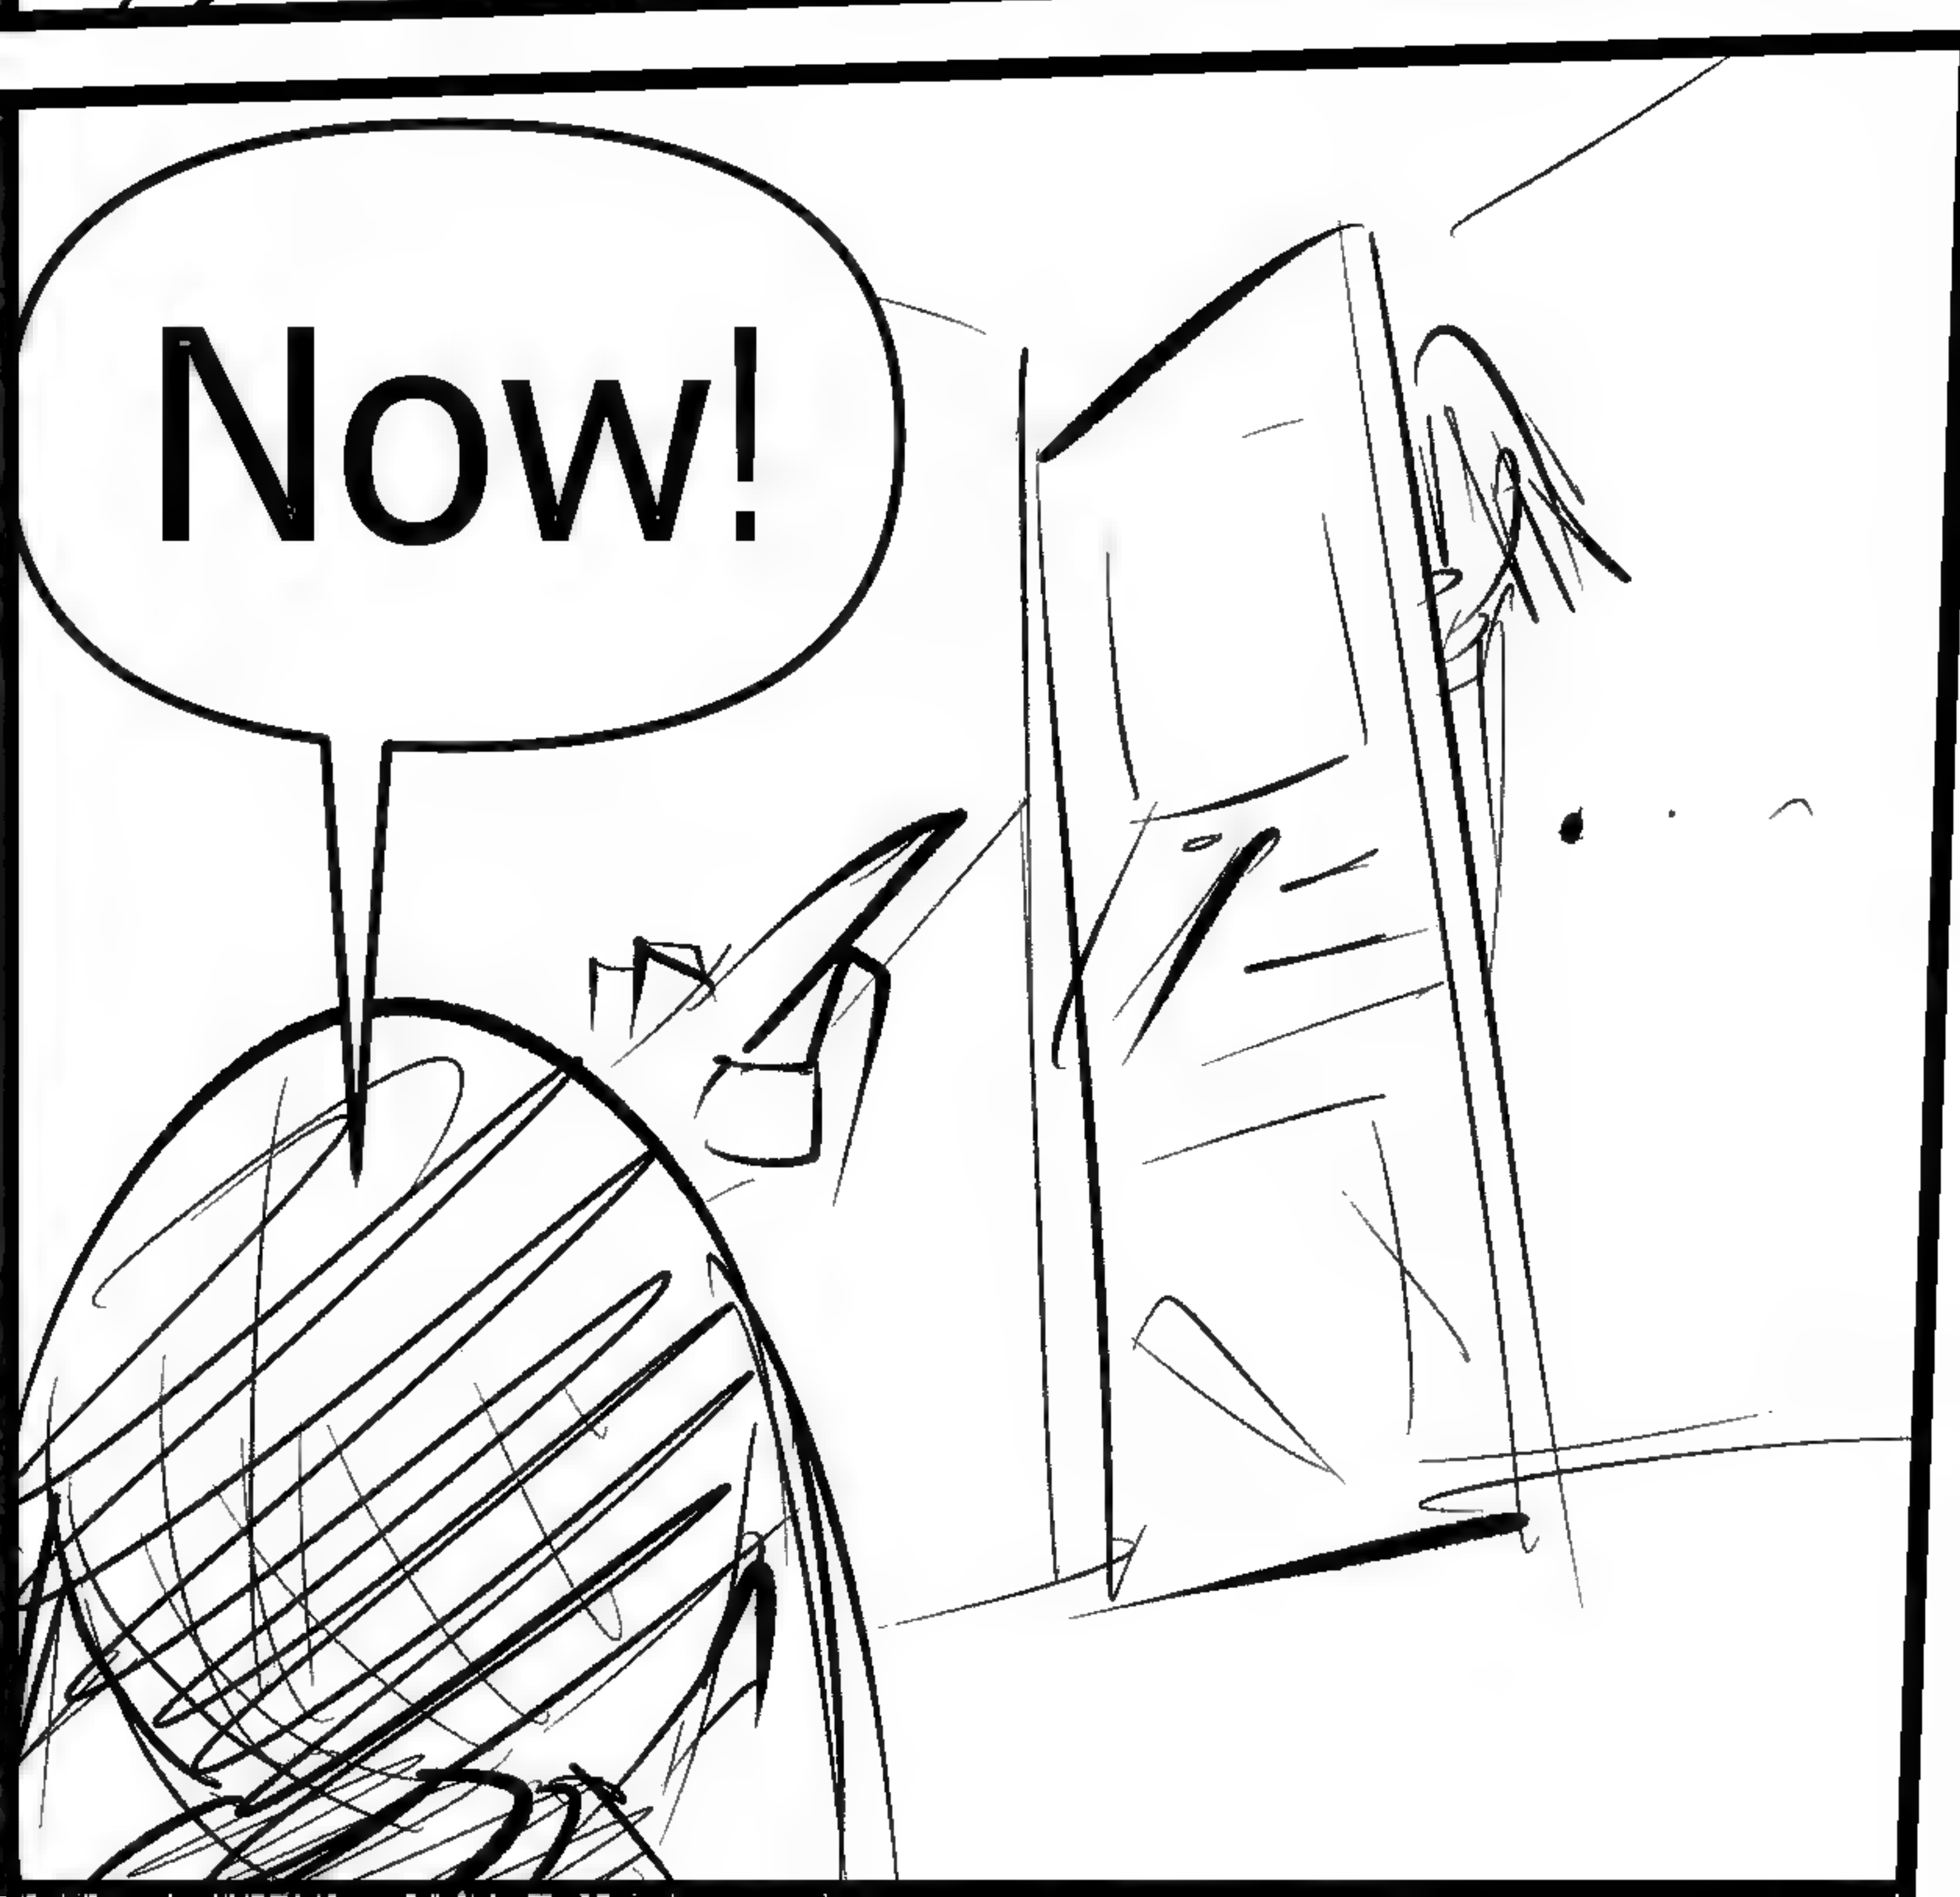

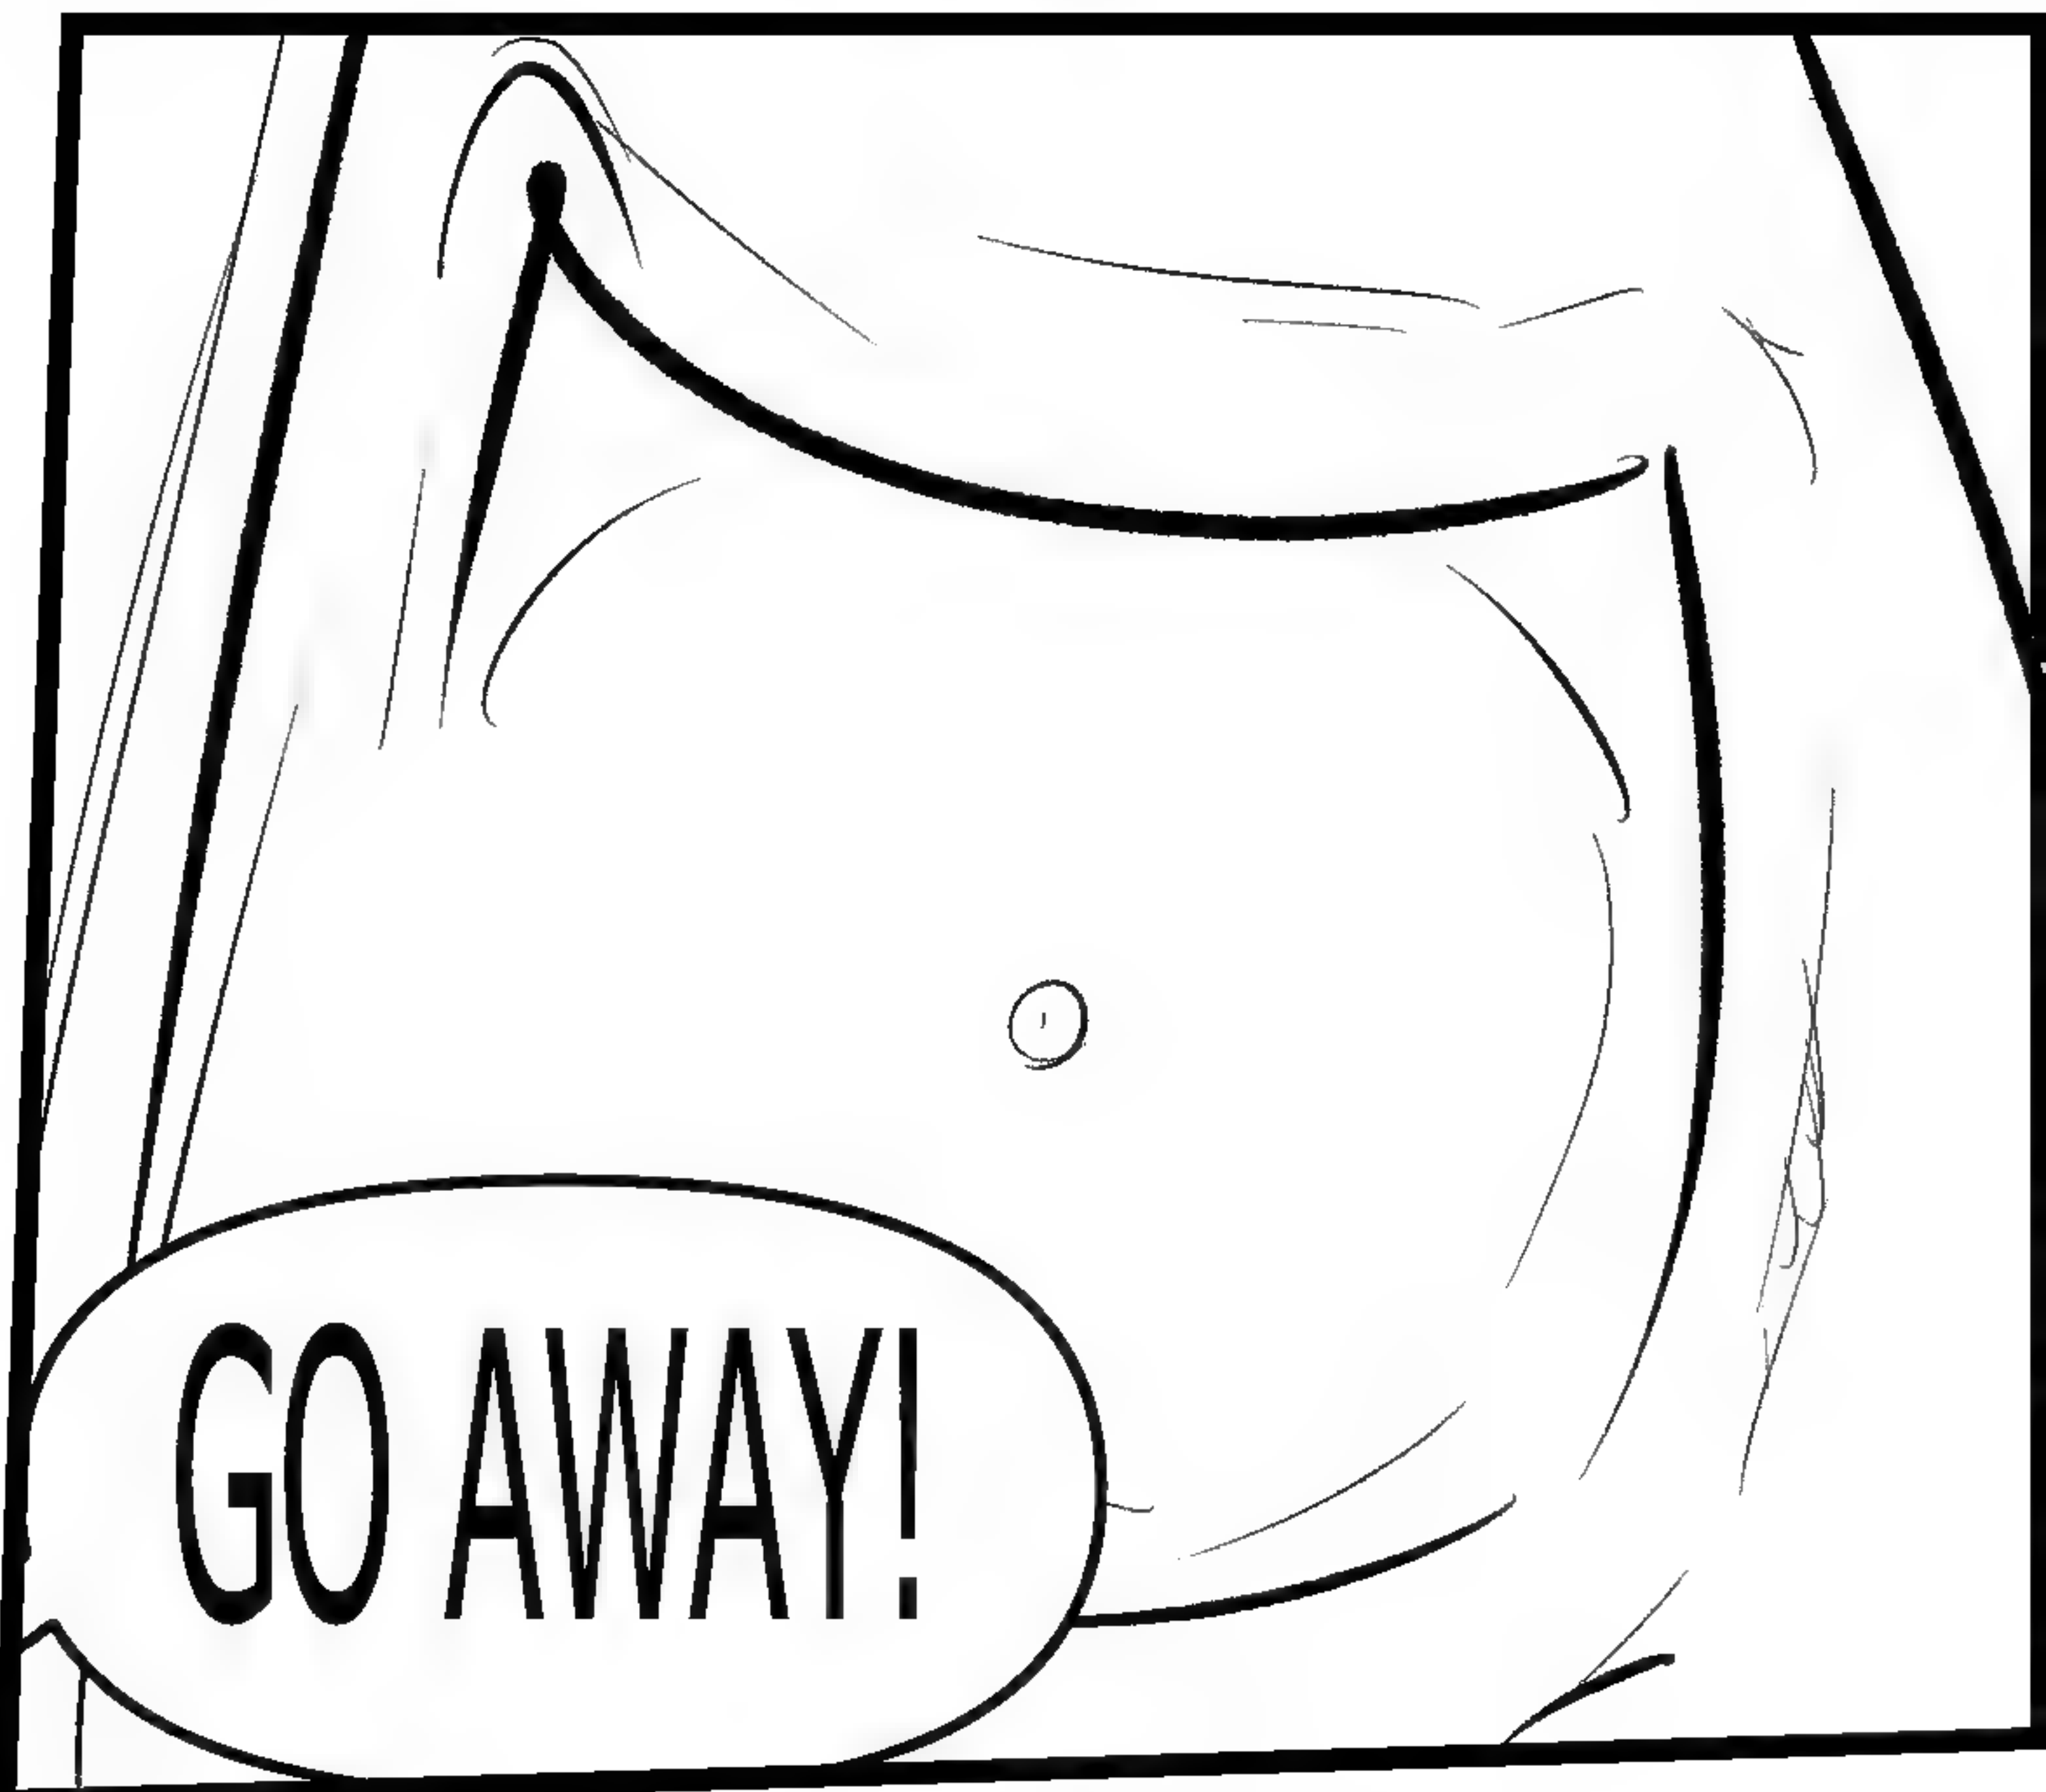

You crazy cow! Nearly cut Crona in half!!!!

M-Ma-ka....

Maybe  
try something  
like this:

"You sliced  
up my psycho  
biological mother,  
so let me repay the  
favor!"

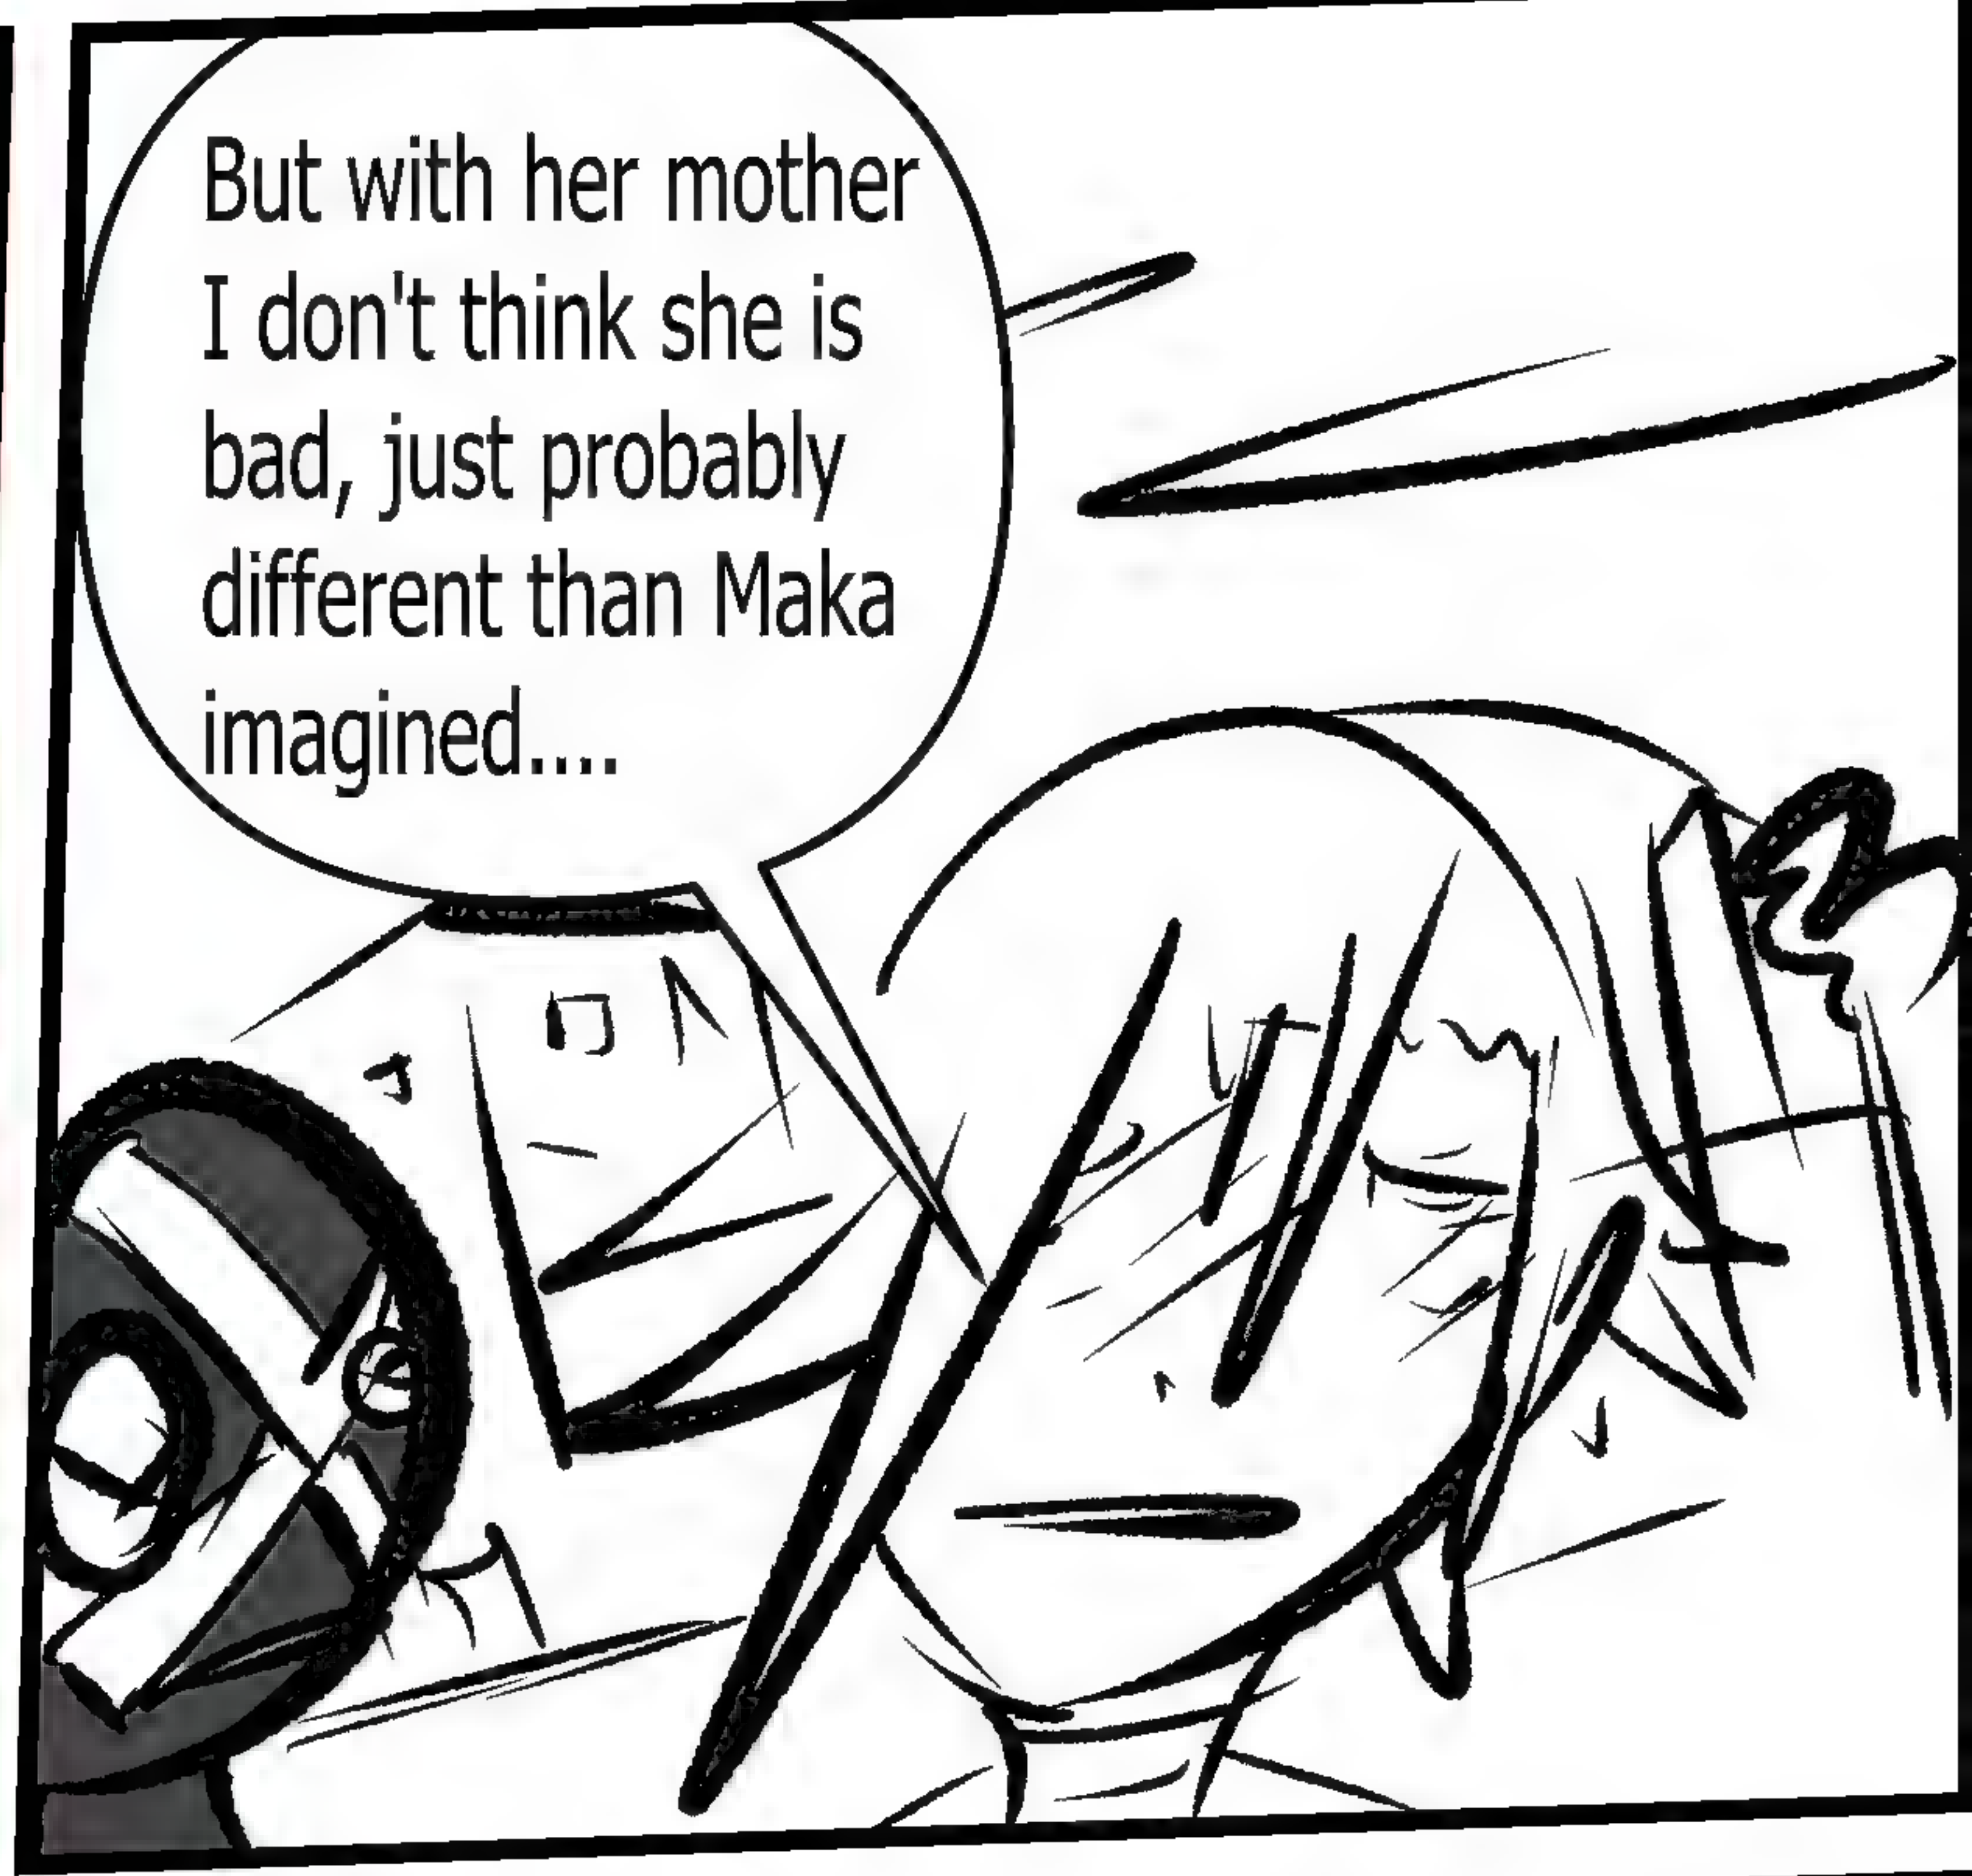

Jokes like  
that don't  
do any good  
right now...

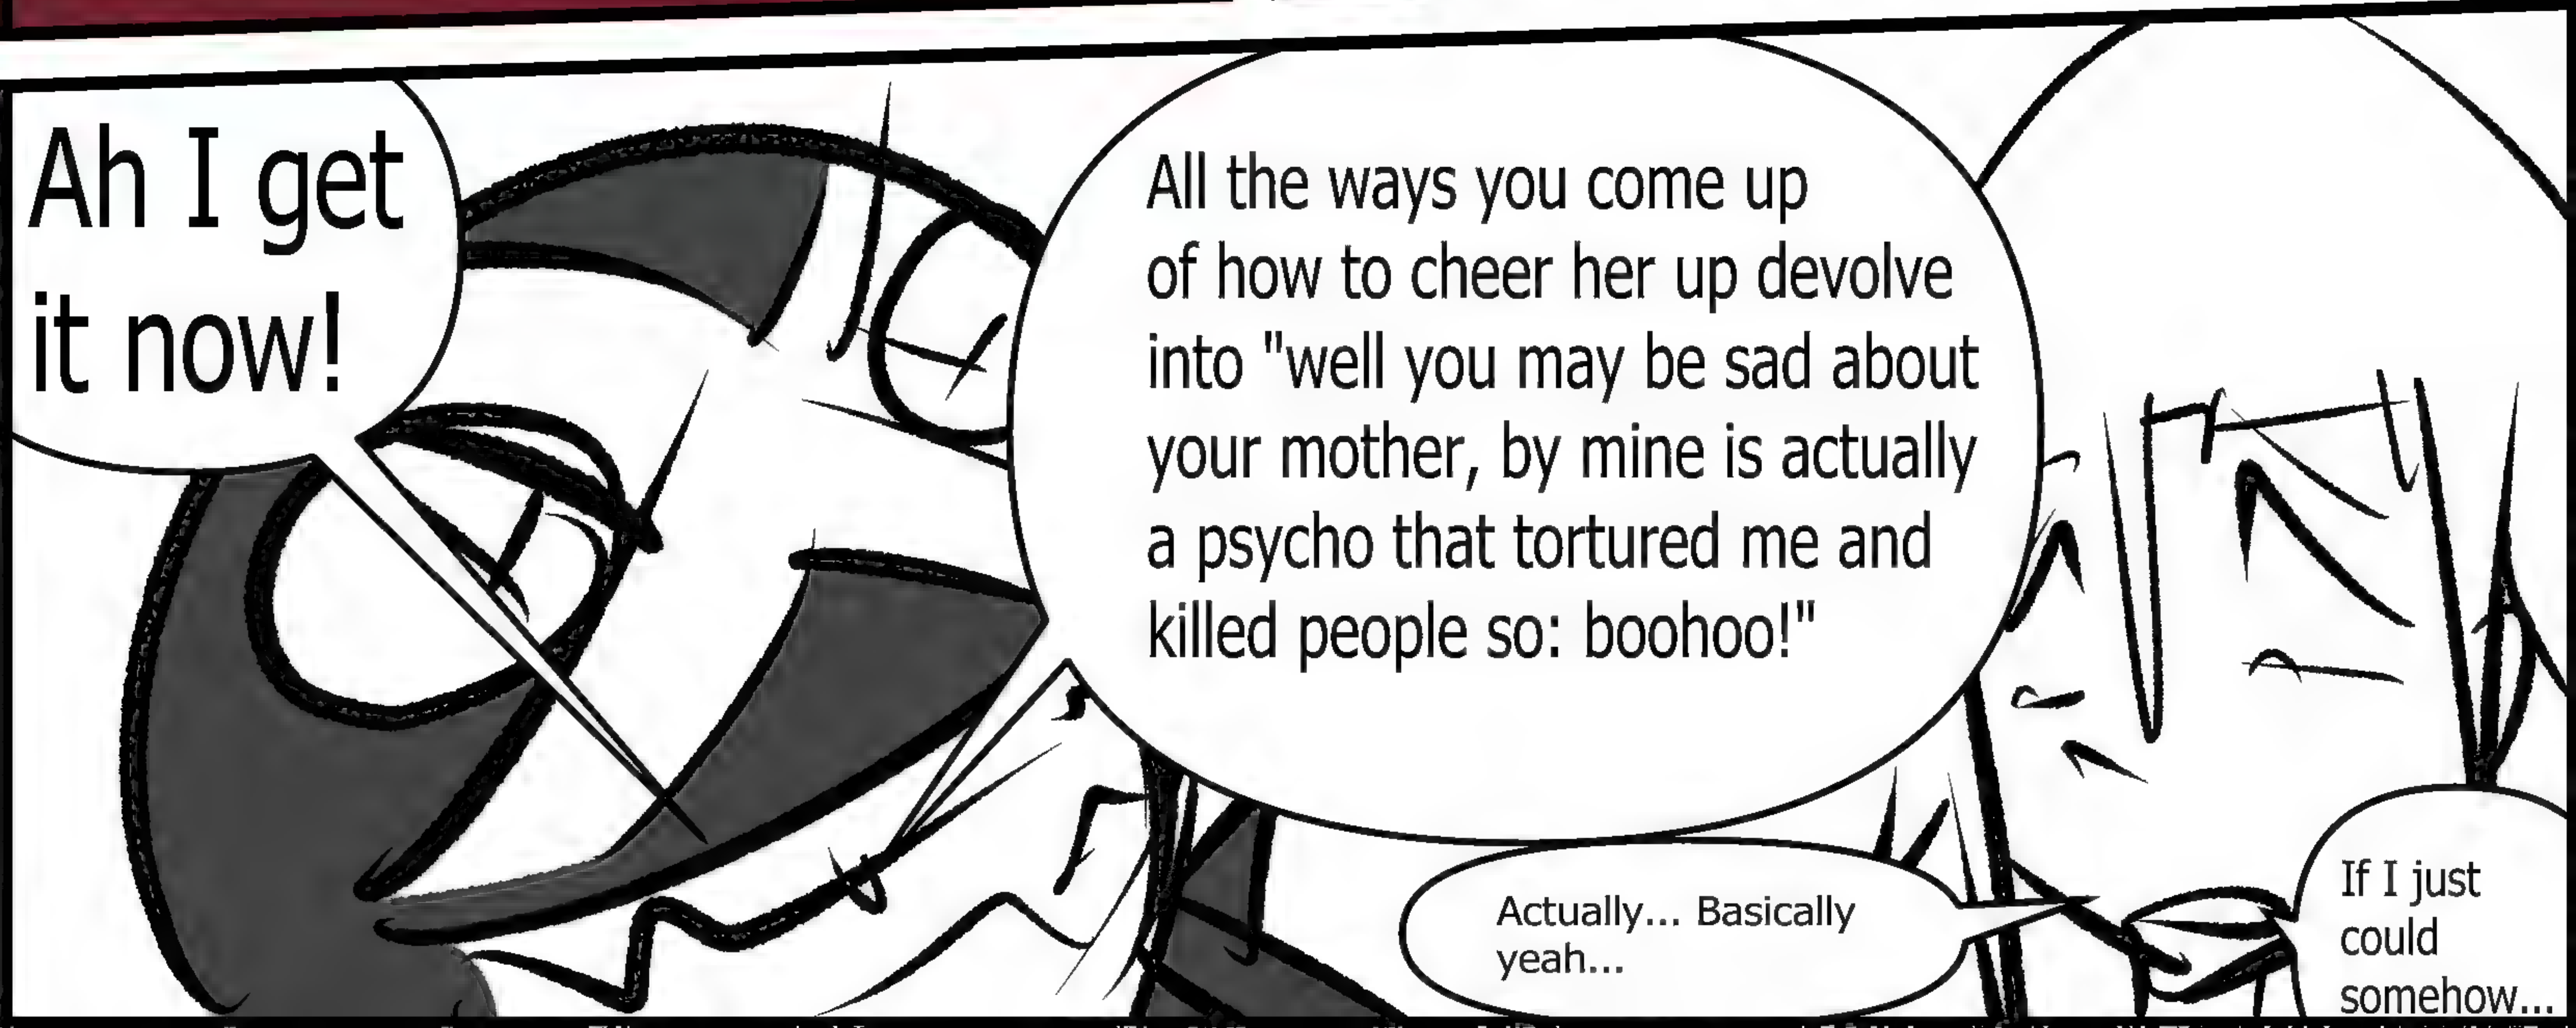

Who said I'm  
joking? guipi!

Medusa... she was a clear evil, there was no ambiguity  
with her, like in a fairy tale or a socially conscious movie

But with her mother  
I don't think she is  
bad, just probably  
different than Maka  
imagined....

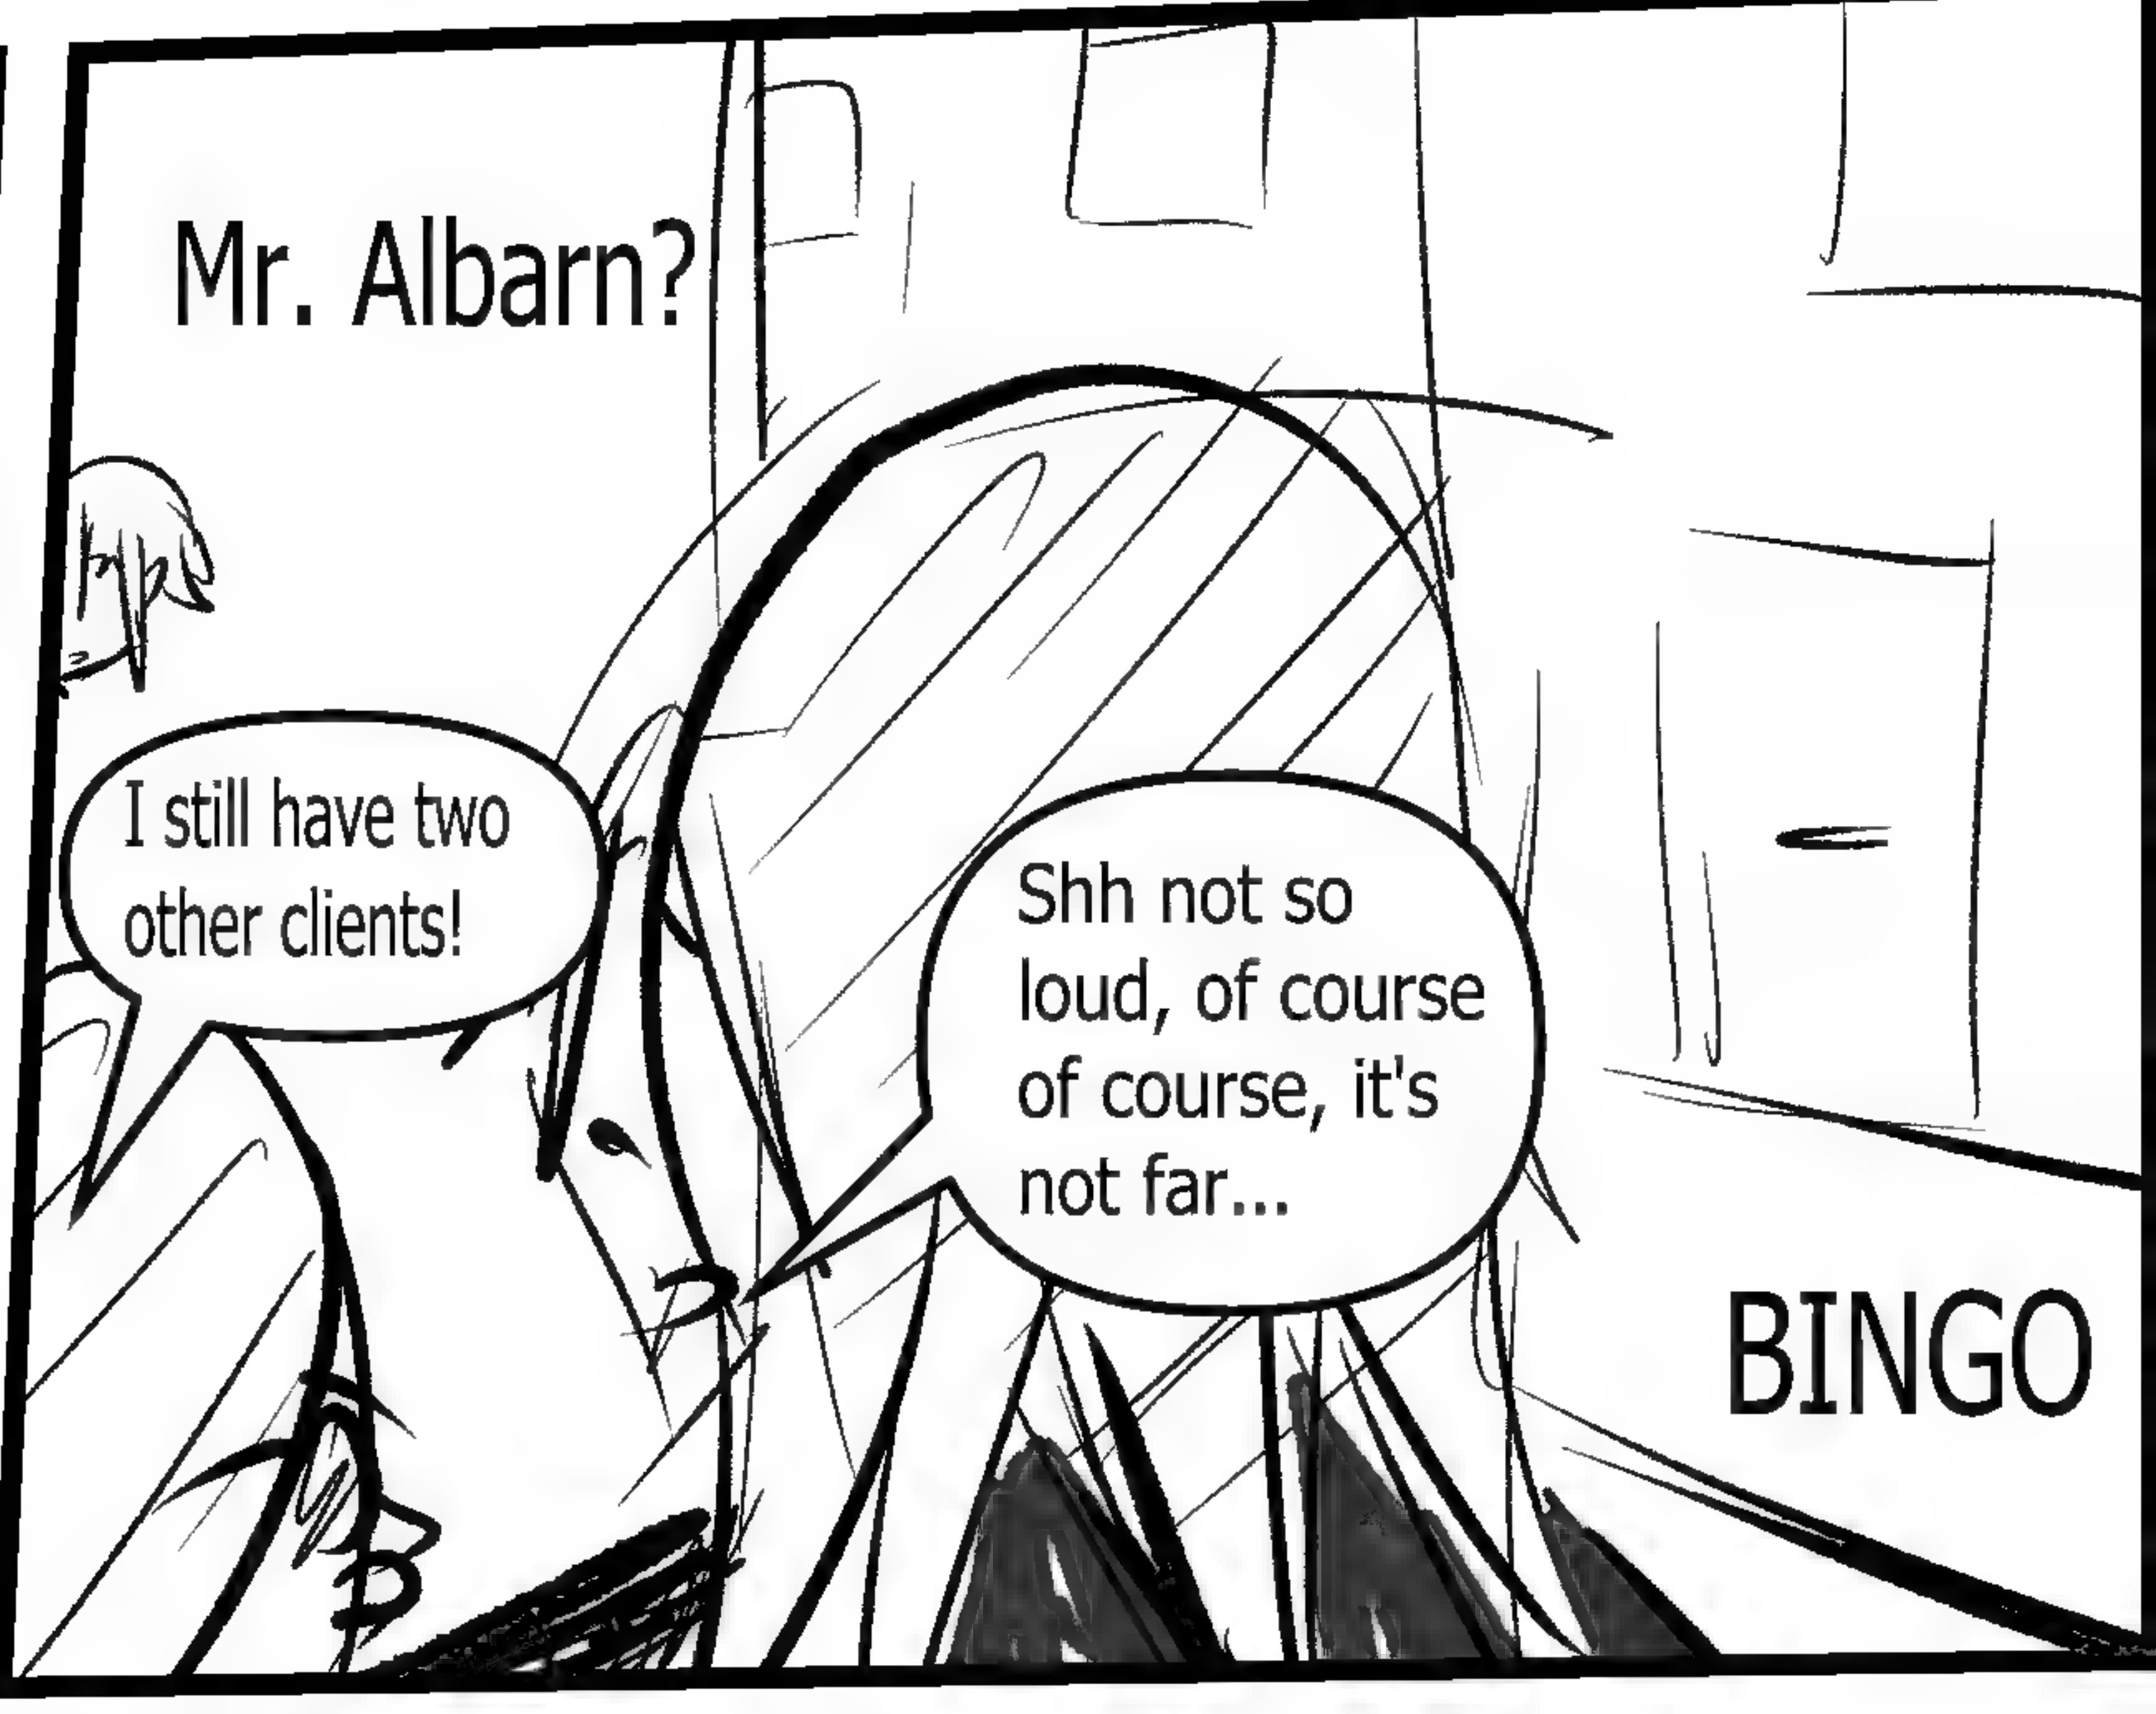

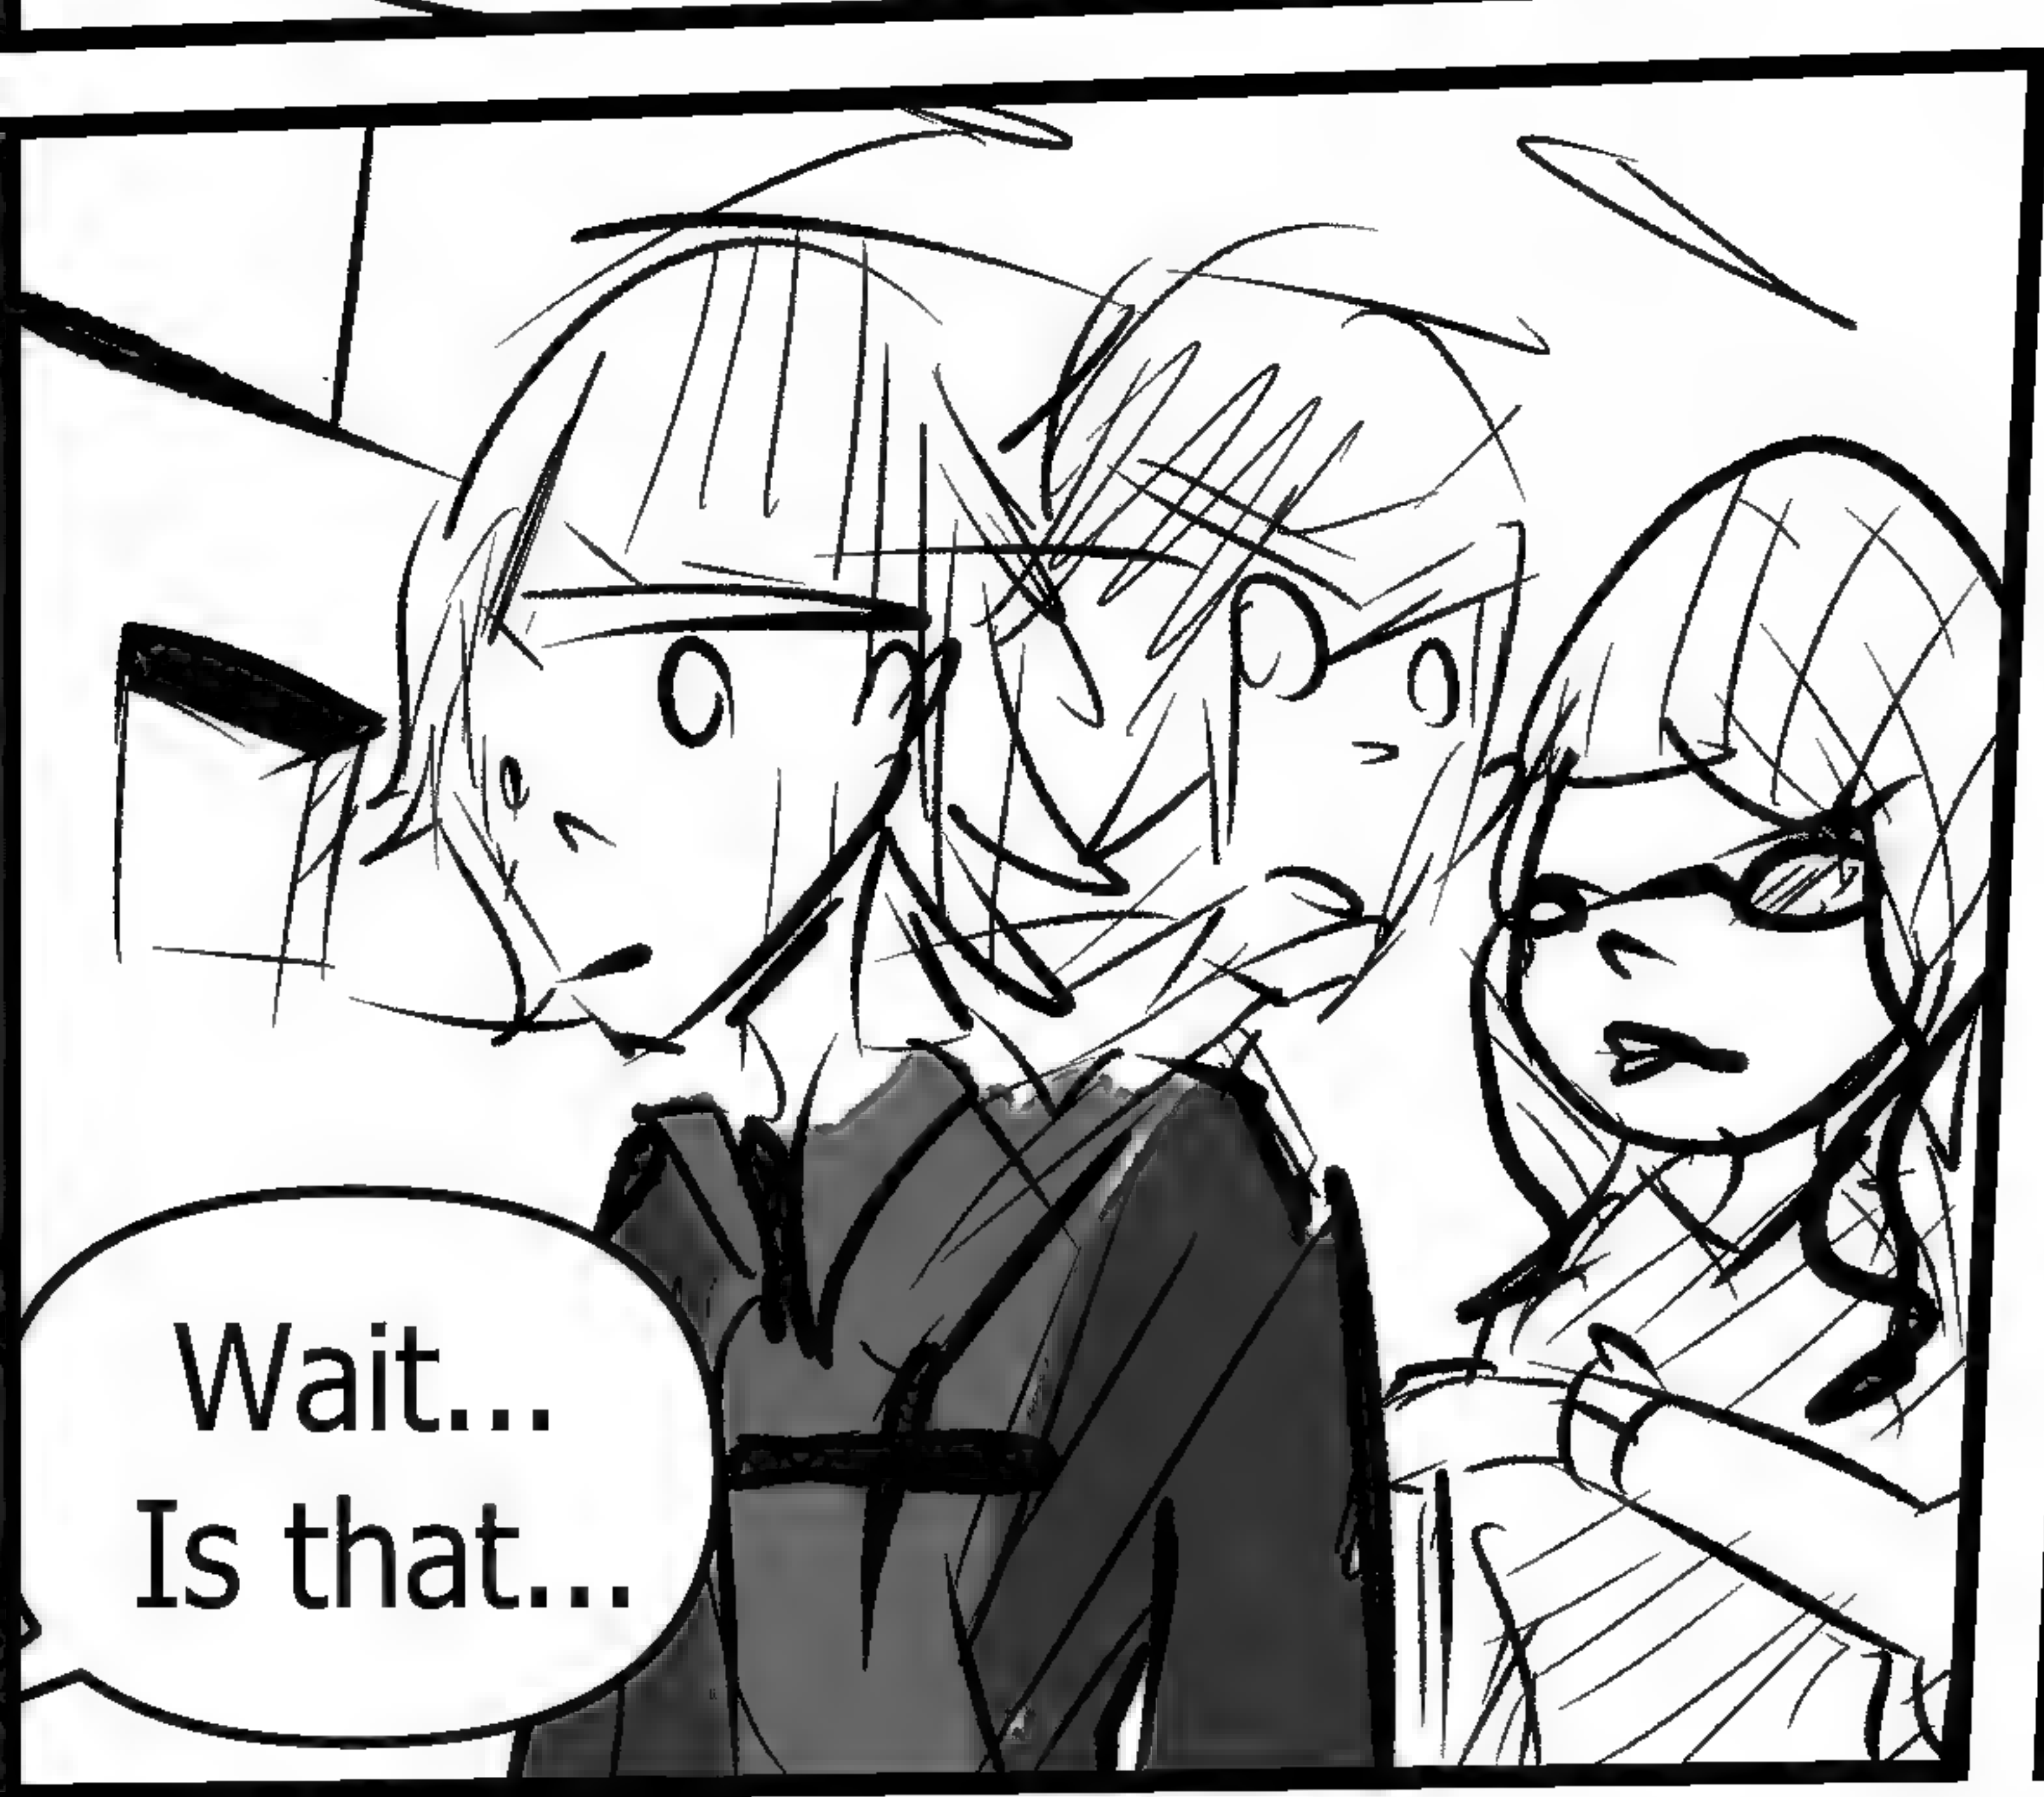

Ah I get  
it now!

All the ways you come up  
of how to cheer her up devolve  
into "well you may be sad about  
your mother, by mine is actually  
a psycho that tortured me and  
killed people so: boohoo!"

Actually... Basically  
yeah...

If I just  
could  
somehow...

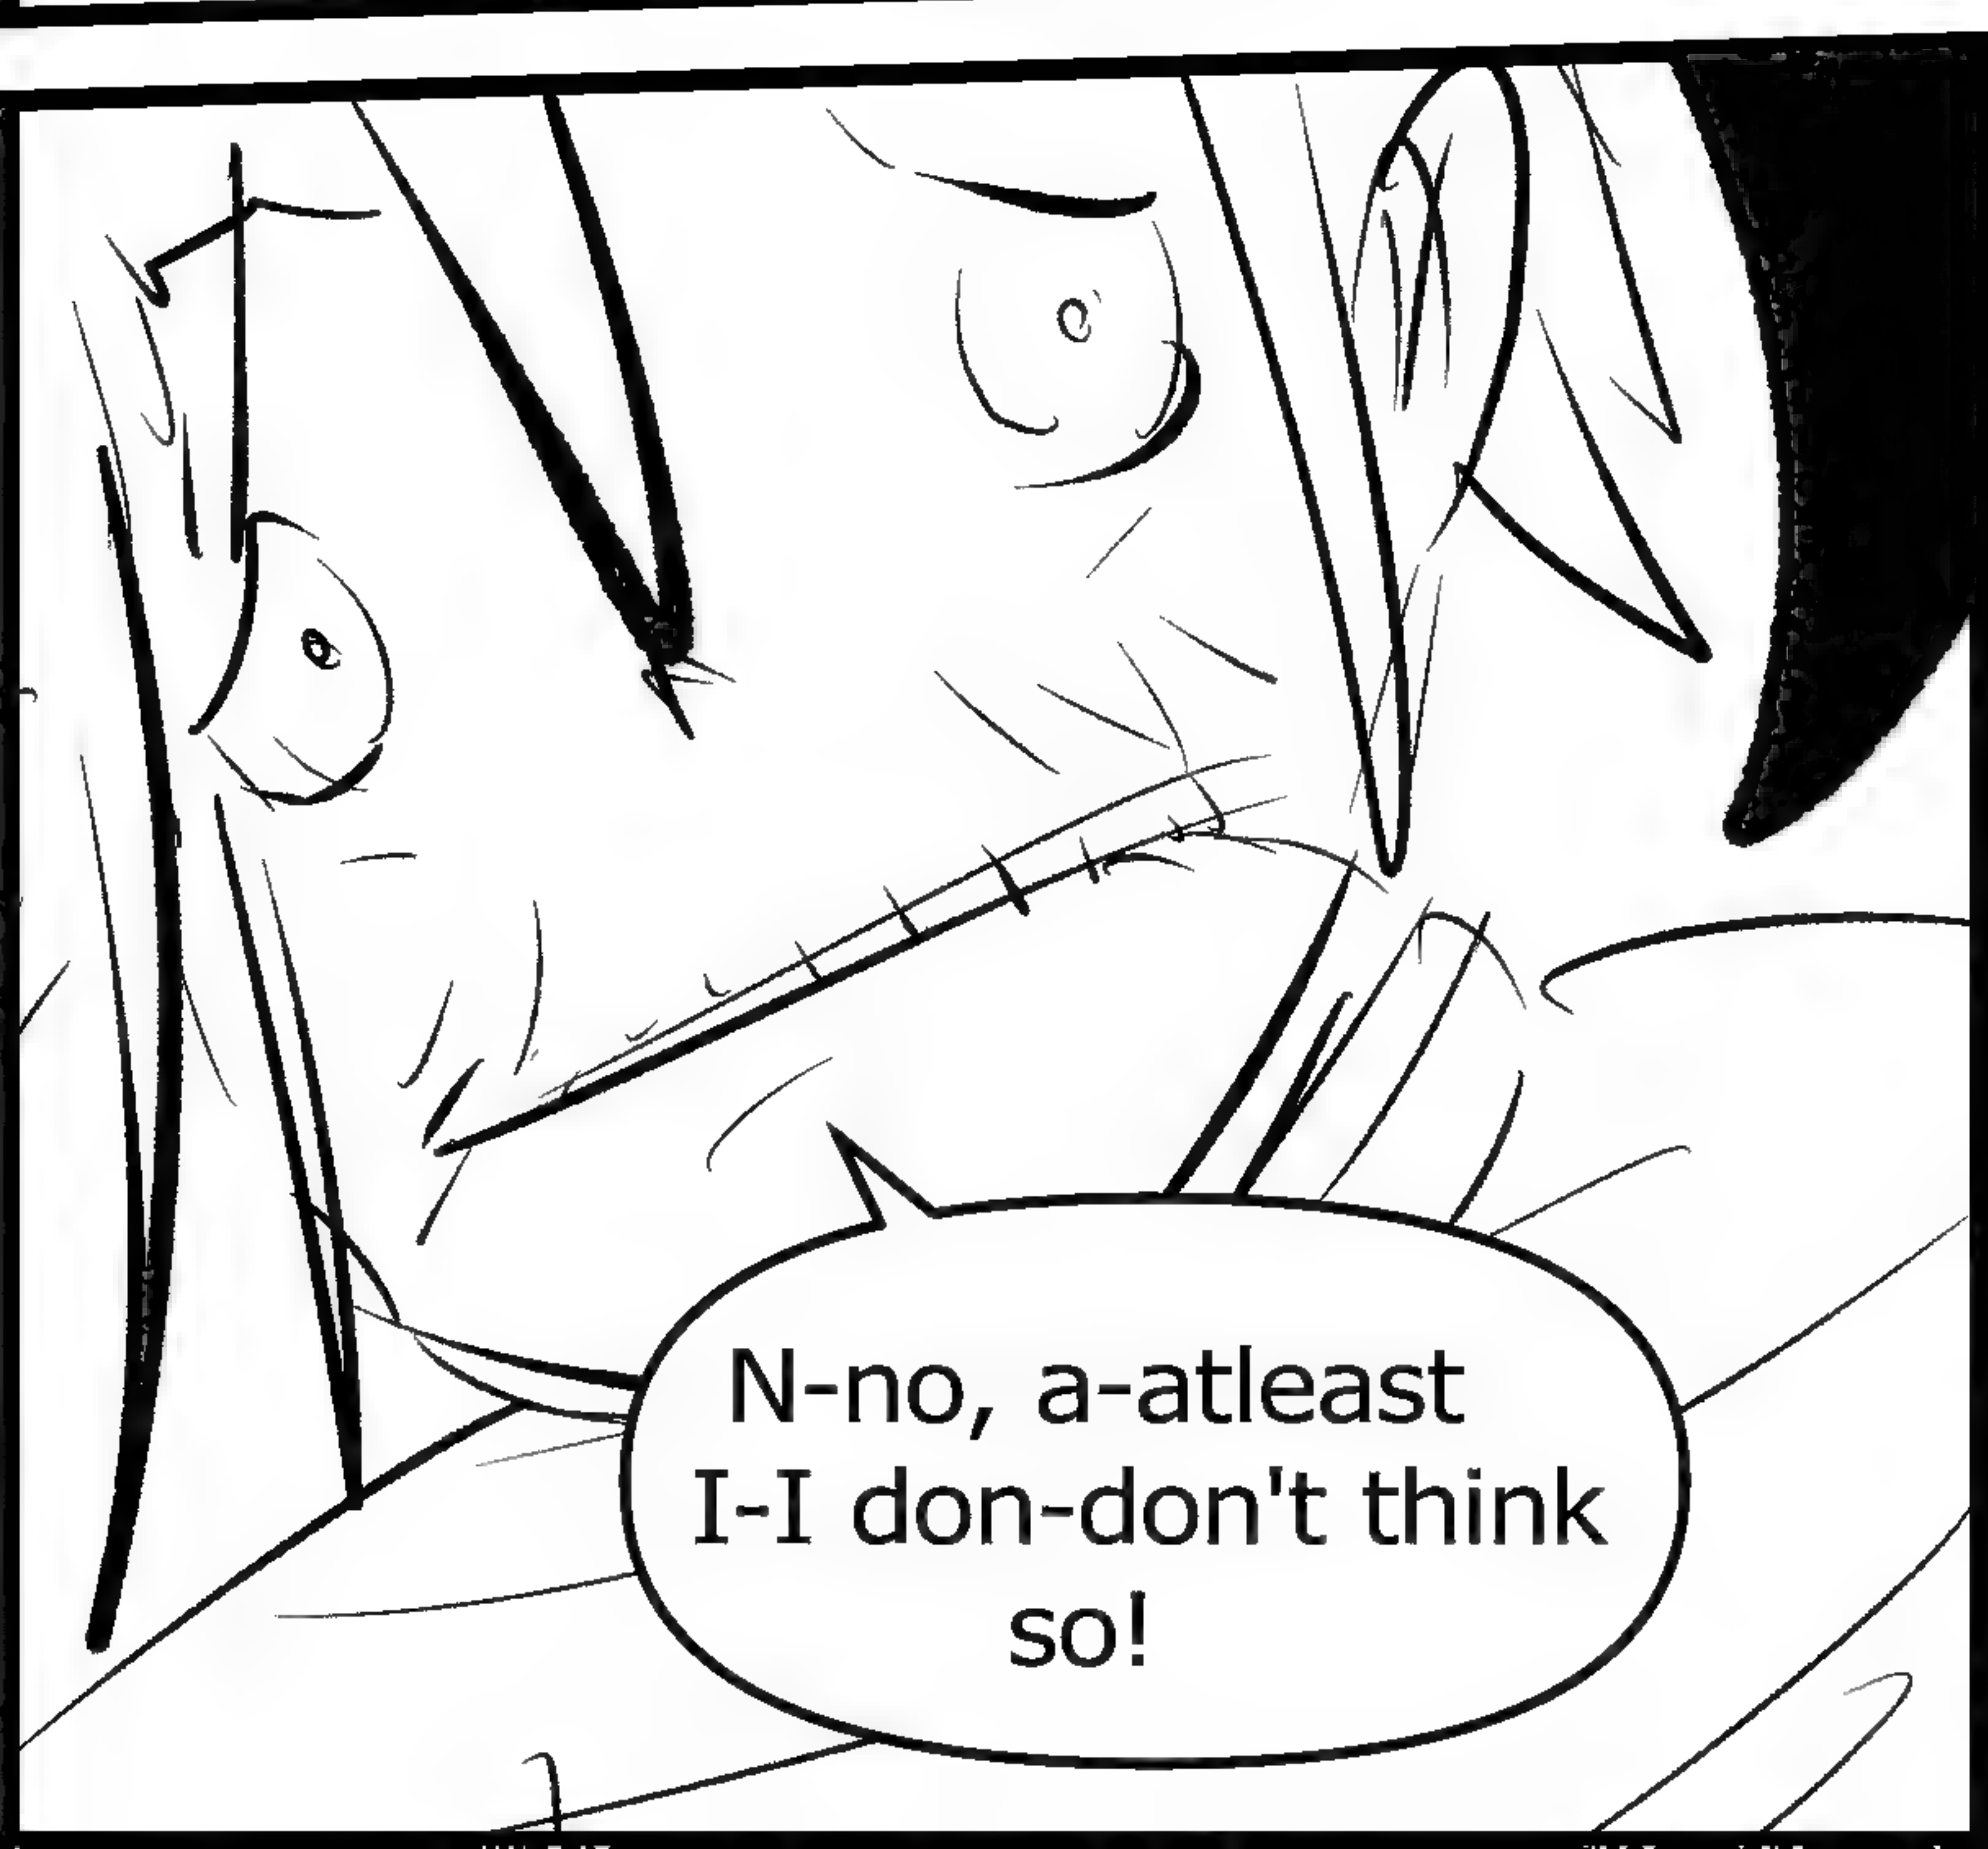

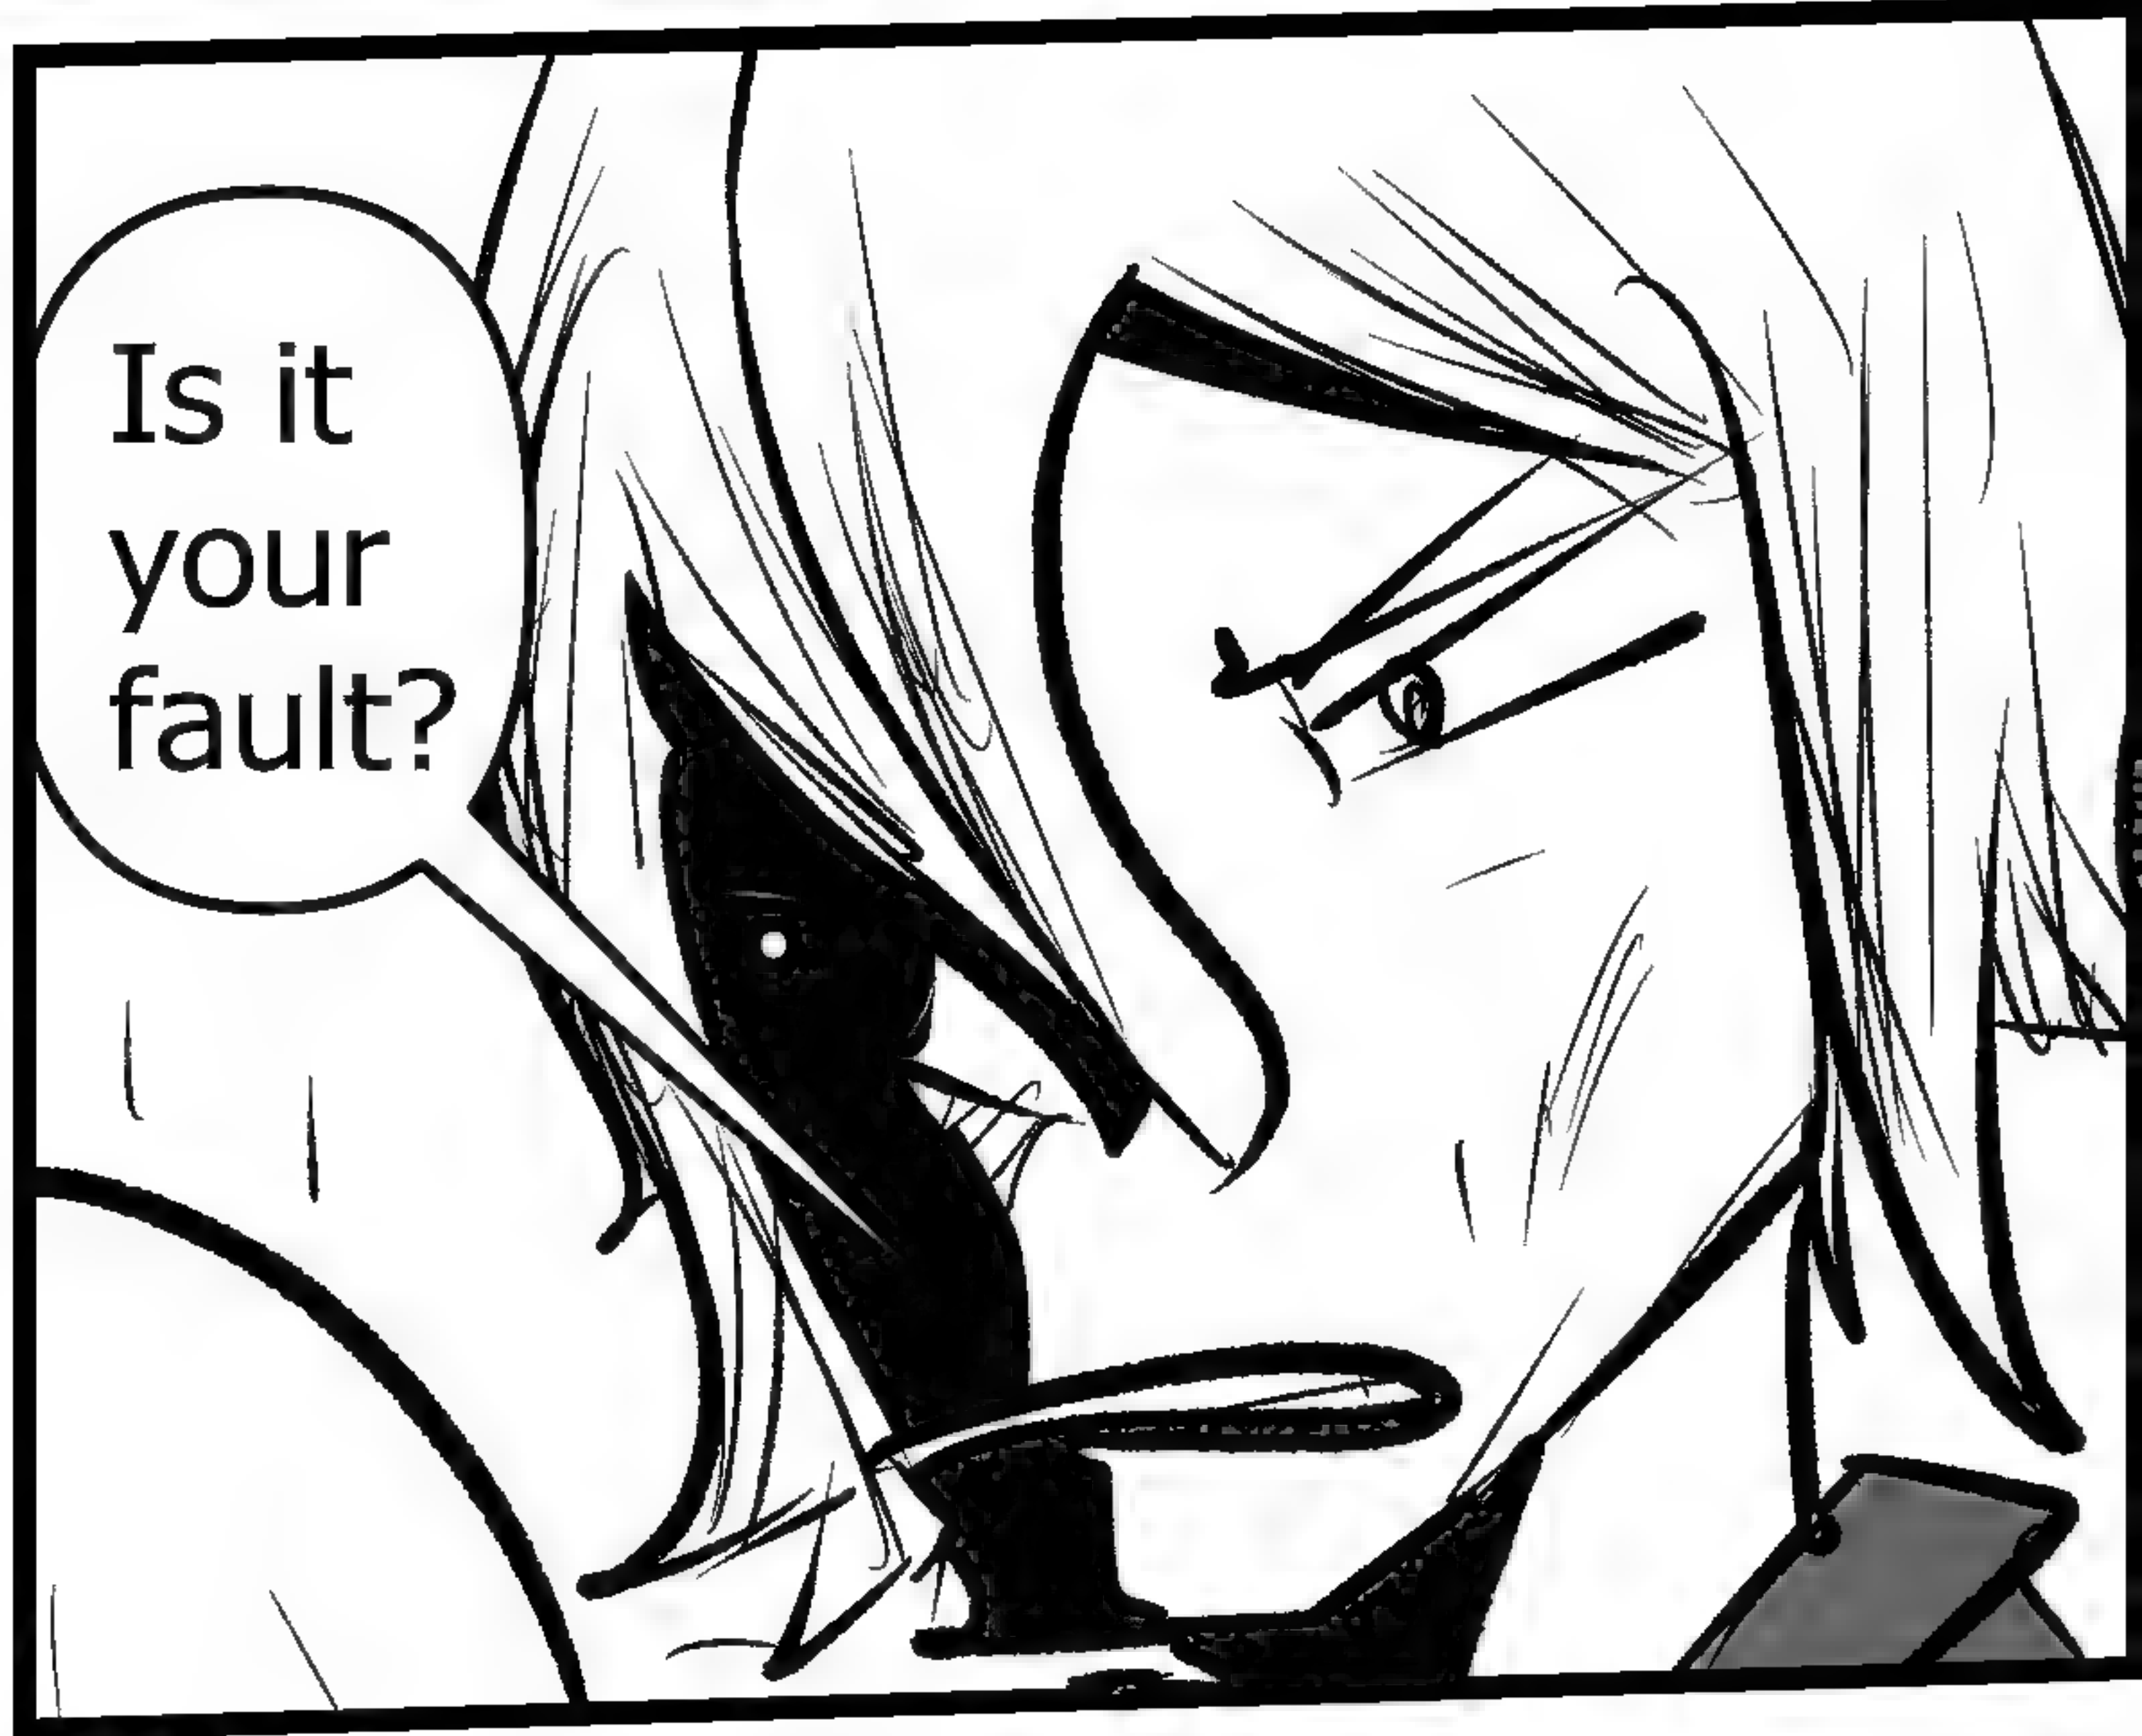

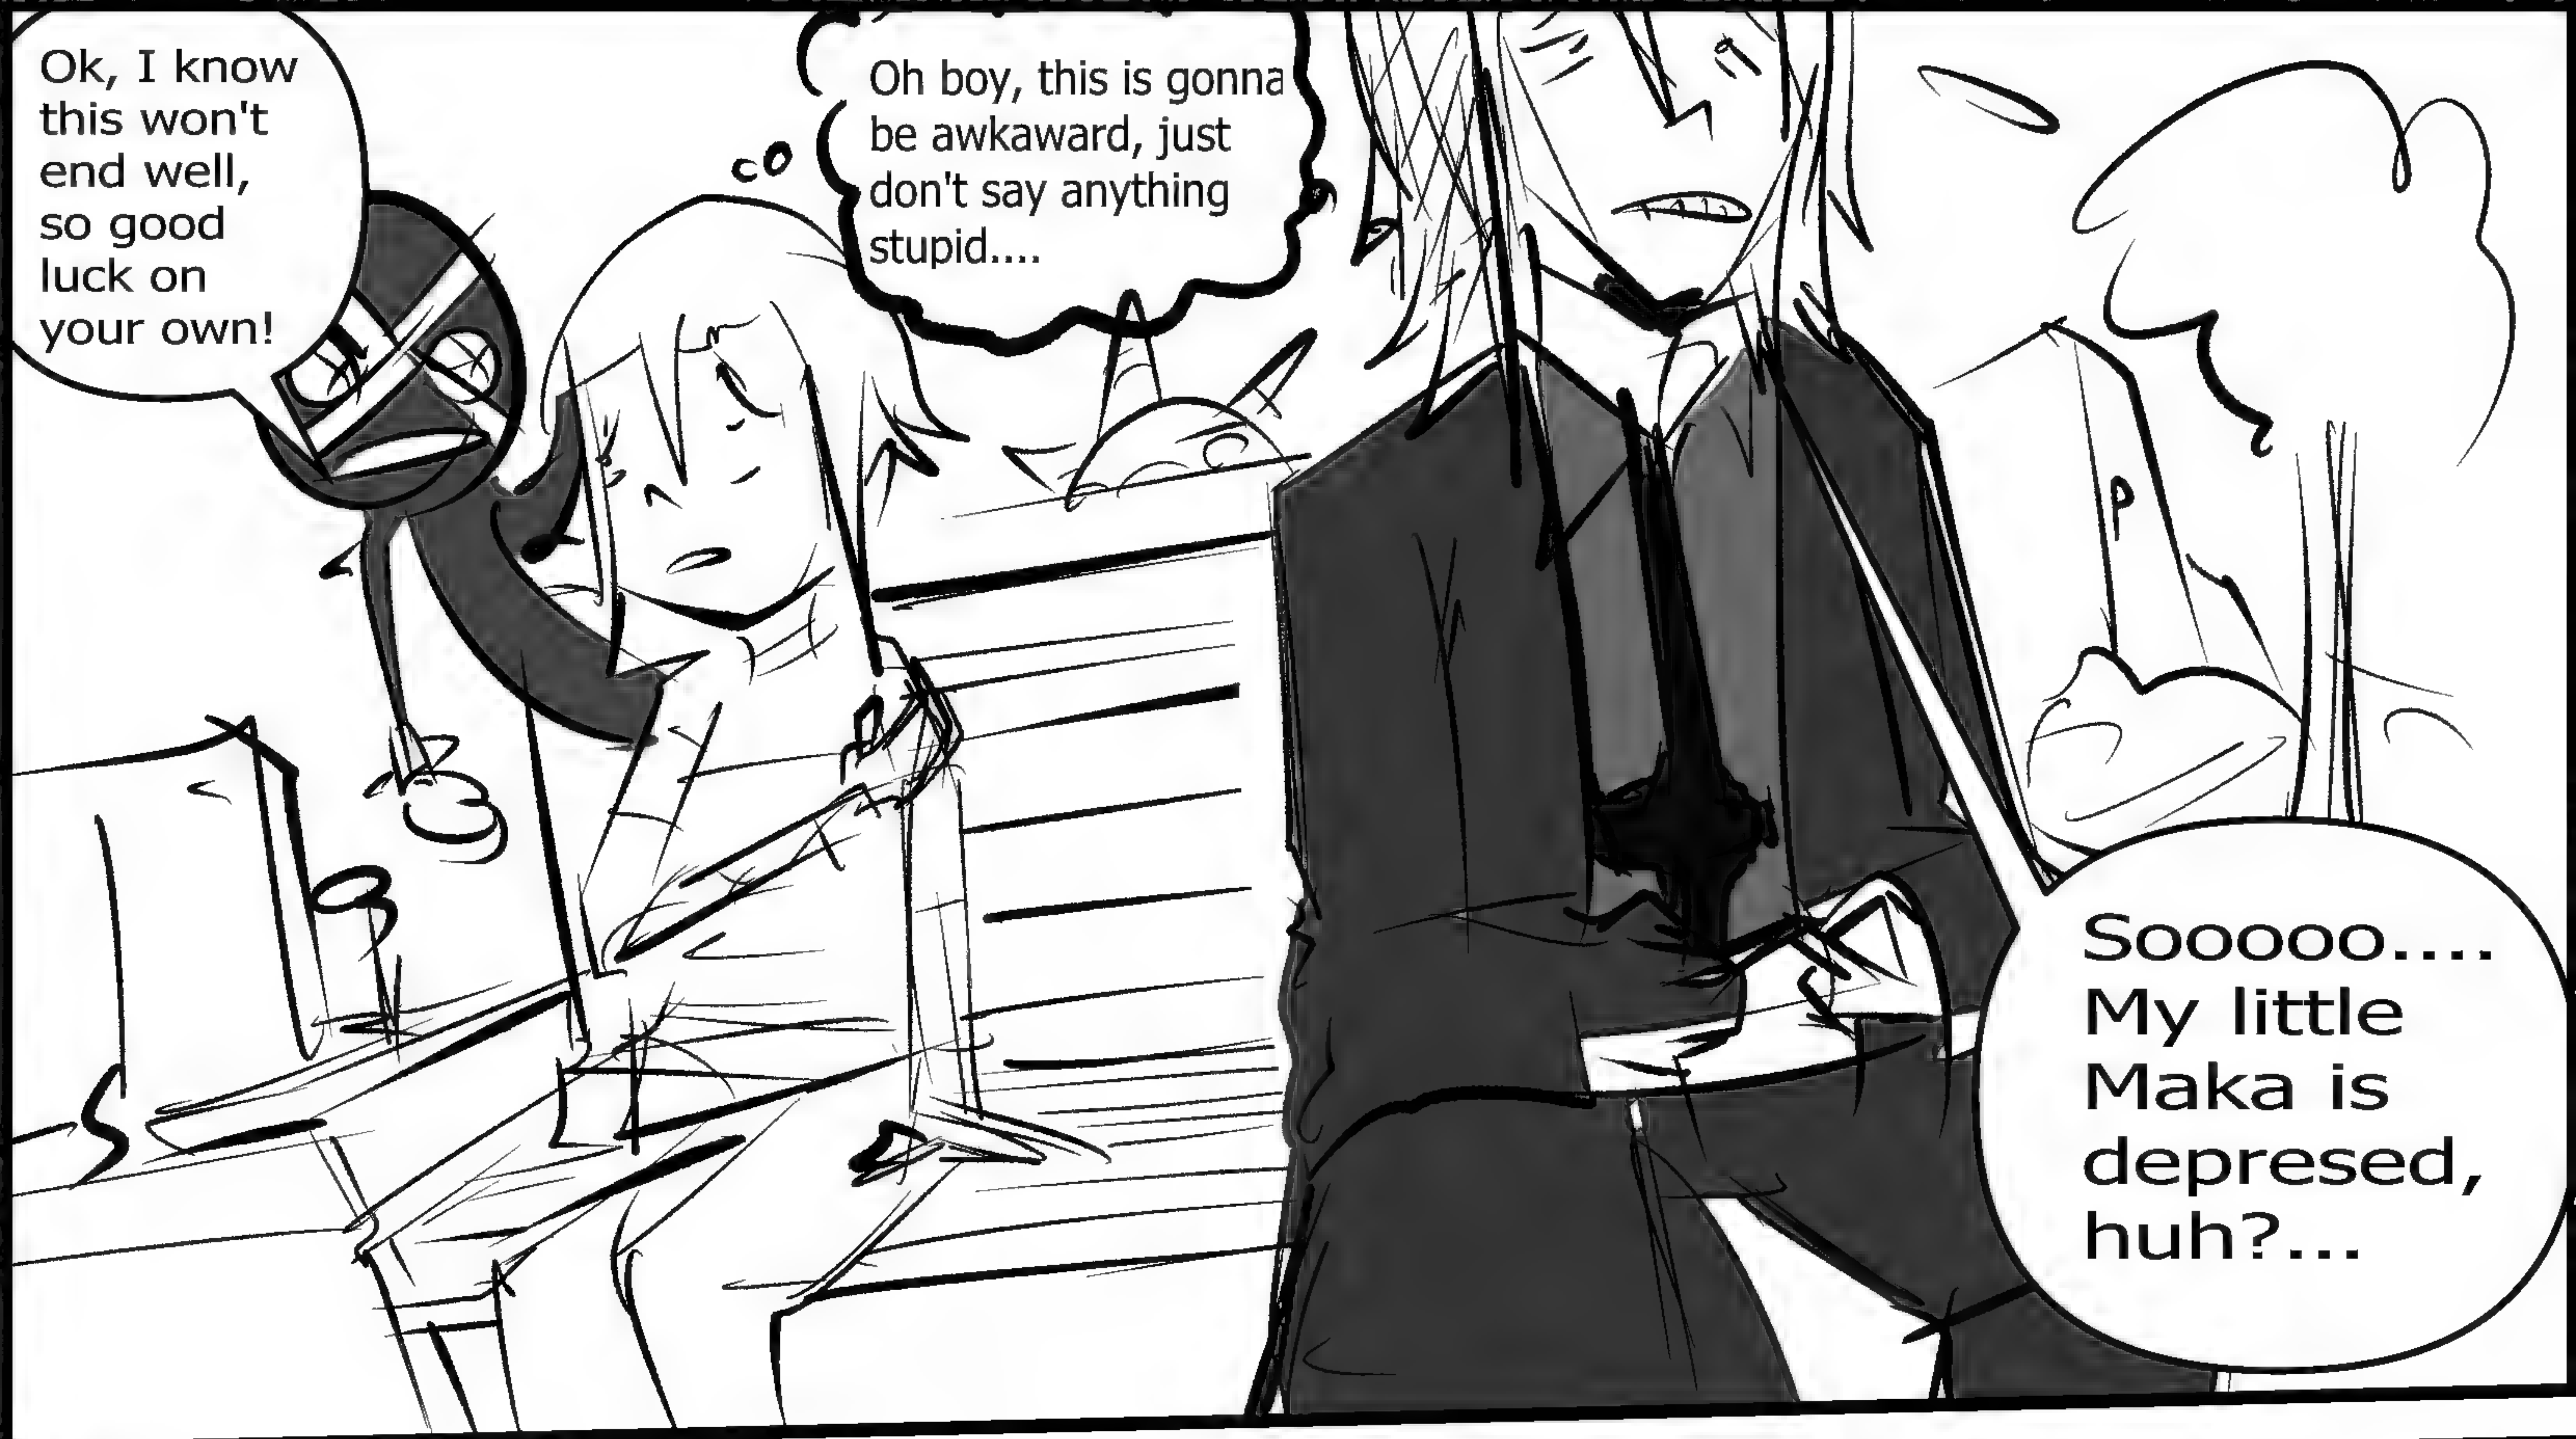

Just joking  
hahaha...

Oh, I'm also  
bad at humor  
sometimes-

It's not  
like you  
ever could  
hurt Maka,  
right!?

I-I I'm so sorry  
for what I did  
in my past, I  
know I'm scum  
and can't be forgiven  
for almost killing  
Maka back at the  
church, I'm bad,  
I'm evil, I'm-

Oh no, I  
made it  
even  
worse

Wait... Yeah  
actually there  
were other  
nonlethal ways,  
like Steins soul  
stitches... So  
that means  
that I almost  
killed a child,  
while I didn't  
know the whole  
situation, for  
no reason?  
That means...

Eh don't sweat it,  
thats allready forgotten,  
old news and all that jazz

And I already got  
my payback by  
cutting you  
while saving her

Oh...  
Good that  
I had my  
blackblood  
to keep me  
alive especially  
when a wavelength  
attack would be  
more harmful to  
me but not to the  
average person

Why do I allways  
have to say  
something...
